

Thelma Hunter

A graduate of Milton High School, Thelma Hunter of Norval recently graduated from Queen's University with two degrees in Arts and Physics, and Health Education.

School Delayed Fear Staggered Classes in Fall

(Continued from Page One)

tration be requested before end of the school term. He pointed out that figures on hand showed about 100 children would be of age for the pre-school classes.

The tender of Harris Stationery and Supplies for usable school supplies for next term was accepted, in the amount of \$2,324.82.

Mrs. Lillian Gowland was appointed to fill the board representative position on the public library board. Judge Monroe recently held the position, but illness has forced him to vacate his seat.

It was agreed to repaint both wash rooms at the J. M. Denes school. Members also decided to have police notified that children were climbing onto the school roof by shinning up a door.

School's 100th Birthday
Mr. Foster explained that the 100th birthday of Milton would also be the 100th birthday of the Bruce Street school. He asked if for the Monday, July 1 celebrations, the school could be opened to former pupils and teachers for a 10 a.m. reunion. Coffee and donuts are to be served, and invitations are to be sent soon to as many former pupils and teachers as possible.

A letter from the centennial committee asked that all public school children partake in a special sports day during the centennial. Approval was granted. The pupils will take part in a parade and sports afternoon on Thursday, June 27, and return to school on the Friday morning to get their certificates for passing.

A letter from Rev. C. Christensen of Milton Full Gospel Assembly asking permission to use the school for vacation Bible studies was returned for more specific information about hours, date, and the number of rooms needed.

Fine Art Display
Payment of \$1,400 to the solicitor of Davies and Davies Builders was granted. The money is payment for a parcel of land bounding the Dick school site.

The display of public school children's art at the week-end Milton Community Art Club show was termed "marvellous" by board members. Trustee Church said many fine comments were heard on the children's work.

Mr. Mills, Bruce Street school caretaker, was commended on putting the school in fine shape during the Easter holidays.

Fire Contracts, 'Educated Dogs' At Urban Board

(Continued from Page One)

truck was empty it was because there weren't any dogs running at the time. He pointed out that each town is visited at least twice a week by the truck. The driver sometimes comes at six o'clock in the morning and sometimes at midnight in an effort to find the stray dogs. Only eight complaints have been given to police since the first of the year, and each of these was fully investigated.

Dogs Better Educated
The shelterkeeper suggested anyone seeing loose dogs should report the street and time of day to police, so that the next trip to town can be arranged at that time.

Some board members suggested that perhaps the dogs were "getting better educated" and knew enough to hide when the truck is in town. Others thought it was the owners who were better educated.

Mr. Pearen invited all members to view the shelter at any time and see what is done with the animals which are picked up.

Discussing the fire area agreements for the four townships, Acton representatives noted Esquesing delegates to a recent council meeting had argued against providing the town with funds to purchase a new truck for the rural district.

Mayor Tyler of Acton said the delegation didn't appear too alarmed when it was suggested they would be without fire protection when the present agreement expires.

Esquesing, he reported, offered to purchase Acton's five year old fire truck and suggested the town purchase a new one. They also explained the township wants to deal with each separate municipality on the fire agreements, and not with the urban board. It was agreed that all three towns set a July 1 expiry date on their agreements, and it is hoped that agreements can be renewed in the near future.

It was agreed that each municipality would petition County Council to have a replacement made for Magistrate K. M. Langdon.

Reeve Stan Allen of Georgetown reported a committee of county council had met with the Attorney-General in Toronto yesterday regarding more fees for County Crown Attorney L. D. Dingle of Burlington. The Hon. Mr. Roberts had suggested that as Halton has grown so large, a full-time Crown Attorney might be the best answer. His deputy is to discuss the matter with Mr. Dingle.

Miss Thelma Hunter Is Queens Graduate

Thelma Hunter of Georgetown, formerly of Norval, graduated May 18 from Queen's University with two degrees in Arts and Physics and Health Education. She is a graduate of Milton high school, where she was quite active in physical education leadership and school sports.

Miss Hunter will begin teaching at Quinte District High School, Belleville, in September.

Joan Wigglesworth Leaves Friday Will Fly to Prestwick on U.K. Visit

Joan Wigglesworth of Hornby, for her outstanding activity in Junior Farmer 4-H club work, has been awarded a trip to Britain. It was announced by T. R. Hilliard, Director of Extension for the Ontario Department of Agriculture, at the Junior Farmer conference held in Guelph in March, that she would be one of four junior farmers making the exchange visit to Great Britain. Comprising the rest of the delegation will be Leone Turnbull of RR. 3, Paris; Allen Scott, R. R. 2, Princeton; Blythe Mack of RR. 1, Erin and J. M. Purvis, instructor and extension specialist at Kemptville Agriculture school, who will act as the leader of the group.

The delegation will leave from Milton Friday, flying B.O.A.C. to Prestwick, and they will leave Liverpool for home via the Empress of Britain on July 19. The first part of their stay will be spent in Scotland, then they will spend one week in northern Ireland, return to Scotland for the Royal Highland Show and then go to England.

Miss Wigglesworth comes from a 150-acre farm where they keep 54 head of pure bred Holstein cattle and a flock of 500 Leghorn hens. The crop rotation includes barley, oats, wheat, corn and hay. The orchard yields apples, pears and plums.

Joan has maintained a high standard in 4-H Homemaking Club work, holding Provincial honors. She has completed 17 projects, acting as assistant leader last year for one project. She also spent two years in a 4-H calf club.

For two years Joan served as president of her local junior farmer club and has also been secretary and treasurer of the county association. In 1955-56 she was president of the junior farmer county choir.

Her experience in junior farmer work includes membership in the Halton debating team in 1955, district camp in 1953, and participation in the county drama festival in 1957.

As is the case with most junior farmers, Joan is very interested in the church, where she teaches in the primary class, acts as president of the choir and for two years was secretary-treasurer of the Sunday school. Fond of sports, she plays basketball, volleyball and baseball.

Set Damage at \$1000 As Car Leaves Road

Police reported damage totalling approximately \$1,000 when a 1957 Pontiac driven by Fred Slessor of Milton was involved in an accident on the Campbellville sideroad Friday afternoon.

Investigating officer Ray Andress said the car ran off the road at the No. 5 sideroad intersection, two miles west of Highway 25 and hit a telephone pole.

Construction began this week on the Brewer's Warehouse in the shopping development behind Martin's Mill.

You Don't Have to Pay Such High Taxes

THE PEOPLE of Halton County are paying higher taxes every year. The present Liberal Government is responsible for this sorry state of affairs.

Facts prove the truth of this statement. Under the last Progressive Conservative Government at Ottawa the federal share of the national tax dollar (total amount raised by all taxes in Canada) was 45 per cent. By 1954, under the present Liberal Government, the federal "share" was up to 76 per cent. Today, still under the iron rule of the Liberal Government, Canadians pay about 80 cents of every tax dollar to Ottawa.

It is apparent from this how the present Liberal Government manages to create its multi-million dollar surpluses. Your money and mine is being used to fill the federal treasure chests while the Provincial and Municipal Governments go begging. Because the last federal budget practically ignored the provinces and municipalities, towns and villages in Halton must borrow money where they can at high rates of interest. As a result you and I are paying much more than is necessary for our schools, roads, water systems, sewers and many other municipal services.

The trouble lies in the present Liberal Government's questionable method of handling our money. This government collects the lion's share of all tax money, then gives occasional hand-outs to the provinces. From the proportionately small amount they receive the provinces try to lighten the financial burden of the municipalities.

I know from talking with thousands of Halton people that they will not put up any longer with mismanagement and extravagance at Ottawa. They realize that a vote for the Liberals is a vote for higher taxes, while a vote for the Progressive Conservatives is a vote for government efficiency and lower taxes.

Yours Sincerely,

Sandy Best

Halton Progressive Conservative Candidate

BEST FOR YOU and HALTON too!
