University Women's Workshop Led By Officer of Federation

At the April meeting of the University Women's Club of Milton, Mrs. E. H. Clutton outlined plans of the Education Study Groups for an open meeting of the club in May. Mrs. Clutton, chairman of the Education Study Group, announced that Dr. Robert Gauthier, Director of French Instruction for the Ontario Department of Education, had agreed to speak to the club and all interested individuals. Dr. Gauthier is the originator of the Tan Gau method of teaching Oral French in primary schools. Special invitations would be sent to local Board of Education members, School Inspectors, teachers, Home and

School Associations and related groups.

A film demonstrating the Tan Gau method with actual school children will complete the program for this public meeting to be held Thursday, May 2 at 8.30 p.m. at Knox Presbyterian Church Hall.

Mrs. R. L. McLean of Burlington, an officer of the Canadian Federation of University Women, provided the program for the evening in the form of a workshop. The purpose of the workshop was to assess the communications between the C.F.U.W. and the local club. She complimented the Milton Club on its first year's activities and their co-operation with the C.F.U.W.

During the business meeting a draft constitution was approved for temporary use. Mrs. P. B. Frame announced registrations for the Regional Conference in Waterloo, May 10-11, must be in by April 25. Following the meeting coffee was served. Mrs. F. S. McQuat was the hostess.

Fire Dept. is Busy At 13 Grass Fires

Seven more grass fire in the Milton fire area this past week upped the year's total to 13, and more are expected.

Milton Fire Department was kept busy over last weekend with four grass fires. Saturday fires were at H. Woods', Campbellville, and cemetery property in town. It was the second fire at the cemetery. A fire started there Friday afternoon when sparks from the nearby garbage disposal area had set grass on fire.

Sunday they were called to Halton Co-Operative Supplies and the Kilbride farm of Ken Dubois for two more.

Chimney, Gas Last Thursday a chimney fire called the trucks to the home of J. Duimstra, R.R. 1. The same afternoon a pan of gas caught fire at Hornby garage, burned part of a wall and filled the building with smoke. Damage was light.

Monday, A. L. Chambers of Milton was burning debris on Mary St., near Charles St., when the flames got away and caught on a wrecked storage shed, sending it up in flames.

Easter Fires Easter weekend produced the four extra grass fire calls, to the homes of A. Clubine, Len Picket and A. Buehler, all in Nassagawewa, and to Bailey Fuels, Base Line, north of Milton.

A boiler at Knight's Dry Cleaners, Main St., was ruined Thursday afternoon of last week when a water line was clogged. The boiler overheated and the sides caved in.

Mid-week fires this week were four grass fires — Monday afternoon to U. Durante's at Milton Heights, Dorothy Maiers in Nassagawewa and W. Mendham in Burlington, and a Tuesday afternoon fire to Henderson Park, Oakville.

Open incinerators, bonfires, careless smoking and children playing with matches were blamed for the fires, Chief A. E. Clement said. Although there have been less grass fires to date in 1963 than during the same period last year, more are expected until the grass turns green.

Chief Clement urged property owners to be extra careful about fires during the dry spring season. He noted Oakville fire department had 40 calls from Thursday to Tuesday of Easter weekend.

HALTON MANOR

Program, Braille Checker Board, Presented By Acton Auxiliary

By Miss Muriel Thompson

The evening of Tuesday, April 2 was made memorable by the presentation of a program that combined humorous readings, fine music, expert dancing and lovely costumes. This very rewarding program was presented by the members of the Alert Evening Auxiliary of Knox Presbyterian Church in Acton. It was regretted that their minister, Rev. A. McKenzie, was not able to be present, but it was a pleasure to welcome Mrs. McKenzie as one of the visitors.

Miss Emma Cole was present and extended greetings to the residents. The program and refreshments were planned by two very capable conveners, Mrs. Fred Anderson and Mrs. K. Dadds respectively. Mrs. C. Colles was the accompanist for the musical numbers.

Mrs. Anderson announced a very pleasing program. The first number was the singing of the first verse of three familiar hymns by the visitors and residents in unison. Mrs. Earl Mars shall then read the Beatitudes as a scripture reading. This was followed by a sacred solo "How Can it be that I Should Gain?" sung by Miss Bella-Mave Roszell.

Carol Masales and Karen Ashley, who are pupils of Mrs. Carpenter in Acton, performed a very fine dance. They were dressed in very pretty white and red satin costumes. Two instrumentalists, Marilyn and Lloyd McIntyre played the piano and guitar, in a medley of favorite old ballads, one of which was "I Wish I was Single Again."

Mrs. Anderson then introduced Miss C. Wharton of Guelph, whose dancing pupils in Acton had come to present their dance routines. These pupils were dressed in very attractive costumes, the making of which had been supervised by Miss Wharton's mother. The pupils in this group presented three separate routines, the Charleston, Cecilia and Humpty Dumpty Heart.

The dancing was followed by a vocal solo, "Killarney", sung by Mrs. J. L. Davidson. Then Karen Ashley and Carol Masales, dressed this time in blue velvet costumes, danced "Louisiana Hayride." Mrs. G. Young re-

cited two humorous readings, "Animals" and "St Peter at the Gate."

Dance More Routines

Miss Wharton's pupils then returned to dance four more routines, "Me and My Teddy Bear", "Indian Dance", "Parade of the Wooden Soldiers" and "By the Sea." Marilyn and Lloyd McIntyre played two more piano and guitar duets, one of which was "Scotland the Brave." Miss Wharton proved her talent as a singer as well as a dance instructor by singing "A Secret Known Only to Him" and "How Great Thou Art."

The singing of one verse of "Blest Be the Tie that Binds" brought this very delightful and varied program to a close. Delicious refreshments, sandwiches, tarts and fancy cookies, all donated by the visitors, were served with tea and coffee for the adults and pop for the children.

Mrs. S. Allen, who was in charge of the refreshment hour, thanked the visitors for having come, and the hearty applause by the residents proved how very enjoyable they had found this entertaining evening to be.

During the evening, three sets of checkers in Braille were presented for the use of the blind in the Manor by Mr. Morley Al-

len on behalf of the Acton Lions Club.

Since Sunday, March 31, was the fifth Sunday of the month, the church service in the Chapel was conducted by members of Christian Business Men's Committee of Oakville. Mr. G. Sheridan was the leader of the service and conducted the singing of the hymns. Mr. W. Lane was the organist and Mr. J. Nicol played three familiar hymn tunes on his viola. These included Sun of My Soul and Saviour, Like a Shepherd Lead Us. He also played viola accompaniments for the hymns.

Mr. Sheridan read Psalm 46 and Mr. Don Wingfield, Chairman of the Committee, read verses 10-18 of Chapter 6 of Ephesians. Mr. Wingfield then delivered a fine sermon based on the above two scripture readings.

Mr. Wingfield's opening statement was that psalm 46 makes it clear that our standing ground is in the Lord and that all our strength comes from God. Paul repeats this thought in Chapter 6 of Ephesians. A striking example of this thought is the fact that Christ's disciples were men without wealth or power, yet were men strong in the Lord. Similarly, we Christians today can become strong in the Lord, as the disciples became strong in Him.

\$47,700 Budget For Local Hydro

A capital expenditure budget of \$47,700 for 1963 was approved by members of the Milton Hydro Commission on Tuesday evening.

The capital budget is up slightly this year to cover the renovations to the Hydro office. Items in the budget include buildings \$15,000; distribution system \$12,000; transformers \$3,000; meters \$1,700; street lighting equipment \$1,000; tools and miscellaneous \$3,000; and water heaters \$12,000.

The Commission asked the Ontario Hydro Commission to prepare a proposal on hot water tanks and back lot service con-

Jury Asks Straighten Stewarttown Road

A coroner's jury at Stewarttown last week recommended that Halton County Council take "prompt action" to have the road straightened through the village where two Streetsville teenagers lost their lives March 22.

Wayne Cotton, 19, and Sharon Hamilton, 16, died when their car struck a hydro pole halfway down the south hill on the Seventh Line road through the village.

The jury recommended "immediate action" to have the hydro pole relocated from opposite the curve. It also suggested a large checkerboard sign be installed which would be immediately visible from the top of the hill and the pavement at the curve should be improved. The jury reported "the accident was caused by the driver's failure to control his vehicle."

Dr. A. E. Macintosh presided at the inquest.

Meanwhile the road committee of Halton County Council has discussed the dangers of the Stewarttown hill, which is a county-controlled road. Members noted the narrow bridge in the centre of the village was a definite hazard especially for pedestrians, and asked Engineer Roy

F. Smith to investigate the possibility of either having it widened or erecting a separate pedestrian crossing over the creek.

RESIDENT INJURED

T. Koppers, R.R. 1, Milton, was injured Monday in a two-car crash on Highway 25 near Palermo. A Niagara Falls man, driver of the other car, was also treated for injuries, Oakville police reported. A third motorist was blamed for causing the accident.

—There's been remarkably little rain this spring.

WRONG INITIAL A letter to the editor in the "Our Readers Write" column last week was incorrectly signed S. B. Wood, instead of G. B. Wood. The Champion regrets this error.

TIPS ON BROOD SOW CARE

The ration you feed your brood sow during gestation will help decide the size, strength and condition of the litter she'll farrow. Don't try to cheat your brood sow, it can't be done.

In fact, in an effort to maintain her own body, a sow will resorb some of the tiny embryos. In this way you might be losing pigs you never even see because your sow's nutritional requirements are not met. If you don't feed her properly through the gestation period you'll get smaller litters.

Watch your sow's weight and condition carefully. The average sow should gain from 100 to 115 pounds during gestation. Provide plenty of water.

We recommend hand feeding each sow 4 to 6 lbs. per day of Purina Sow Chow Concentrate and grain, mixed

1 to 4, or of Purina Sow Chow Complete. In addition your sow will make good use of high quality, leafy hay if you have it available. Tests at Purina's Research Farm have shown that feeding is even more important than breeding if you want to farrow those big, healthy litters. Give me a call, or drop in. I'd like to tell you about Purina's Hog Feeding Program for baby pigs too!
