TINKER, A TOY TERRIER owned by Mr. and Mrs. T. J. McDonough, 100 Victoria St., smiles his approval as he looks out the front window of Milton's first all-electrically heated doghouse. His master built it for him, and uses a clear 150-watt bulb to keep the doghouse up to a perfect 50 degrees each cool night of the winter. Tinker has a special exit chute that lets him in and out without much heat loss, and he certainly enjoys his comfortable home. Why, he even has wall-to-wall broadloom that helps keep his feet warm!

Library Notes

This is an opportune time to look back over 1963, the year just ended. Despite the defeat for a new library at the June plebiscite, your library continues to grow. This year's circulation was 51,906, while last year it was 43,316 — an increase of 8,590 over last year.

Here are the circulation figures for the past five years: 1959, 29,525; 1960, 31,360; 1961, 35,614; 1962, 43,316; 1963, 51,906.

Inexpensive Membership
As varied as are personalities, so are the reading tastes of the public. Your library is making every effort to satisfy your reading wants. And if you do not already have a membership card, don't delay — it costs only 10¢ for three years if you live in Milton, and \$1.75 if you live out of town. Children living out of town pay 25¢ and out of town children who attend school here, 10¢ for one year.

It is a small investment that pays high dividends. Read for pleasure and profit — the world is yours in good books.

And a hearty thank you for the co-operation of our readers, young and old, my assistants, to

the library board and The Champion for their help during the past year. — E. Braun.
