**U.C.W. Meeting In S.S. Room**

Ebenezer U.C.W. held their July meeting in the Sunday school room, with Mrs. Art Diamond as hostess. Mrs. Horace Blyth presided. The scripture readings dealt with Jesus and the children, and were taken by Mrs. Diamond, Mrs. Duffield and Mrs. Ward.

Mrs. Ward read a letter from Rev. Walton Tonge, telling about the roof-top schools of Hong Kong and the use that is made there of the used Christmas cards that are sent.

Eighteen ladies answered the roll call with a verse using the word "teach". Mrs. Mervyn Thomson introduced Mr. Paul Joliffe, director of Halton County Children's Aid Society. He showed an interesting film strip of the work of the society. Mrs. Ward thanked Mr. Joliffe on behalf of the ladies.

It was decided to make inquiries regarding re-decorating the Sunday school rooms.

A donation towards the cost of overseas relief parcels was voted, also assistance towards the Mission Band picnic. Mrs. Stanley Norrish and Mrs. John Kitching assisted Mrs. Diamond in serving lunch.

Mr. Burton, of the Gideons, took the service at Ebenezer on

Sunday morning. Miss Sandra Blyth and Miss Joy Hayward sang a duet, "O Rock of Ages, Hide Thou Me".

Mr. Burton based his remarks on Psalm 119. It is divided into 22 sections, one for each letter of the Hebrew alphabet.

We should read the Bible, for it is the source of life, enlightenment, peace, hope, wisdom and guidance. Canadian Gideons now send help to India, Ceylon, Japan and Mexico. They have been giving New Testaments to Grade 5 pupils since 1946.

There will be no services at Ebenezer for the next two weeks. Let's welcome the Leeman's back with a good congregation on August 5. On the second Sunday evening in August there will be a Sunday school teachers' and officers' meeting when Mr. Leeman will discuss the new curriculum.

Winner in the junior section was Carol Swackhamer, R.R. 2, Acton and Lois Hunter, Burlington R.R. No. 1, won the novice division.

Also in the morning, the 4-H club members toured the Milton area and examined seven profiles of different soil types. During the tour they received instructions on judging land, in practice for the afternoon competition.

**MANAGER'S NOTES . . .**

Halton Co-Op, like the 152 Co-Ops in Ontario doesn't have all its eggs in one basket. It handles grain, feed, seed, fertilizer, petroleum and other products and services. Ontario farmers have built many elevators, but this one they own. Drop in and see it for yourself at Milton.

**Market Your Grain with Confidence Through HALTON CO-OP SUPPLIES**

MODERN SILOS AND GRAIN DRYING EQUIPMENT AT HALTON CO-OP SUPPLIES, MILTON, OFFER CONVENIENT MARKETING FACILITIES. THE DRYER WILL HANDLE 200 TO 700 BUSHELS AN HOUR. (DEPENDING ON MOISTURE CONTENT) ALL GRAINS ARE CLEANED BEFORE STORING.

**MARKET YOUR GRAIN WITH CONFIDENCE THROUGH HALTON CO-OP**

A weighting error of only two bushels on a load of wheat can mean a loss to you of about 1 1/2 cents per bushel for your entire load.

A one point error in "over moisture" can cost you 2 1/2 cents per bushel. Co-Ops, of course, are duty bound to give you accurate weights and tests at all times - for after all, it's the farmers themselves who own their Co-Op.

Your grain grade is effected by such things as test weight per bushel, foreign matter, heat damage, smut, etc. It can cost you several cents per bushel for grain improperly graded under No. 2.
