9 Out of 10 Fires Just Carelessness
Every week fire strikes at more than 1,000 Canadian homes. In terms of dollars that means a yearly loss of below \$30,000,000 although the typical house fire averages under \$500 damage.
But the ghastly truth is that three-quarters of all our fire deaths occur in those homes. And not only deaths, for hundreds of Canadians are horribly burned and often permanently scarred in these fires.
Fires rarely just "happen"! Nine out of every ten fires are the result of sheer carelessness and thoughtless neglect of simple precautions.
Regardless of the cause, experienced fire fighters say, many of the human tragedies are needless.

One nice thing about a basic yeast dough is that it can appear on the table in so many guises. With a different filling or topping, and a new shape, it changes its character entirely.
Pinwheel Coffee Cake is a case in point. A basic yeast dough is spread with butter or margarine and a mixture of brown sugar, cinnamon and pecans, then rolled up and shaped into ring. As the ring bakes, the centre fills in to make an almost bun-shaped loaf. If desired, the cakes may be frosted and decorated with additional pecans. When cut, the layers of filling form a pinwheel pattern in each slice.
The cakes can be served cold, but they're especially good when they're sliced like bread and toasted.

Pinwheel Coffee Cake Yield — 2 round cakes
2 cups lukewarm water, divided
1 teaspoon granulated sugar
1 envelope fast rising active dry yeast
1 cup butter or margarine, divided
1/3 cup granulated sugar
1/4 teaspoons salt
2 tablespoons skim milk powder
5/4 cups (about) pre-sifted all-purpose flour
1 cup lightly-packed brown sugar
2 teaspoons ground cinnamon
1 cup chopped pecans
Measure 1/2 cup of the lukewarm water; stir in the 1 teaspoon granulated sugar. Sprinkle with yeast. Let stand 10 minutes, then stir well.
Cream 1/2 cup of the butter or margarine in a large mixing bowl; gradually blend in the 1/3 cup granulated sugar and salt. Stir in dissolved yeast, the remaining 1 1/2 cups lukewarm water, skim milk powder and 3 cups of the flour. Beat until smooth and elastic.
Work in sufficient additional flour to make a soft dough — about 2 1/4 cups more. Turn out dough onto a floured board or
