

INSURANCE INSPECTORS and local firemen carried out a successful "blitz" of residential and commercial establishments in Milton and Burlington on Monday, checking all premises carefully and reporting any true fire hazards to the managements. Above, inspector Jim Preston of Pilot Insurance and fireman Murray Currie look over the boiler operation at Halton Creamery, accompanied by Joe Ellis of the Creamery staff. Seven inspectors and 10 firemen handled the all-day blitz as part of part of Halton's fire prevention week activity.

Accept 99.39 Bid

County Sells \$750,000 Issue

Halton County Council confirmed the action of its finance committee on Thursday of last week in accepting the bid from the Royal Securities Corporation Ltd., and the Imperial Bank of Canada for \$99.39 on the five and three quarter per cent. \$750,000 debentures as the county grant to the Joseph Brant Memorial Hospital, Burlington.

A further grant of \$234,000 will be made available based on the completion of an extra 39 beds. The bid accepted by the county finance committee was the highest of five bids received on the issue.

Will Seek Grant

Warden D. Sargent, Georgetown, advised the committee that the Georgetown Hospital Board had filed its first application for grants from the provincial and federal governments and on receipt of approval would be requesting the first quarterly grant from the county.

Oakville advised their 1960 assessment had been completed on the basis of the D.M.A. Manual.

Study Welfare Officer

Reporting on an earlier suggestion from Acton representatives that a county welfare officer be appointed, the committee explained studying the program in 12 other counties. They found only two had a welfare officer on a full time basis. "Your committee have considered this matter at some length and are convinced that some action should be taken towards the appointment of a County

Welfare Officer. However, since a large proportion of the work will originate with the Halton Centennial Manor Board your committee decided to discuss the matter further at the next meeting of the Manor Board."

Award Tenders

Contract for the construction of the McAlpine Bridge in Nassagaweya was let to Isaac Sauve for \$6006.00. Mr. Sauve was the low bidder.

Holman Construction Ltd., low bidder, was awarded the tender over four bidders, for the supplying and hauling of granular base course material for roads in Nelson and Trafalgar.

Trafalgar Motors Ltd., Milton, received the tender for a heavy duty dump truck on its low tender of \$8557.05.

50 Young People Enjoy School Group Hayride

By Mrs. Cecil Patterson

More than 50 young people, members of the Inter-School Christian Fellowship of Oakville-Trafalgar high school held a hayride on Friday evening. All gathered at the home of Misses Ruth and Barbara Break and journeyed on two hay wagons drawn by a tractor in charge of Garry Break. Garry gave them a fine long trip (about 15 miles) after which the young folks gathered around a bonfire at the Break home to enjoy singing hymns and playing games.

Paul Hanson of Thos. R. Kennedy high school, Cooksville, was the guest speaker and gave an interesting talk on the meaning of the I.S.C.F. crest. To finish a pleasant evening, lunch of hot dogs and cider were served. The proceeds after expenses are to be used to help support a missionary in South America.

Fete Newlyweds

The neighbors and friends of Mr. and Mrs. Earl Bentley (Judy Hamilton), recent newlyweds, gathered in Boyne school on Friday for a presentation party to honor these young people. A social time was enjoyed by all and the gifts—a handsome chair and blanket—were much appreciated by Early and Judy. We join with their many friends in extending best wishes for a long and happy married life. They will reside in Milton.

Sincere sympathy is expressed to Mrs. Jack Simpson and her mother, Mrs. Ivan Gumbert of Milton, in the passing of a dear father and husband.

Missionary Writes About Congo Trouble

Mrs. R. T. Barber of Woodward Ave., Milton, recently received a gripping letter from her sister, Mrs. Edythe Rees, who with her husband is doing mission work in the Congo republic near Matadi.

Mrs. Rees told how the trouble in the Congo was all around their mission station, and explained how the missionaries were luckily attending an out-of-town conference when the mutinous troops passed through their area, committing atrocities on all whites they found. "We would have received it (the molesting) too, but for the grace of God," she writes, for the mission is on the Matadi-Boma road and "certainly the political dust has not settled as yet."
