

MOTORIZED CLOWNS Stuart Hall, Danny Boudreau and Jim Caughill had fun in the Santa Claus parade Saturday as they drove these tiny tractors from the Bruce St. school grounds to the arena in the annual Santa Claus parade. Their antics delighted the children in the crowd that watched the parade and took in the arena show.

HORNBY

Western Trip in Colored Slides Shown Orangemen at Annual Banquet

By Mrs. Edward Robertson
Forty-two residents took advantage of the T.B. Clinic at the Orange Hall Tuesday of last week. They returned to the Hornby school on Friday where the mobile unit was set up to have their tests checked.

The Santa Claus parade in Milton attracted several Hornby district children and grownups on Saturday afternoon.

Annual Dinner

The ladies of Streetsville L.O.B.A. served a delicious supper to the 70 who attended the annual banquet of the Hornby L.O.L. 615 held at the Hall on Friday. Following the supper Mr. and Mrs. Delbert Downs showed movie films of their western trip and Lorraine Goddard showed colored slides of several local scenes. Euchre was enjoyed and the winners were ladies' high, Mrs. Gordon Robinson, and the low Rosette.

The last of the available New Testaments were given out in Ambon and replacement of supplies is a major problem.

On the Move
Added to the shortage is the difficulty of delivery when the ship is constantly moving from port to port. Replacements have had to wait for the arrival of the ship at Singapore.

In many places where the "Hope" called the local mission schools could have used all available copies of the Scriptures.

English is a second language in Indonesia, required in schools above the fifth grade. Many Indonesians use English, a few quite well.

The Bible Society must use great discretion in trying to distribute the available Scriptures wisely.

The Bible Today

An appeal for more Scriptures for Indonesia made recently provided a moderate increase. The supplies secured in San Francisco and carried by the S.S. Hope were nearly exhausted by the time the ship arrived at Honolulu. The remaining New Testaments are already spoken for and will be distributed when the ship returns to Djakarta.

The last of the available New Testaments were given out in Ambon and replacement of supplies is a major problem.

Farm Safety Council Sponsors Competition

J. H. Taylor, Chairman of the Halton Farm Safety Council, has announced that the Council will sponsor a Crest Competition.

In order to obtain the best possible Crest for the Farm Safety Council of Ontario, the Council has decided to accept one Crest from each County. Halton's entry will be selected from entries in the Competition sponsored by the Halton Farm Safety Council.

The Halton Farm Safety Council is an organization representing farm organizations within the County. Its purpose is to direct farm safety programmes that will benefit Halton's farm people.

Farming is one of the most dangerous occupations and the farm one of the most dangerous places to live. This should not be, for accidents can be prevented.

Two years ago every county and district in Ontario conducted a farm accident survey. This survey pointed out the need for Farm Safety. When the survey was completed, county and provincial farm safety councils were formed to direct farm safety programmes in the County and Province.

As an example of one of these programmes, in the first year of operation the Halton Farm Safety Council was responsible for thirty-four farm people taking First Aid courses. These people received training and certificates from St. John Ambulance.

While a Crest itself will not prevent farm accidents, it can be a useful tool to promote farm safety.

This Competition is open to all farm people in Halton, but only one entry per family. To stimulate interest, total prize money of \$100.00 is offered.

Hard Luck Moose
GOGAMA — A white moose, besides being a rarity, seems also to be an outcast from its brethren because of its unnatural coloration.

When the crew of Lands and Forests aircraft OCY spotted three moose in a marsh — a white cow moose and a bull and cow of natural coloration — they noted that as the three moved into the bush the white cow
