LETTER TO THE EDITOR

Thanks to People of Milton For the Wonderful Reception

Mr. Bruce Hood, The Canadian Champion, Milton, Ontario.

Dear Bruce,
Thank you so much for the papers which were forwarded to me. Would you be good enough to print this thank you note to the people of Milton.
Marcel Lalonde and I would like to say thank you for the wonderful reception accorded the Allied Rockets of Ottawa in your recent tournament. There are so many people to mention and so much to remember but thanks to Art Snarr and his group, the McCuigs, Dancocks, McDuffes, Griswolds, the referees, Dr. Stevenson and nurses of the hospital, the Canadian Legion for the use of their facilities, the Rebekah Lodge for their tasty meals, all those people

who made our stay such a memorable one. Our boys were treated like kings and they are still talking of the people they have met. If the town of Milton is not known around Ottawa, it is not the fault of my crew. They are ready to go again next year even as spectators as most of them will be in a higher calibre of hockey.
I do hope that the people responsible for the tournament will have it again next year. What a wonderful source of publicity for the town, the city fathers and merchants should back it to the limit.

Once again, may I say thank you to the people of Milton for Marcel, my players and myself. Hope to see you again next year.
Bob Lalonde, Coach, Ottawa Allied Rockets.

Area Anglers Capture Trout Contest Prizes

Continued from Page One

The Champion checked several District fishing spots on Sunday morning, and the answer from all fishermen was the same — "the fish just aren't biting!"

Although the fish entered in the contest were not oversized, two beauties were hooked at the Campbellville pond over the weekend. Neither was eligible for the contest because the rules stated the fish must be caught by local residents.

Two 23 Inchers

Gordon Stumpf of Kitchener had a 23 1/4 inch brown on Saturday morning and Robert J. Ellicott of Toronto pulled a 23 inch brown out of the pond Sunday morning.

Another fish seen this week was a 23 inch speckled trout which Al Wallis of R.R. 3, Milton caught at Haliburton Sunday. While not close to a record for speckles, it was a dandy size and certainly unmatched in local waters.

Although the contest is over (fish had to be caught either last Saturday or Sunday) the Champion would still be interested in a story about successful anglers. Phone the Champion if you hook a big one.
