

HALTON MANOR

Hon. Louis Cecile Says Welfare Close to Heart

At supper-time on Tuesday, November 4th, the residents had the honor and pleasure of welcoming to the Manor the Hon. Louis P. Cecile, Minister of Public Welfare in the Provincial Government of Ontario. Mr. Cecile was one of a number of distinguished guests who called on the residents when they were assembled in the dining-room for their evening meal.

Mr. Stanley Allen, the Superintendent of the Manor, introduced Mr. Stan Hall, M.L.A. for Halton County, and Mr. Hall in turn, introduced Mr. Cecile.

In replying, Mr. Cecile expressed the pleasure he felt in visiting this fine communal Home, one of many for which the province of Ontario is winning fame across Canada and remarked on the happy expressions and alert bearing of the residents. He assured them that their welfare was always close to the heart not only of himself but also of all the Provincial Government officials, and promised to come again as soon as possible.

Included in this group of distinguished guests were Mrs. Hall, Warden Card of Oakville and former Warden Tom Millward of Bronte.

Guides Program

The forming of a living horseshoe and the parading of the Company Colors, followed by the National Anthem, were the first items of an interesting program put on by the Fourth Company of the Girl Guides of the Oakville District on Monday evening, November 3rd. There were about 25 very wholesome and capable girls in the group and they were accompanied by their leaders, Capt. Mrs. Reimers, Lieut. Pat Cross and Company Leader, Joyce Reeves.

The program consisted of a variety of interesting songs, amusing skits and lively dances. It closed with the camp-fire ceremony and taps.

Speeches of thanks were given by Mrs. Stanley Allen and Muriel Thompson, after which some of these very helpful young girls assisted Mrs. Allen in serving ginger ale and cookies.

Euchre Club

Five tables of progressive euchre were in play on Tuesday evening, November 4th, when 10 ladies and 10 men attended the regular meeting of the Euchre Club. The prizes for the month of October were awarded as follows: first prize for ladies' high score, Mrs. Reg Gray, who is a member of Manor staff; first prize for men's highest score, Mr. Reg. Gray; consolation prizes, Mrs. Jessie Morton and Mr. Sam Bacon.

W.I. Entertains

On Wednesday afternoon, November 5th, 17 members of the Ballinacree Women's Institute, accompanied by other visitors from Ballinacree, paid a very enjoyable first visit to the Manor. The men and women residents were their guests on this occasion and a varied program was presented by the Institute members.

The president of the Institute, Mrs. Jesse McEnery, presided over the first part of the program, which began with the Institute song and Prayer. Mrs. McEnery described the location of Ballinacree and spoke of the pleasure felt by the members of her Institute in coming to the Manor for the first time. The roll call was answered with the name of a Canadian author and the title of one of his or her books. Two very interesting moving picture films were shown with Mr. Allan running the projector. The first film depicted the beauty of Canadian National Parks in Nova Scotia. The other film, called Silks and Sulkeys, showed the training of standard bred horses for sulky racing, the fastest growing sport in Canada.

The program was then handed over to the program convener, Mrs. Norman Sinclair. Her first duty was to order "a parade of hats", which meant that all the members had to don old-fashioned hats popular many years ago. A devotional period came next. One verse of each of two well-known hymns were sung in unison. Mrs. Frank Smith read a passage of scripture from St. Luke and gave an appropriate prayer. To illustrate the motto of the day, The Life You Lead is the Lesson You Teach, Mrs. Jesse McEnery read a poem, Myself, by Edgar Guest. The program continued with a community sing-

song and closed with a very amusing reading "Minnie at the Skating Rink", given by Mrs. Robert McEnery.

After the ladies had been thanked by Mrs. S. Allen for this first program so varied, amusing and interesting, a delicious lunch of sandwiches, tarts, and tea was served by the visitors. During the lunch hour piano music was provided by Mrs. Ernest McEnery, at which time Mr. Viggers joined in with the bones. Mrs. Fred Shortall had been pianist for the regular program. The program was heartily enjoyed by the residents and it is their sincere hope that this first meeting will not be the last.

Tour Country

On Tuesday afternoon, November 6th, another group of women residents enjoyed a tour of the country around Milton through the kindness of Mrs. Louis Keene of R.R. 1, Campbellville.

The kindness of the Milton Rotary Club in donating to the residents the surplus candy and peanuts from the Halloween Carnival down town is greatly appreciated.

Scholarly Sermon

A scholarly sermon based on the various sentences that make up our Lord's Prayer, as given in chapter 11, St. Luke's Gospel, was delivered by Rev. E. Orsborn, minister of Knox Presbyterian Church, Milton, at the service in the chapel of the Manor on Sunday afternoon, November 9th.

After pointing out that this prayer might also be very properly called the Disciples' prayer, Mr. Orsborn explained the significance of each sentence. Mr. Orsborn concluded by saying that a prayer like this, uttered sincerely, will be answered and all requests connected with it will be granted.

Manor Concert First for Band

The members of the new Military Band of the Lorne Scots (Peel, Dufferin and Halton Regiment) will make their first appearance in Milton on Thursday evening of next week.

The brass and reed band, under the direction of bandmaster Lt. Elgin G. Corlett, will present a concert for the citizens of Halton Centennial Manor.

PERSONALS

Last week visitors with Mr. and Mrs. Wm. Cole, Victoria St., were Mr. and Mrs. R. M. Noble, Ann and David of Guelph; Mr. Cole's sister and brother-in-law, Mr. and Mrs. Howard Kentner of Georgetown.

At the Oakville-Trafalgar High School Commencement, last Friday night, Mary Wood, daughter of Mr. and Mrs. C. A. Wood, formerly of Queen St., Milton, received a \$200 bursary donated by the Oakville Rotary Club. She is now enrolled in the Secretarial Science Course at Western University.

REMEMBRANCE DAY SERVICE in Nassagaweya was well attended on Tuesday, November 11, when veterans from Acton and district honored their fallen comrades. Pictured above are veterans and guest ministers during the singing of a hymn at the service. Wreaths were placed at the Cenotaph by Reeve J. A. Milne, of Nassagaweya, S. Hall, M.P.P. for Halton and Dr. B. D. Young, of Brookville.

SCOUT NEWS

See Stiff Competition For Industrial League

The town's industrial puck loop got started last Thursday night at the rink and according to the scores turned in the league will show stiffer competition than ever this year. In the opener at 7:30 Gerry's lost to the P. L. Robertson squad 6-5 with Bob Sales netting two for the winners and George Chisholm, Max Bradbury and Graam Gillies adding one apiece.

Gerry's marksmen were Nipper Gervais and Buck Gervais along with Harvey and brother Doug Black notching a pair. P.L.s led 3-1 at the end of the first period and Gerry's lone marker in the second left the score at 3-2. In the third period scoring was evenly divided each club counting three.

The second game of the night at 9:00 showed plenty of real action with a total of twelve penalties being dished out and Ontario Steel scoring two goals in the final minute of play to win 6-4.

Bob Cox scored twice in the first period within 35 seconds to give OSP a 2-0 lead but Ron Anderson for the Dept. of Highways crew tallied at the 19:00 minute mark to post the score 2-1 at the end of the first. John Cunningham scored the only goal of the second period for the Steelers to boost them out in front 3-1 while Currie, Hunter and Hilson tallied in the third and the Highway lads drove

back with Tom Creeghan, Bill Allison and Delbert Vye each counting one.

NOTES: The new entry (Department of Highways) boasts a couple of things quite new to the league in having the first Chinese player in the loop and also one who has only a hook in place of his hand. The players on the club are all survivors with the 401 highway east of No. 25 to No. 8. Wayne Hilson's goal in the final minute of the second game came from a long shot outside the blue line that just caught the post right at the top.

All three of the returnees from last season boast new faces. New sweaters are in the ofing with the Highways slated to have theirs by next week.

LETTER TO THE EDITOR

Curtailed Arrow Program Catastrophe for Milton

Sir: A period of time has elapsed since the Prime Minister of Canada deferred his statement as to the fate of the Avro Arrow until March 31, 1959.

Since this announcement Executives of A. V. Roe Canada Ltd., have expressed their confidence that the Arrow program will be continued, but press releases and magazine articles have pictured a pessimistic opinion that the Arrow is doomed.

While this controversy continues it is apparent that the town folk of Milton seem complacent as they await the final decision.

Would be Catastrophe The Prime Minister will probably receive recommendations both pro and con from his military advisers and we trust that politics will not be a factor in establishing Canada's Air Arm for the future.

A decision to curtail the Arrow program would be a catastrophe to the inhabitants of Milton and most surrounding municipalities and I can not fathom why the press, our town Council, religious and community leaders refrain from making this topic number one on the agenda as regards public affairs.

Use Once Only

I am not a military expert but I do know that the Bomarc missile exclusive of its firing base is about one third the cost of a complete Arrow and it can only be used once and cannot be aimed with any accuracy at objects lower than 5,000 feet.

We are all aware that the Bomarc is exclusively electronically operated and with the knowledge of how radar stations can be jammed, radar interfered with by tin foil and other tricks of the trade we wonder if they could cope with a manned bomber attack.

Delaying Action

To replace the Arrow with the Bomarc and the F100 series American plane, commonly called the widow maker as they have killed so many test pilots, would leave me

with the thought that Canada could be a delaying action in order to preserve Detroit, New York, Chicago and other large American cities.

I would ask the people of this town and their leadership to investigate the merits and demerits for the continuance of the Arrow program keeping in mind a decision to cancel production on this aircraft would result in mass unemployment causing a slump in our economic structure, a serious effect on our merchants and religious bodies, but above all the safety of

our people and country from a planned bomber attack.

"Disastrous" As to cost I can only quote ex President Harry S. Truman when he stated at the American Legion convention in Chicago.

"It is wicked — not only wicked but disastrous — to say that we cannot have the strongest of defenses without bankrupting our economy."

Yours truly, Roy G. Stuart, 332 Mt. View Dr.
