SQUARE COWS
The barn is no place for rock 'n roll or jazz. Cows don't like it, said a dairy industry representative in Salt Lake City. "That music tightens the cow's glandular system and deters milking," said Will A. Foster of the American Dairy Association. "Waltz music produces much better milking conditions," he told Utah dairy farmers.

THE REBOUND is taken by Jim McKeillar for the Milton High junior team while Scott Howard stands by in last week's Thursday contest with Acton. The boys played their best game of the season despite their loss and will be looking for their first win against Georgetown today (Thursday).
