WHY?

A careless moment at the wheel . . . and look! Remember school's open. Drive carefully. Please!

Mr. Motorist:

NEARLY 1,500 MILTON
CHILDREN ARE RETURNING
TO SCHOOL NEXT WEEK

Your Children Are Going With Them!!

DRIVE CAREFULLY

FOLLOW THESE RULES FOR SAFE DRIVING

- Be doubly careful near schools or where children play. Children don't realize the danger and may take chances. That's why you, the driver, must take extra care.
- Slow down. Speed is dangerous at any time — doubly dangerous when visibility is cut by rain, fog, or darkness.
- Keep lights and windshield wipers in good condition during rainy or snowy weather. You have to see danger to avoid it.
- Keep your car in top mechanical condition. Use chains when roads are slippery. Check your car, check accidents.
- Obey traffic laws. Know the traffic laws wherever you travel and don't break them.
- If you drive, don't drink—if you drink, don't drive. Remember, death takes no holiday.
- Be a courteous driver. Yield right-of-way, even when it should be yours. It's better to stay alive than to be dead right.

SCHOOL TIME IS SAFE DRIVING TIME -- THE CHILD YOU SAVE MAY BE YOUR OWN

100 Will Die

Warn of Labor Day Traffic

Nearly 100 Canadians will be killed and several thousand injured over the Labor Day weekend unless more than the usual precautions are taken.

Experience of past years indicates that most holiday deaths and injuries result from automobile accidents, according to records of the All Canada Insurance Federation.

Use these suggestions for the forthcoming weekend:

1. Make sure your car is in good mechanical condition before starting out on long trips.
2. Check that driving permits and identification cards are in an accessible place.
3. Don't overload the car with people or baggage.
4. Split long journeys into easy stages to avoid fatigue.
5. Stop frequently for coffee, something to eat, or a few minutes' rest.
6. If you are tired, but can't stop overnight, pull over to the side of the road and have a nap until rested.
7. Study in advance the different driving rules of the cities, provinces or states in which you will be travelling.
8. Travel more slowly through unfamiliar territory.
9. If you have a blowout or other mechanical failure, continue slowly until you can pull off the road.
10. Set out flares when you make repairs at night; don't block other drivers' view of your car lights.
11. Keep speed always within

safe limits, especially at night or on wet highways.

12. Make the return trip only when you are well rested.

Nine Returning To "Sunshine"

While thousands of other Halton County students return to elementary and high schools next Tuesday, nine Acton and Milton district children are anxiously awaiting their return to classrooms at Milton's Sunshine School for Retarded Children.

Sunshine's fifth school term begins on Tuesday. The school, located in Milton, is to serve pupils from all of North Halton. There are six Milton and three Acton students enrolled, but to date none have come from Georgetown. Secretary Mrs. Allan Howard, Robert St., Milton, is still accepting registrations for this term.

Half, Full Days

The five to 11-year-olds take half day classes, while 12 to 18 year olds have both morning and afternoon classes.

Mrs. R. P. Jeffares of Campbellville is principal of the school, with Mrs. Jean Mitchell of Campbellville assisting.

SMALLER DEFICIT

Canada's deficit from current transactions in goods and services with other countries was \$1.112 million in 1958, compared to \$1.400 million in 1957.
