**ST. PAUL'S MR. AND MRS.** Club bowlers enjoyed a banquet in the hall of Hornby United Church on Monday May 4, with the top bowlers throughout the season receiving trophies. Shown standing are Larry Arbic, winner of the men's high triple, Thelma Bousfield, ladies' high triple, Dale Brandon men's high average and Helen Watkins, women's high average. Seated are members of the Tom Cats, winners of the Championship. They include Ralph Ford, Bob Moffat, Erna Arbic and Paul Kent. Erna Arbic also won the ladies' high single, with a 292. Bill Tom, captain of the winning team, and Ed Litt winner of the men's high single, were absent at the time of the photo.

**The Bruce Trail**

**Build "Blue-Knuckle" Bridge**

(Third of a series of articles on the Bruce Trail in this district, written by Mrs. Edith Austen Lloyd of Hamilton, trail director of the Hamilton Iroquoia Bruce Trail Club.)

The Iroquoia Bruce Trail Club is responsible for building the Bruce Trail from Grimsby through Hamilton, along the escarpment near Ancaster, across the Dundas Valley to Webster's Falls Ravine, and following the escarpment to Rock Chapel, Waterdown, and through Burlington to Mount Nemo, Rattlesnake Point and the Kelso Conservation Area.

Already there are ten miles of trail open to the public in the Dundas Valley, and eventually there will be 60 to 80 miles of trail in this region.

During the past winter, many enthusiastic people have become interested in this project. One group in the Hamilton City section has been working outdoors during the coldest winter weeks. Their "Blue-Knuckle Bridge" was built in January,

complete with two spans, an abutment, railings, a nicely designed sign, and a love-seat!

Groups in Ancaster and Waterdown have been pre-fabricating stiles during the winter. Another group has been surveying in the Mount Nemo area and has located a beautiful route for the trail.

Good Spring weather will give an added impetus to trail building and groups will be out working on all sections of the trail.

If residents of Milton and district would like to help build the trail, they may contact the Club through Merle Gunby, R.R. 1, Millgrove, NE 4-2779, or Robin Stowe, R.R. 3, Campbellville, 689-5509, or Bill Brandis, 1410 Halifax Place, Burlington, 637-0986, who are in charge of the trail in the vicinity of Mount Nemo.

Membership in the club is open to all who are interested in hiking and the outdoors. Annual membership is \$5 for one adult or for one family. Members receive notices of outings and meetings. Address the Iroquoia Bruce Trail Club at P.O. Box 183, Hamilton.

**RECIPE OF THE MONTH**

By the Ontario Tender Fruit Institute  
"Buy Canada Choice Canned Fruit"

**Cherry Cream Squares**

(Makes 9 Servings)

- 2 cups fine graham wafer crumbs
- 1 tablespoon brown sugar
- 1/4 cup butter, melted
- 1 1/2 teaspoons gelatine
- 3 tablespoons water
- 1 (8-ounce) package cream cheese
- 1 cup sifted icing sugar
- 1 teaspoon lemon rind
- 2 teaspoons lemon juice
- 1/2 pint (1 1/4 cups) whipping cream
- 1 (20-oz.) can "Canada Choice" Cherry Pie Filling

Combine crumbs, brown sugar and butter. Press half mixture in bottom of buttered 9-inch sq. cake pan. Sprinkle gelatine over water; let stand 5 mins. or soften and dissolve over hot water. Cool. Cream cheese; gradually beat in icing sugar, lemon rind and juice. Blend gelatine into stiffly-whipped cream; fold into cheese mixture. Spread half cheese mixture over crumbs in cake pan. Carefully spread cherry filling on top. Add remaining cheese mixture and sprinkle with remaining crumb mixture. Chill and serve cut in squares. This recipe prepared especially for this series by Dairy Foods Service Bureau.

**Erosion, Weeds**

**Concern Esquering Council**

At their council meeting last week, Esquering council together with Acton council requested the Credit Valley Conservation Authority to destroy weeds in Fairy Lake.

R. R. Parker of the Conservation Authority pointed out that unless two municipalities benefit, the Provincial Government will not pay 50 per cent of the cost. In this case, he promised that 50 per cent would be paid by Acton and 50 per cent by the Province. "All I have to say," commented Councillor G. Currie "is this, you'd better get on your running shoes if we get a bill."

Reeve G. Leslie wondered if something of the same procedure could not be worked out to undertake a project to stop erosion at the Glen Williams Cemetery. Mr. Parker assured him he would look into it, without the elaborate costs involved in the original plan, suggested two or three years ago.

**Water On Us**

"What are you going to do about the water you turned on us," demanded Jack Cornish of Glen Williams, speaking on behalf of residents of Park St. East in Glen Williams. He claimed the run-off always went another way until the township filled a ditch with stone.

Reeve Leslie denied turning water on anybody, and added it was private land. Roy Guest, one of the deputation told of silt, cans and refuse being washed down on his garden, and he suggested putting in a culvert.

Councillor R. Lawson pointed out that the Dept. of Highways would not allow that since in winter the culvert freezes, and in spring becomes filled with silt.

After a lengthy debate it was decided to have the Dept. of Highways engineer and the council to meet on the property with the ratepayers on Friday.

**Phone Survey**

J. McMillan of the Bell Telephone Co. announced the results of the recent survey to Esquering

Council saying 62% favored the extended area calling to Brampton and 38% opposed.

Councillor W. Leslie stated that in his area (Terra Cotta) they had promised free calling to Brampton when Georgetown took over their exchange.

The Reeve said he had very few comments one way or another from Esquering residents.

**School By-Law**

Council gave two readings to a by-law authorizing the borrowing of \$152,000 for the additions to the Glen and Stewarttown schools. Approval now has to be obtained from the provincial government.

Esquering, like many other municipalities, is considering a by-law to control the sale of fireworks in the area. The Reeve told of a call from the fire chief in Georgetown telling of children setting off firecrackers in the old Norval school.

**4-H Nymphs Meet Work on Blouses**

The Nassagaweya Nymphs held their seventh meeting April 29th at the home of their leader, Mrs. Moffat.

Each girl worked on her blouse with good progress. The roll call was answered with a new garment or accessory with its color, design and texture.

The Home Assignment was to complete blouses, charts and record books for the next meeting at the home of Heather Baker.

Both meetings had full attendance. Roll call was answered by each member showing completed work. Home Assignment was to press blouses, label them neatly and do any last minute finishing touches on charts record books or blouses. Lunch was served at the end of each meeting.

The atmosphere is 75 times as deep as the deepest ocean.

**Exports Vital Speaker Stresses**

Douglas Sinclair, president and general manager of Rubbermaid (Canada) Ltd. at Cooksville discussed the importance of exports when he addressed the Rotary Club of Milton last week.

As one of ten manufacturers represented on an Ontario Trade Crusade mission to the United Kingdom last year, he noted the export of Rubbermaid products had now reached \$75,000 to that market where before there were none.

The speaker stressed the need for the personal approach in the development of export markets suggesting it was necessary to get the products there but it was also important to get there yourself as often as possible.

**Individual Can Help**

Mr. Sinclair suggested the in-

**Concrete, Cinder, Slag and Silo BLOCKS**

dividual could assist in the improvement of trade balance by buying \$100 less a year of imported goods; by buying Canadian where price and quality is comparable; by insisting on upgrading Canadian goods; and by spending tourist dollars at home. The speaker was introduced by John Ostler and Mike Ledwith expressed the club's thanks.

As a proportion of the adult female population of Canada, the number of women in the labor force increased from 16 per cent to nearly 30 per cent from 1911 to 1961.

New car sales in Canada in 1963 totalled 560,000, and in the year 283,000 old cars went to the wreckers and the scrap metal yards.
