that a considerable number of delegates should have come from Halton county to this trade conference. With the many and diverse industries in our area, and the residence within the county of business leaders working in the centres of Toronto and Hamilton, Halton can indeed muster a wide variety of industrial and commercial talent.

The conference is going to be followed by increased liason between Canadian trade commisin the corresponding period. Nevertheless, there is much more on the question that is often ask- Sunday afternoon, January 15, healed in that "self-same hour" to be done. Hospital Opening

an institution like this hospital, with more than 200 beds, facilities for the Red Cross, the V.O.N. and other organizations, is a result of co-operation in contributions, both financial and organizational, at many levels. The federal and provincial govern ments contributed well over one million dollars to the construction of the hospital. Halton county council has also made a most significant contribution.
