Milton High School News

By Janet Elliott

The halls of M.H.S. are again buzzing with conversation and happy laughter. School has re-opened for another year. There is an atmosphere of fresh enthusiasm and determination to "work harder this year." To many of us who are returning, this experience has returned at frequent intervals during the last few years. It has been evident at the beginning of school and following the Christmas and Easter examinations. To those who are coming here for the first time, it is bewildering and confusing.

It is to the newcomers I would like to dedicate part of my column this week.

You, newcomers, are now on the threshold of a "new life." As you stand watching the people around you, no doubt you feel a little lost and ill at ease. This is all so new to you. You have not felt quite like this before and probably feel a little like a cautious butterfly emerging from its cocoon to fend for itself for the first time.

I felt like that the first time I came here. Many of my friends experienced it and dozens of others before us—and before you. Doubtless there will be many to follow you who will feel the same. Gradually you become accustomed to your new surroundings and acquaintances. Often you are going to feel discouraged and disheartened. You may feel as though we older students were "picking" on you and blaming you for the tiniest offenses. We will not be picking on you or being unkind, really. Please remember that we, too, felt like that at one time.

As we became older we began to realize that what we had mistaken for scolding was in reality constructive and helpful criticism. Do not think that we older students are free from criticism, that only the younger ones are reprimanded, because it is not so. We are still learning, too, even if we are three or four grades ahead of you.

I think you will find, if you are co-operative and willing to work, that M.H.S. or any other school, is the grandest place in the world. I hope that you will feel free to come to the older students if you wish advice or help. Your teachers, too, are always willing to aid those who are troubled.

Therefore, to all "Grade Niners" we extend a hearty welcome to M.H.S. and wish you all happy learning.

This year we also extend the warmest welcome and best wishes to our new teachers, Mrs. Meekins, Miss Steen and Mr. Wilson. French and German, formerly taught by Miss Laycock, will be taught this year by Mrs. Meekins. Miss Steen

is taking the place vacated by Miss Carson and will be teaching English, Geography and Guidance. Mr. Wilson succeeds Mr. Calhoun.

The other members of our High School Staff need no introduction, but we all welcome once more to our classrooms our beloved Principal, J. E. Marcellus, Mr. Wood, Mr. Brown and Mr. Roos who complete the male members of our staff. Our lady teachers, Mrs. Deering, Mrs. Stevens and Mrs. McArthur, whom we have had with us for some time, are back with us once more to struggle along with us to the utter discouragement of all at times.

At this writing the number enrolled in the school this year is not available. I shall try to have that information for you next week.

We were all pleasantly surprised to see that during the summer vacation the school has been redecorated. The stage background, which has been blue for many years, is now a bright cheery canary color. The walls in the auditorium are still blue but have had a fresh coat of paint. I know that we shall find our work a little easier in our pleasant new surroundings.

Well, kiddies, I'm afraid that there is not much news this week. Next week will probably find us more settled, with news from every corner.

So long for now.
