

FULLY COSTUMED INDIANS from the Toronto Township Day Camp paid a visit to Milton's Camp Owlsiga on Tuesday evening and held an Indian Council. About 50 parents and youngsters journeyed to the camp on Highway 25 to see the colorful event. The Indian Council was held around a large camp fire and tribal dances highlighted the evening. Local youngsters Brian Holmes and Cal Hiltz are shown getting autographs from attractive Indians Nancy Snider, Julie Brissenden, Wendy Wulff and Lynda Woodall.

W.M.S. Ladies' Aid Meetings Conducted

The Women's Missionary Society met on Thursday afternoon in the home of Mrs. W. A. Fraser. The call to worship was read by Mrs. Henderson. The meeting was opened by a hymn, "O Worship the King."

A letter was read from the Presbyterian president telling of a shortage in the 1963 budget and asking for each member to do their best to reduce the debt. It was decided to have a special collection at the September meeting.

Mrs. Pyatt was convener for the meeting and gave a paper on "Bible Reading." Mrs. Kennedy read a letter from the Eatons, telling of some of their overseas work.

Mrs. Norris was in the chair for the Ladies' Aid meeting. After the opening service, reports were heard and routine business attended to. Mrs. Ed Dredge thanked Mrs. Fraser for her kind hospitality.

District folks were sorry to hear of the death of two former citizens, Mr. Leonard Wickham of Hillsburgh and Mr. Ed Melmer of Toronto. The sympathy of friends here is extended to the families.

Sympathy is also extended to Mr. and Mrs. John Robertson and family in the passing of Mr. Robertson's mother. If she had lived till Christmas, she would have been 100 years old. She had been quite active until a short time before her death.

Mrs. W. A. Fraser has returned from a holiday in Orillia.

A few of the local people braved the rain on Monday to attend the Smith reunion at Milton. The weather cleared in the afternoon so that the races and sports could take place.

OUR FIRST "BOTTOMLESS": A few weeks ago The Champion (with tongue in cheek) presented the photo of the first "topless" bathing suit in the district — worn by a cute 18-month-old at Kelso's pool. This week our photographer caught a young man-about-town wandering up Main St. with his top on — but no bottoms! He was carrying his shorts in his hand while he wheeled his trike along the business section.

Your New Home

The services of a lawyer or notary are essential to ensure a successful business transaction. He should be consulted before any document is signed or monies paid.

A reputable builder is the best guarantee of a well constructed house. Some builders offer a written guarantee, usually for a year, on the homes they construct.

See Lawyer First

Before accepting any plan or offer of second mortgage financing you should consult your lawyer or your mortgage lender.

Check with local municipal office regarding zoning regulations, improvement taxes on municipal services such as public transportation and garbage collection.

If you are buying a house before it has been completed, arrange with the builder for a definite date for occupancy.

Do not make the final payment to the builder of your house until it has been fully completed and is free of possible liens.

Disappearing Act?

Somebody's playing tricks on Brian Best, local realtor and member of town council. Every few days, they "borrow" a hanging flowerpot from his Main St. business office . . . but it always returns to its position shortly afterward.

"I went out with a can to water it, and it was gone," Mr. Best reports. Next day it was back again. A few days later he headed out with the watering can (not using his hose, you notice) and the pot had once again pulled a disappearing act.

That was Saturday. On Sunday it was back again.

Six steers missing from the farm of Steve Trencs Jr. were located on a neighboring farm where they had wandered and mingled with the cattle there. It was believed the steers must have wandered through an open gate.
