

Annual Blind Picnic Field Meet in News

On Wednesday afternoon, June 17, four persons connected with Halton Manor had the pleasure of being guests at the annual picnic arranged by the Canadian National Institute for the Blind for the registered blind of Peel and Halton Counties. The picnic was held on the spacious grounds at the rear of the lovely home of Mr. and Mrs. Crenville Davis on Main St. S. in Brampton. The four persons were Mrs. Ruth Tinline, Miss Muriel Thompson and Robert Preece, all residents of the Manor and Mrs. Murray Bridgen of Hornby. Mrs. Bridgen is Mr. Preece's daughter. Through the kindness of Miss H. Tremayne of Milton, the four guests were taken to the picnic by automobile.

When all the guests, who numbered well over 100, had assembled on the lawn, official greetings and a warm welcome were extended to all by several officers of the C.N.I.B. These included Wesley Stanley, who is Field Supervisor of the C.N.I.B. in Peel and Halton Counties and by John F. Isard, who is on the Advisory Board for Halton County.

group of residents back to the Manor after a wonderful afternoon. During the afternoon it was a pleasure for the residents to meet and chat with Mr. Lister, who is the vice-president of the Oakville Senior Citizens' Club of Oakville.

Altogether it was a very enjoyable and unique experience and the part played in it by the generous Kiwanians and the refreshment committee of gracious ladies will be long remembered.

Topic "Frustration"
 Rev. D. A. Powell, rector of Grace Anglican Church, Milton, came to the Manor to conduct the church service on Sunday afternoon, June 21. Mrs. Kay Waters came also to play the piano for the singing of the hymns. Having read the first eleven verses of Chapter 14 of St. John's Gospel, Mr. Powell stated that these verses contained some of the most inspiring words of Jesus, the most striking of them being: "I am the Way, the Truth and the Life."

Mr. Powell then stated that he would like to make the topic Frustration the subject of his sermon. Defining frustration as the feeling we experience when we fail to reach our goal through failing to overcome the hindrances on the way to the goal, Mr. Powell stated that frustration has its place in strengthening our characters. Obedience to Christ's commands and living His life frees us from the frustrations of life and releases within us a great power for Christian living.

LADIES' NIGHT was marked Thursday by the Milton Chamber of Commerce and Sandy Best, M.P., was guest speaker with an illustrated talk on growing lilies. Following the meeting, Mr. and Mrs. F. David Thomson are seen chatting with the speaker and president Art M. Desjardine, right.

Prizes Awarded

With the aid of a loud speaker a short program of contests was conducted. Prizes for the best balloons blown up were awarded to a lady, a gentleman and all the children competing. Prizes were also awarded for a lucky spot walk. The oldest lady and the oldest gentleman on the grounds and the lady and gentleman having birthdays nearest to June 17 also won prizes. Mrs. Ruth Tinline of the Manor group won the lady's prize for the nearest birthday, her birthday being June 25. The prizes for the contests were presented by K. Y. Dick of Milton.

A very delicious and bountiful supper was served to the guests, who were seated at long tables on the lawn. During the supper hour the guests enjoyed sweet band music supplied by the 34 piece band of the Originals Club of Toronto, Lieut. J. D. Wilson conducting. When leaving for home each blind guest was presented with a carton of groceries, a box of chocolates and a rosebud. The happy faces of the blind and their escorts proved how heartily this annual picnic conducted in such a generous fashion and in such beautiful surroundings, had been enjoyed by all present.

View Field Meet

On Saturday afternoon, June 20, 25 residents of the Manor had the unique experience of being spectators at the Track and Field Meet held at Oakville High School for ten public school in the Oakville-Trafalgar area. Their presence at the meet had been made possible by the Kiwanis Club of Oakville and in particular by Keith Warren, chairman of the Senior Citizens' Committee of the club, who acted as convener. The residents were transported to the grounds of the Oakville High School by bus and upon arrival they were seated in a suitable spot from which to watch the races and other events of the meet.

Meet Vice-President

Later in the afternoon, the residents travelled by bus again to Victoria Hall where a lovely lunch was served in very attractive fashion. The gracious ladies who served the lunch were Mrs. Warren, Mrs. Stoddard, Mrs. Johnson and Mrs. Sinclair. Early in the evening the bus brought the very happy

Tipson Touring

By Carol Lane
 Women's Travel Authority

Ever since Cleopatra chose linen for the sails of her Nile River barge, women have been calling the turn on style and comfort in travel. Nowhere is the woman's touch so evident as in the design of today's cars.

In recent years, women have steered car designers toward important changes in both car's interior and its mechanics. If the disastful driver hadn't put in her two cents' worth, cars probably wouldn't have glove compartments, inside lighting, assist straps, floor carpeting, ample baggage space in the trunk compartment or non-skid tires.

The Low Look
 The designing female has affected car design in other ways, too. Car manufacturers listened to women's pleas and answered with the light, low, stream-lined car currently on the road. Women's need for cars that were easier to handle resulted in modern power assists in steering, brakes, window lifts and seat adjustments. In an effort to simplify women's driving, manufacturers introduced automatic transmissions to replace clutches and gearshifts.

Milady's other suggestions resulted in wider doorways, lower steering wheels, larger back-up lights, more adjustable sun-visors and glove drawers in place of conventional compartments. Two ash trays in the front seat were introduced to eliminate her need to reach so far; the door button was redesigned to preserve her fingernails; broader windshield expanse was added.

Horticultural Notes

Prepared by the Milton and District Horticultural Society

Making a new perennial bed or border was mentioned some weeks ago and the method was given to prepare the soil. One can often obtain roots from friends for fall planting, but a feeling of greater accomplishment prevails if you start many of your own from seed.

Some of the perennials or biennials which can be started are hardy pinks, sweet williams, hollyhocks, gailardias, lupins, pyrethrums, forget-me-nots and delphiniums.

Lawn Care
 Perhaps this is as good a time as any to mention the lawn. As the hotter weather comes along, the grass should be left at a greater length to prevent burning the roots. If you are ambitious and like the job of lawn mowing, an application of sulphate of ammonia at the rate of one pound to 200 square feet of turf will keep the grass growing during the hot months.

Mix it with a few quarts of dry sand to facilitate even distribution and broadcast when the grass is dry. If you can do this just before a rain, so much the better.

MILTON PUBLIC LIBRARY REGULATIONS

All residents of the town of Milton may apply to the Librarian for a reader's card, which shall be issued on the completion of an application and on the payment of ten cents (10c). The reader's card shall be renewed every three years by a new application and the payment of a further ten cents (10c).

A Reader's card shall entitle a person to borrow books from the Milton library, in such numbers and for such periods of time as the board may decide at its discretion.

Non-residents of the town of Milton may apply for a reader's card, which may be issued on the completion of an application and upon payment of such annual sum as the board may decide upon, which sum shall be not less than the per capita grant from the town of Milton.

Provided that non-resident children attending school in Milton may apply for a reader's card which shall be issued on the completion of an application and upon payment of ten cents (10c), and provided that non-resident children not attending school in Milton may apply for a reader's card which shall be issued on the completion of an application and upon payment of twenty-five cents (25c).

Lost card will be re-issued on the payment of a further ten cents (10c).

A fine of three cents (3c) per library day, per card, shall be charged for overdue books, with a maximum fine of one dollar (\$1) per card provided that the fine for elementary school children shall be 1c per library day per card with a maximum fine of 50c per card.

The privilege of borrowing books from the Milton Library may be suspended on failure to return books and/or on the failure to pay any fines which may be due.

Wondering

Do you ever wonder
 About the folks you meet,
 The ones you see every day
 On a well travelled street?
 Do you ever think
 As they pass you by
 Are they really happy
 As happy as I?
 Some put up a good front
 When they give you a smile
 But deep down inside them
 They find life not worthwhile,
 Others look like their hearts,
 Are filled with strife
 And to them this must be—
 A most miserable life,
 Then there are folks with
 Love in their hearts
 And a helping hand to lend
 These are the ones I'm sure must
 have
 Lots and lots of friends,
 So next time you wonder
 About the folks you meet
 As you stroll down the streets
 they've trod
 Remember the only happy man
 Is the one who lives with God.

otherwise it will require a good watering.

Of course you have heard of the experiment of spelling out your name with the fertilizer. It usually works and adds a bit of interest to an otherwise monotonous chore.

A word about cutting your grass—especially with the power rotary mowers—never cut it in the same direction twice as this leaves ridges and an uneven look.

THANK YOU . . .

I WOULD LIKE TO THANK ALL THOSE WHO SUPPORTED ME AT THE POLLS JUNE 11, ALSO THE MANY PEOPLE WHO WORKED SO HARD ON MY BEHALF DURING THE ELECTION CAMPAIGN.

Sincerely,
Owen F. Mullin

LIBRARY NOTES

BY T. J. B. ANDERSON

The new regulations which are published in this week's Champion have been drawn up in connection with the new system of reader registration and book issuing which is to be introduced on July 2, 1959.

It is hoped that this new system will eliminate a lot of unnecessary work and that it will prove more convenient to the borrower. The working of the system will be explained personally to each borrower.

The cost for non-residents has been fixed at \$1.25 and this includes the 10c charge for the reader's card.

During the summer, members of the library may borrow books for extended periods of time. It is regretted that this privilege cannot be applied to new books, or to books which are in constant demand.

The average salary of full time teachers in Canadian universities and colleges is \$7,136 at the present time.

WHERE'S CHARLIE?
