## PICK HIT OF THE WEEK

"I Get Around"

By

The Beach Boys

## BEST SELLER

The best selling record in Mil-ton last week was "Chapel of Love", by The Dixie Cups on Barry.

## Milton Stomp

The Milton Stomp presented the first of a series of summer teen dances on Saturday night of last week, which saw the largest crowd of the year attend. Judg-ing from the turnout, it would appear that a great many took our advice for a study break. With the high school final exams com-ing up next week, it had been anticipated that the attendance would be down from past dances, however our teens disproved the thought. It appeared that every-body enjoyed themselves for the most part, and why not? The music was good.

Featured guests headlining the dance last weekend were The Ardels. While their music was much the same as in previous engagements, I did notice one rather startling change. It seems that the boys must have been engaged recently in a district housing an Indian Reservation and guess what? Ringo got scalped.

Yes, those long golden locks of Beatle hair have gone from the head of the Ardels' Ringo. Actual-ly though, I guess the recent dissipation of the Beatles has caused our young Beatle to re-

turn to reality. Ringo is no more, Ringo of the Ardels, that is.

Final plans for the big July Block-Buster have not as yet been made public, so we'll have to wait a while yet before we

can give you anything definite on that. It was reported by ex-ecutive member Danny Marcucci that there are still a few bugs to be ironed out.

It was reported however, that

a dance will be presented the weekend school lets out on June 13. We hope to have the pleasure of seeing you there.

## Platter Chatter

Acto Records have just posted their first cut by Bobby Darin, called "Milord". This is an oldie brought back in the Darin fashion that seems to be destined for no man's land. Personally I think

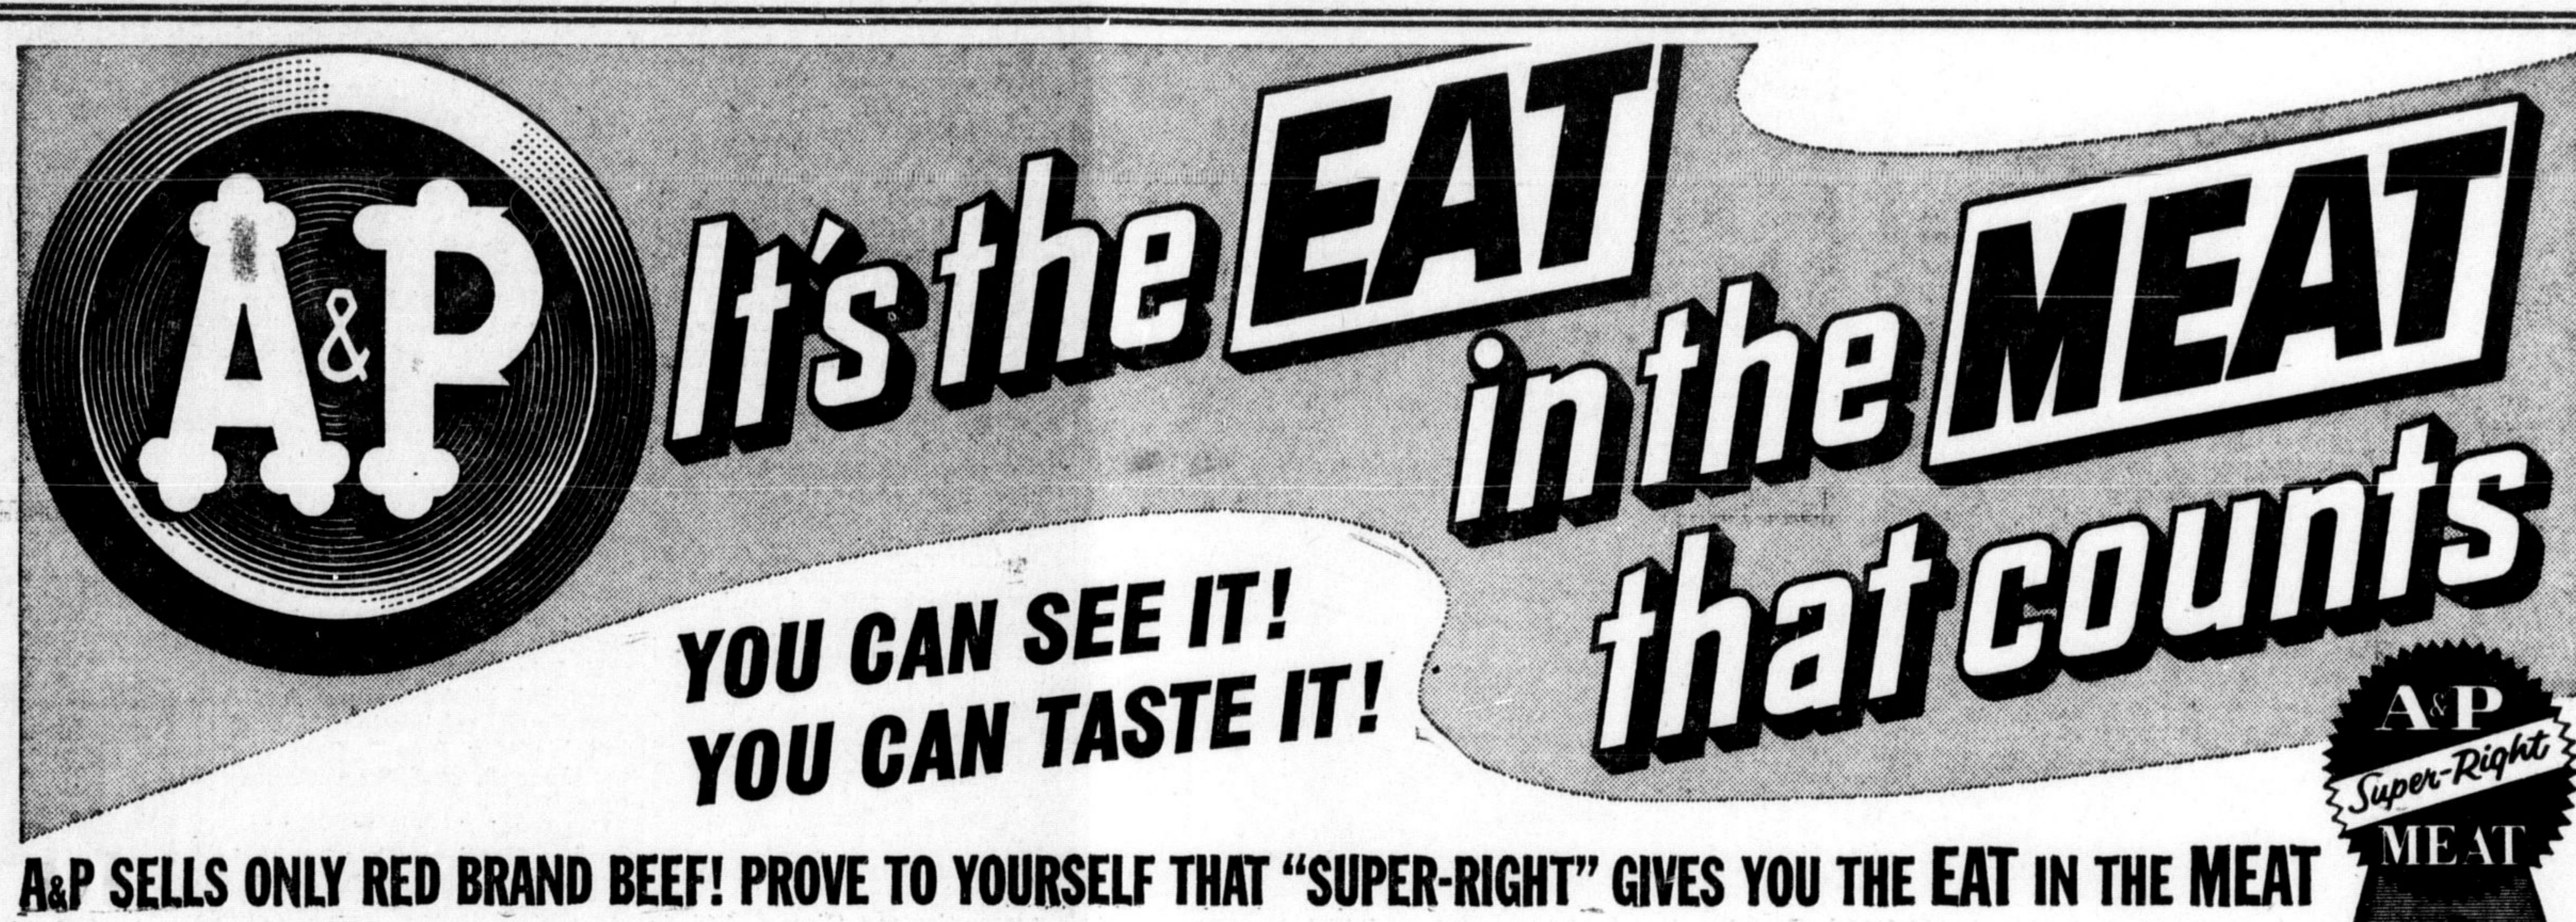

this one's for the birds and I don't think there's enough bird blood in me to lay an egg on this one. All I can say for Mr. Darin's latest is, better luck next time.

Due for release shortly is Cap-itol's oldest by Gerry and the Pacemakers. It's a single cut from their album called "You'll Never Walk Alone". This record-ing incidentally is our next pick

hit. I tell you this now, because I know I have a future number one with this recording and be-cause I hope to jump the gun so to speak on the local radio sta-tions. Watch and listen for this big one soon and remember the title, "You'll Never Walk Alone", a future number one hit.

Working its first week on the charts is London Records' new-est release by Liverpool's Rolling Stones called, "Not Fade Away".

The Canadian Champion, Thursday, June 4th, 1964 C3  
These boys are the latest of "Tears and Roses" on the Cap-itol label is Al Martino's latest. As a rule anything recorded by Al Martino is a sure fire hit, but somehow I think he may miss with this one. The song itself is a good ballad, but seems to lack that special Martino touch. It's good enough material for the top 20 but beyond that, I hesitate to guess.
