

**THE BEST CATTLE SHOWMEN** in their various classes pose proudly with their awards following the Halton Holstein Club's annual Twilight Meeting at Hays Sales Arena, Oakville, on Friday night. Ward Brownridge, Miss Dianne Ford, Bill Alexander and John McGee were judged the best showmen after a lengthy competition in which everyone had a chance to compete.

### Holstein Club Judges Calves

The first regular meeting of the East Halton 4-H Holstein Calf Club was held at the farm of Robert Alexander on Wednesday, May 15.

The meeting was called to order by the president Delmar Ford. The roll call was taken and the minutes of the last meeting were read by the secretary.

Mr. Burnside discussed the program of events to follow. The club was then divided into its three groups. The Juniors were given a type demonstration by Mr. Burnside. The Intermediates under the leadership of Jack Robertson judged a class of two year old cows.

Following their type demonstration the Juniors judged one class of cows, and gave their reasons to Mr. Burnside and Delmar Ford. Both the Intermediates and Seniors were required to give reasons on their placings. Then official reasons and placings were given by Mr. Carney and Jack Robertson.

Mr. Carney assisted the Juniors in taking up their work sheet, and Jack Robertson helped the Intermediates. During this time Mr. Burnside held a discussion period with the Seniors.

The three groups then combined to have a joint discussion on the digestion and stomach parts of a cow.

Arthur Lawson moved a vote of thanks to Mr. Alexander.

**T. E. CHUDLEIGH**, R.R. 3, Milton, Ontario, was awarded the degree of Bachelor of Science in Agriculture at the annual Convocation exercises at the Ontario Agricultural College, Guelph, held on Friday, May 17, 1963.

To my sense, the Sermon on the Mount, read each Sunday without comment and obeyed throughout the week, would be enough for Christian practice.—Mary Baker Eddy.

Sunday clears away the rust of the whole week.—Joseph Addison.

### Junior Farmer Exchange

## Halton Hosts Scot Girl

Halton County farm people played host to a young visitor from Scotland this past week.

And Miss Mary Steel of Ayrshire, Scotland, enjoyed every minute of it.

She and five other Young Farmers' Association members from England and Scotland are presently visiting Canadian farms on a three month exchange educational tour. Each year Canada sends delegates to Great Britain to learn about the farming customs, and in return Canadians play host to the visiting English and Scottish delegates.

#### Tour the Country

Miss Steel accompanied two girls and a boy from Scotland and a boy and a girl from England on the trip over. They arrived April 30 and all spent three days at Ottawa seeing the Capital, then separated and went touring about the country.

Halton's visitor spent 10 days each in Dundas and Northumberland Counties before arriving in Halton for an eight day stay. Wednesday of last week. For the first four days she stayed with Halton's 1962 Dairy Princess Marion Hunter, at Miss Hunter's father's farm on the Walker's Line, Burlington. Saturday she moved to stay four days with former Junior Farmer president Bill Wilson and his wife at Norval, then Thursday she was off again for an evening at Toronto and then three days of free time at Niagara Falls before heading to the next county.

During her stay here she attended the West Halton 4-H Calf Club meeting and the Holstein Breeders' twilight meeting at Oakville, visited an Ayrshire cattle farm, toured the Leaver Mushroom Farms at Campbellville and spent Sunday at a Junior Farmer get-together in Brampton.

Miss Steel has been quite active in Young Farmer work in Scotland. She is secretary-treasurer of her group, secretary of the Ayrshire Association, and a member of the south-west area ladies

**SPECIAL VISITOR** in Halton County farm circles this week is Miss Mary Steel of Ayrshire, Scotland, left, a Scottish Young Farmer delegate on a three-month tour of Canada. Last week she stayed with Halton Dairy Princess Marion Hunter of Walker's Line, Burlington, right, and this week is staying at the home of Mr. and Mrs. Bill Wilson, Norval.

committee. At home she helps her parents run a 150 acre mixed farming enterprise, including 70 dairy cattle as well as secondary beef and sheep enterprises.

The Ontario Junior Farmers' Association and the Ontario Department of Agriculture are joint sponsors of the tour.

## Halton Holstein Breeders At Second Judging School

Halton Holstein Breeders held their second county judging school at Mac Alexander's on Friday, May 17. The school stressed the importance of type for Holstein cattle. Each of the Holstein breeders in attendance had an opportunity to judge five classes of Holsteins.

The official panel of judges were Howard Laidlaw, Peel County; Albert Hunter, local Holstein breeder; Jas. Carney, local Holstein breeder; Don Brethet, herdsman for Geo. & L. H. Leaver; and J. Douglas Burnside, assistant agricultural representative.

Ward Brownridge was in charge of classes. Cattle used in the judging school were supplied by local Holstein breeders. The judging school was held as a result of interest shown by local breeders in a similar type of school held for official judges of the Holstein Association, and in the county school held last year. In conducting this school local breeders will become more informed on the requirements of cattle for the show ring.

**RECEIVES M.S.A.**  
David John Hume of R.R. 1, Milton, younger son of W. R. Hume, will receive the degree of Master of Science in Agriculture at the May 31 convocation of the University of Toronto. A former graduate of Burlington High School and the Ontario Agricultural College, he will commence studies in June toward a Ph.D. at Iowa State University.

D. S. Dunton, past-president of the Holstein-Friesian Association of Canada, acted as discussion leader. Representing the Holstein Friesian Association were Jo Snyder, fieldman; and E. Ross Segsworth, first vice-president of the association.

Brock Harris, president of the Halton Holstein Breeders, was in charge of the program.

#### Set Date

### Seek Halton Dairy Princess Will Vie for Ontario Title

The search is on for a Halton Dairy Princess to represent the county at the annual Dairy Princess competition at the Canadian National Exhibition.

At the C.N.E. competition the delegates from each county will compete for the Ontario title.

The Halton Dairy Princess committee is representative of all the dairy producer groups in Halton, the Federation of Agriculture, and the Halton Junior Farmer Association. Following a meeting of the committee on May 23, it was decided that this year's selection would take place at the annual Hornby garden party, to be held on Saturday evening, July 20.

In addition to the interview and speech, each contestant will personally demonstrate milking and cleaning procedures. A detailed basis of awards is used for the competition to include appearance, deportment, and self expression. The balance of the score card is set up to rate the efficiency of milking and cleaning dairy equipment.

The contestants from Halton will be selected by interview and present a short talk related to dairying in Halton county.

All entries for the Halton Dairy Princess competition must be made to the Committee by Monday, June 28. Application forms and information may be obtained at the Extension Branch office, Ontario Department of Agriculture, Milton.

### Confirm World Plowing Match Dates - It's Caledon, Oct. 8-12

The 11th World Plowing Contest will take place on Conn Smythe's farm near Caledon, Ontario, October 8 to 12 this year.

Since then it has been held in nine European countries. This is the first time it will be back in Canada.

Canada's champion plowmen, Toby Trimble of Portage La Prairie, Manitoba, and Grand Wells of Stouffville, Ontario, will represent Canada at the contest.

"This is a very important anniversary," said Alex McKinney, president of the Canadian Ploughing Council, "and a great deal of interest is being aroused here in Canada. In addition to the plowing, displays of machinery and side events of interest to women and children are being planned."

The contest is one of the world's most prominent agricultural events. About 30,000 people are expected to visit the event each day, and it will be run in conjunction with the Canadian championship and the annual Ontario International match.

The World Contest was started in Canada in 1953 at Cobourg.

## FERTILIZERS HERBICIDES

STAGE 1 - At seeding - Usually a complete fertilizer is needed to help establish thick, vigorous stands.

**HAS THE ANALYSIS YOU NEED!**

STAGE 2 - As long as legumes make up 50% or more of the stand use 0-20-20 or 5-20-20 to keep production up and legumes healthy.

**HAS THE ANALYSIS YOU NEED!**

STAGE 3 - As legumes thin out (25-50% of forage) help the grasses maintain production without driving out legumes with 10-20-20 fertilizers.

**HAS THE ANALYSIS YOU NEED!**

STAGE 4 - When legumes have thinned out to 25% or less, use even higher nitrogen rates to maintain production from the grasses, such as 10-10-10, 16-8-8, or 0-20-20 plus nitrogen as urea or ammonium nitrate.

**HAS THE ANALYSIS YOU NEED!**

SPRAY AT THE RIGHT TIME

1. Spray when the weeds are young.
2. Spray when growth is rapid.
3. Spray when the weather is warm.

**2, 4-D**

THREE FORMULATIONS ARE ON THE MARKET, ESTER, LOW VOLATILE ESTER AND AMINE. THE TWO ESTERS ARE MORE ACTIVE AGAINST HARD-TO-KILL WEEDS AND BRUSH. THE AMINE, AT RECOMMENDED RATES IS AS EFFECTIVE AGAINST MANY WEEDS AND IS LESS HARSH ON CROP.

**MCPA**

AVAILABLE AS ESTER, AMINE AND SODIUM SALT. MCPA IS SAFER THAN 2, 4-D ON SOME CROPS AND SOME WEEDS ARE USUALLY EASIER TO KILL WITH MCPA THAN WITH 2, 4-D.

Get your copy of the CO-OP Agricultural Weed-Killer Handbook at your local CO-OP!
