STOPS SCOURS IN HOURS

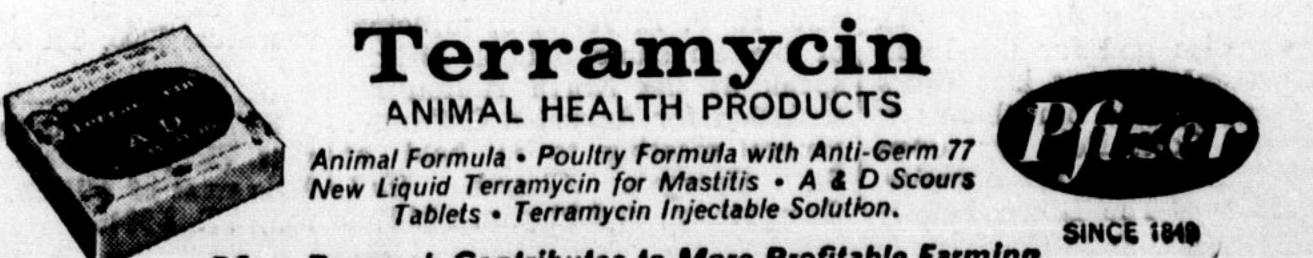

> Terramycin A&D SCOURS TABLETS

Save money by preventing stunted and unthrifty animals. Terramycin A & D Scours Tablets provide potent antibiotic action against the widest range of scours-causing bacteria plus the vitamins most needed by newborn and sick animals.

Terramycin starts to work instantly in the stomach and intestines against harmful bacteria that cause scouring and also gets animals back on their feed more quickly. Terramycin is also absorbed into the blood stream where it continues to fight infection throughout the system. Added vitamins promote appetite and avoid critical vitamin deficiencies.

Prevent costly scours damage, maintain weight and condition by using Terramycin A & D Scours Tablets. Recommended for calves, cattle, pigs, lambs and fur-bearing animals. Always have a supply on hand. Full directions on package.

Available wherever animal health products are sold
