ROTARY'S \$5 BANQUET Tuesday attracted 203 to the Masonic Hall. Shown discussing the Rotary Park project after the banquet are Rotary president Howard Griswold, Rotary District Governor H. Rodgers, guest speaker Rev. Richard Jones and Rotarian D. A. Powell.

At \$5 Banquet

200 Hear Rotary Speaker

Russia or any adversary will never be able to overwhelm us if our communities have integrity of government, good school systems, good community spirit exemplifying service above self and deep religious convictions, Rev. Richard D. Jones told 200 guests Tuesday at the Rotary Club's \$5 Banquet.

In his address Mr. Jones, a representative of the Canadian Council of Christians and Jews, portrayed all Canada as a horse-shoe and every community in Canada as a nail in that horse-shoe.

Good Government

The speaker emphasized that "we are in tremendous competition today with a way of life that is opposed to everything

we stand for. If we're going to hold our own with the U.S.S.R., we've got to have good local government. Too much lately, I've been reading in my Canadian papers of situations that do not measure up to that standard of integrity.

"We must have the best possible school system. We've got to have more than nine out of 100 entering university. There shouldn't be one youngster in town who has university ability who doesn't get there because of the cost."

"Take Your God"

In dealing with the requirement of a community spirit, Mr. Jones stressed that all should work together and place service above self. "There is no place in

our communities for anti-Catholic, anti-Jewish or anti-New Canadian feeling when you are facing an adversary that would take your God and your way of life away from you."

Finally, the speaker emphasized the need in a community for deep religious convictions.

The speaker was introduced by John Oster and thanked by K. Y. Dick.

Lease Parkland

At the opening of the program that followed a delicious banquet, Rotary President Howard Griswold reviewed the program of Rotary including the international ties, the student exchanges and the community work carried out by the club.

Grant Variance To School Board For Expansion

The Committee of Adjustment gave permission for the Milton Separate School Board to build a school addition to within five feet, six inches of the north lot line, in a hearing Wednesday evening, in a hearing Wednesday evening, in a hearing Wednesday evening.

Board chairman A. N. Keilty explained the addition was to include two classrooms plus two smaller teachers' rooms, to be built on front of the existing school. Committee members noted the school was in existence four years before the zoning by-law had been passed.

Dr. C. C. Lucas, whose property is immediately north of the planned addition, lodged no protest and the variance was granted.

John Wingrove Kinsmen Prexy

John Wingrove was named president of the Kinsmen Club of Milton for 1961-62, in an election held at the club meeting Monday evening. The new president will take office in September when Georgetown Kinsmen will hold a joint installation ceremony with Milton.

Other officers named in a close election were vice-president George Chisholm, second vice-president Glenn Bouman, secretary Laurie Durnan, treasurer Ray Morrison, registrar John Wigglesworth, and directors Mal Smith, Keith Durnan and Art McLanson.

Okay Bingo

The club approved a bingo program for the summer months, with weekly Monday bingos to be held May 29 to October 10 in Milton Arena. The Kinsmen and Legion will run the bingos as a joint project.

Mal Smith reported nearly \$300 profit on the recent stag social evening, and plans were made for a Kinsmen-Kinette joint meeting in June.

Following the meeting the members launched their light bulb blitz of town, which continues all this week.

Theatre Party, Demonstration Junior Fire Department Program

Big things are in store for members of Milton and District's Junior Fire Department, the adult firefighters announced this week. There will be a big theatre party and fire equipment demonstration in their honor on Saturday, May 13.

The brigade has arranged to show films at the Roxy Theatre at 9 a.m. and 11 a.m. on that day and then in the afternoon, a demonstration of fire equipment will be given, probably in a local park. So that every child doesn't at-

Construction of the first section of the new \$9,000,000 Provincial School for the Deaf at Milton is expected to get underway this summer, Halton M.P.P. Stanley L. Hall announced Wednesday evening. The Department of Public Works expects to call tenders in the next two or three weeks on the entire stage one of the special school. That stage is estimated to cost more than \$5,000,000.

On Tuesday the Hon. Ray Connell, Minister, called tenders for the boilers for the power house of the school, and the contract is expected to be around \$75,000 to \$85,000 for this section. This is the first tender called.

Mr. Hall explained that stage one would include provision for classrooms, accommodation, administration and plant facilities to meet the province's current needs. When stages two and three are called in future years the total cost of the school is expected to top \$9,000,000.

The site chosen is on the former Kingdon Farm on highway 25, directly south of Halton Centennial Manor.

Negotiations are currently underway on the provision of town services to the school.

Bomb Drops Here Friday

Wentworth County will be represented in the Emergency Measures Office in Milton during tomorrow's (Friday) bomb dropping exercise.

Halton and Wentworth counties are part of sub region number two, which consists of Peel, Halton, Lincoln, Wentworth and Welland. Wentworth will be sitting in because of problems that are expected to arise that will be easier handled with the two counties working together.

Drop Bomb

Toronto will be the sub regional headquarters and the city will relay the reports during the bomb dropping and after it is dropped. The Prime Minister will open the sequence of events that will take place during the day with a half hour radio broadcast at 11 a.m. and then preparations will be made for the simul-

ated bomb dropping which will take place at an undisclosed time.

After the bomb has been dropped, problems will arise as to directing evacuees, assessing damage, and applications of legislation in order to confiscate gasoline and food supplies.

Halton will not be able to use its mobile set up since they would be interfering with emergency broadcasts. They have not had time to set up a local frequency. Wentworth will have at least two mobile cruisers working in their area.

Radio contact will also be maintained with the Hamilton police and fire Departments.

E.M.O. Co-ordinator Bruce McGregor emphasizes the fact that all of this planning is based on the theory that it is equally useful in the event of a natural disaster.

INTENSE SMOKE at the height of the blaze hampered firefighters when they were called out Monday morning to the Fifth Line, Trafalgar farm rented by Mr. and Mrs. Dennis Shubert. The brigade battled the blaze for over four hours before it was

completely extinguished. Chief A. E. Clement stated that the cause of the \$10,000 fire was an overheated chimney. All the furniture with the exception of a stove was removed from the house in time.

Will Explore Financing Martin, Ontario Paving

Resurfacing of Martin St. and Ontario St. south came in for discussion at Monday's meeting of Milton Council but no course of action was resolved but to request further detail on financing.

Last year the Department of Highways had agreed to bear 100 per cent of the cost of rebuilding the section from the Base Line to the C.N.R. tracks on Martin St. and a section from the southern town limits north to Main St. on Ontario St.

Delay a Year
Early this year the Department advised council they were prepared to continue on this basis with the section of Martin St. by a delay of a year would be necessary before they would proceed on Ontario St.

The town was to repair sections within the town on Main St. and Martin St. on the usual basis of 25 per cent and 75 per cent paid by the Department.

Total cost of the project was estimated at \$161,555. At Monday's meeting it was noted that while the Department was willing to pay 100 per cent on sections it was the responsibility of the town to arrange short term financing while awaiting payment of the subsidy.

100% on Some

Estimated cost of the north Martin St. project is \$36,325 and the Ontario St. section \$84,735. The Department has agreed to 100 per cent of the cost on these two pieces and 75 per cent on the remaining \$40,495.

"We'll never get it done cheaper" Councillor Charles Johnson summarized.

Councillor John Charlton asked for a check with the engineer Roy Smith and further details on the financing of the expenditures.

Four Railway Crossings To Get Gates, Signals

Three C.P.R. crossings in Milton and a fourth on the Given Road just east of the town boundary will be equipped with short arm gates as well as warning signals this summer.

Milton council had earlier approved the installations on Bronte and Ontario St. and the Board of Transport Commissioners suggested the Martin St. crossing signals be modernized by the installation of gates on that crossing too.

Monday night Milton Council approved the installation on Martin St., estimated to cost \$30,000. The installation on Ontario St. and Bronte St., approved earlier, will be \$42,400 and \$38,560. The

town's share of these costs will be six and a quarter per cent.

Councillor Don Merritt spoke in favor of modernizing the Martin St. installation, pointing out it's a busier road than the other two. Councillor J. Charlton pointed out the cost to the town on modernizing the Martin St. crossing would be about \$1,877.

Councillor Charles Johnson noted council would feel awfully guilty if an accident happened there and every precaution to avoid it had not been taken.

Council agreed to ask the Board of Transport Commissioners to proceed with the added protection.

Quell Stubborn Costly Blaze In Hornby Area Farmhouse

Arthur Death came and told her that the house was on fire. She said that at the time she had no idea the building was burning. Mrs. Shubert immediately turned in the alarm and then called her husband at his place of work.

Milton Fire Brigade fought for four hours Monday morning to attempt to quell a stubborn \$10,000 blaze which started in a Fifth Line farmhouse near the Base Line, Trafalgar.

Mrs. Dennis Shubert who was lying down when her neighbor-

remove all the furniture except a stove and some dishes. Mrs. Shubert had placed her small son in a car outside and two other children were at school at the time.

Intense smoke caused by the burning insulation almost overcame several firemen on different occasions. The firefighters got the blaze under control after about two hours and took another two hours to completely extinguish the stubborn flames.

Remove Furniture

The brigade received the call at 9:27 a.m. and arrived at the scene shortly afterward. The

blaze, which had started in the kitchen moved up the partition and gained a foothold in the attic above the second floor. Neighbors and firemen were able to

Overheated Chimney

The house owned by Joseph Pawlyk of Toronto received an estimated \$10,000 damage, mainly to the roof. Chief A. E. Clement said that the fire started as a result of an overheated chimney.

Chief Clement thanked the ladies for their assistance serving coffee and cookies. The ladies who served the refreshments were Mrs. Tom Bousfield, Mrs. Tom Howden and Mrs. Lloyd May, neighbors of the Shuberts.

June 13 Liberal Nomination Date

Halton's Liberal party nomination convention will be held in Milton June 13, it was announced Tuesday evening at a press conference called on behalf of the four candidates who have already decided to contest the party banner.

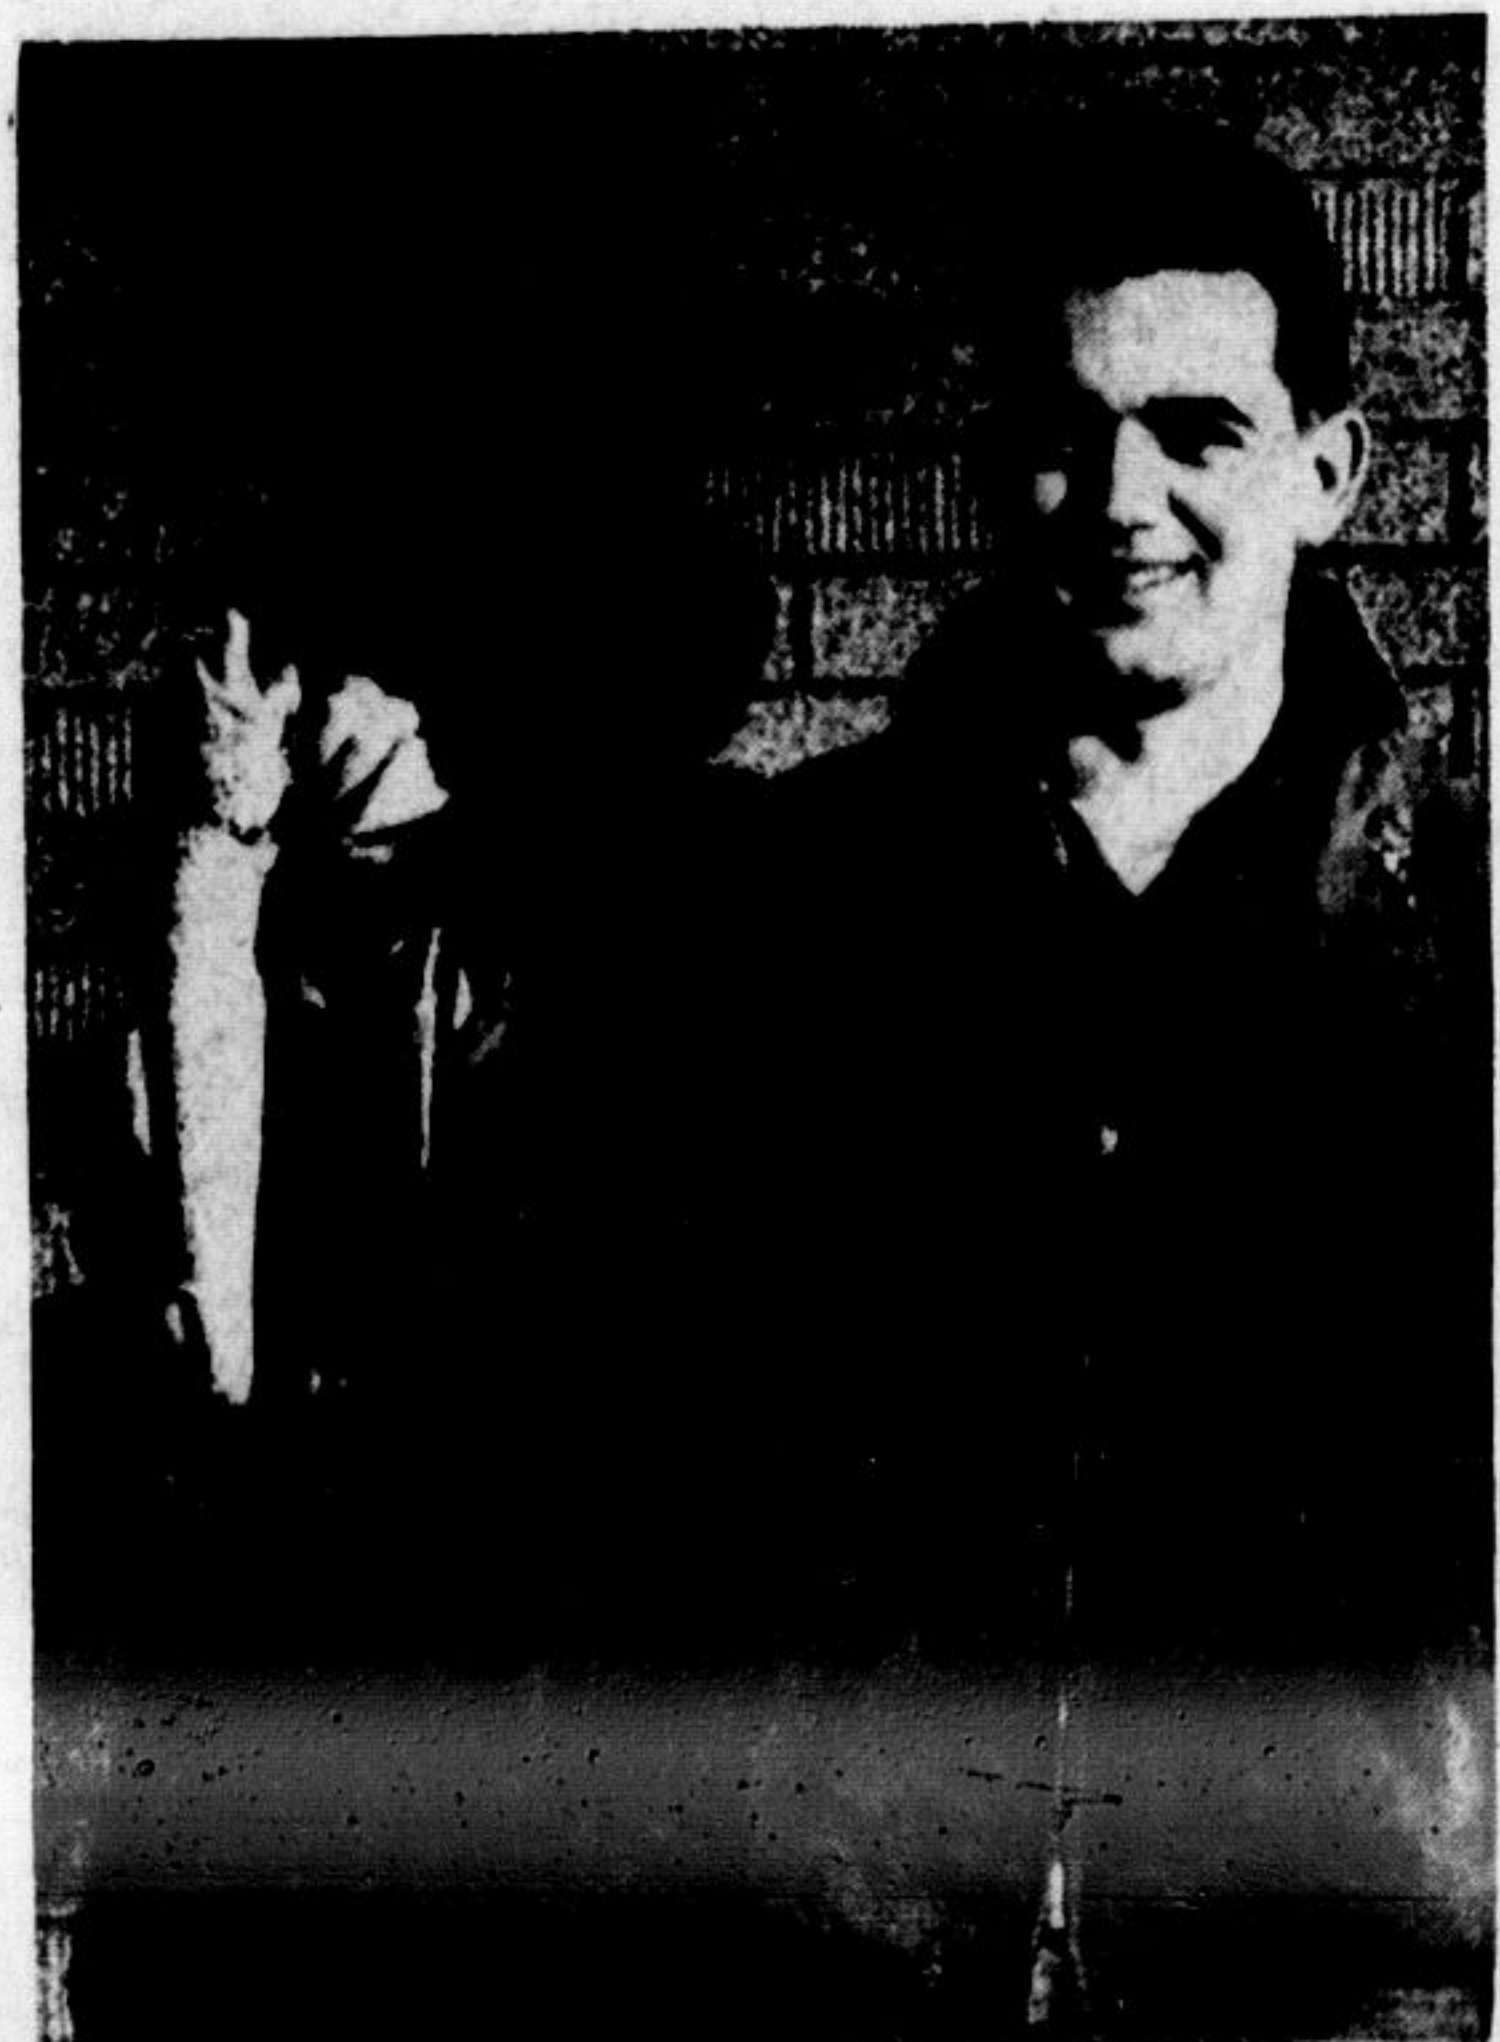

As announced in The Champion last week Harry Pollard, Harry C. Harley, Cecil J. Young and Michael Mutzak, all of Oakville, will be standing for the party nomination. Last Federal election, Liberal K. Y. Dick was defeated by A. P. (Sandy) Best for Halton's seat at Ottawa.

Meanwhile, meetings are to be held in Georgetown, Burlington, Acton and Oakville to give residents of those towns a chance to meet the present candidates, and name any other candidates for the June nomination. Further nominations will still be received up to the closing of nominations at the convention.

Cancer Canvass Collects \$1,500

W. J. Duignan, treasurer of the North Halton Unit of the Canadian Cancer Society, announced on Wednesday that donations totalling close to \$1,500 have been turned in as a result of the Milton Cancer drive. This figure represents the returns of a little under three-quarters of the canvassers; a complete figure is expected to be ready by next week.

Acton's total to date has been listed at about \$1,000. The drive objective for Milton was \$1,800.

ADULT PRIZEWINNERS in The Champion annual trout opening season weekend contest were Ross Auckland of Lowville, left, and George Ingli of Campbellville. Both were trout were identical 17½ inches and exactly two pounds, and Ross won first over George because his Brown was caught first. Other entrants with nice fish but not big enough for prizewinners were Wayne Auckland (17 inches), Bill Pearson (16), Keith Bates (15½), Richard Jacobs (14), Sam Hokansson (12¾), Orlo Coulson (11½) and Harry Smith (11).

CHILDREN'S CLASS WINNERS in the trout contest held over the weekend were Renato Poloni of Milton Heights, left, and Paul Mountain of Milton, right. Renato hooked his 13¾ inch Brown trout near the Heights while Paul wins second prize with his 11¼ inch Brown trout caught near Campbellville. Others entered were Ron Gilmer (10 inches), Blain Lewis (9½), Stephen Mathies (9) and Jim Keane (8). The Champion and six local merchants sponsored the contest.
