Dealer Says Ford Biggest Taxpayer

"The Ford Motor Co. is one of Halton's biggest taxpayers", John Johnston told members of Milton Rotary when he gave his classification talk on Tuesday.

Tracing the increase in car sales in the Milton area he noted that there are more car registrations in Milton than there are in Georgetown and Acton combined.

There are 30 service stations in the Milton area employing about 50 people and servicing the area's 4,000 cars, the speaker noted.

Reports during the business meeting indicated an estimated \$400 profit on the \$5 banquet; a peanut blitz planned for May 31; and Easter Seal receipts of \$2,158, a slight decrease from last year.
