

A CROWD ESTIMATED AT OVER 300 sat in Sunday evening on Milton's first open-air band concert of the year, staged by the Lorne Scots Military Band, in Victoria Park. Seated beneath the glow of yellow overhead lights, the 30-piece brass and reed band was directed by Cpl. Douglas Buckley, in the absence of musical director Capt. E. G. Corlett. The band represents the Peel, Dufferin and Halton Regiment of the Lorne Scots, and players come from all over the three counties, with many Miltonians in the group. The trumpeters, above, include local musician Ralph Foster at the right.

CLARINET SECTION of the Lorne Scots Military Band, which played Sunday's free evening concert at Victoria Park, included lady clarinetist Sue Stevenson of Burlington. Sue is flanked by Harry Ottaway of Streetsville and Gord Sylvester of Hamilton.

THE DEPUTY PLAYS A SAX: Yes, Milton's Deputy-Reeve Austan Ledwith is also a private in the Lorne Scots Military Band, and tooted his saxophone during the band's free concert Sunday evening in Victoria Park, attended by over 300. The program was the opening feature of the week of "Old Fashioned Days" so 11-year-old Anne Collison's old fashioned dress fit in well with the celebration.

OOM-PAH-PAH, OOM-PAH-PAH: The big silver basses (tubas) boom out a hearty beat, during Sunday's enjoyable concert in Victoria Park. Bass players with the Lorne Scots band are John Green and Phil Hess, both of Burlington. The twilight concert featured everything from stirring marches through overtures and a Scottish rhapsody, to the beautiful Hymn The Day Thou Gavest, and each number brought a rousing applause from the large audience.

HORNBY

Public School will Re-Open For Two Stewarttown Classes

By Mrs. J. McCarron
Green Willows Stables held a very successful meet on Sunday afternoon when a good crowd of parents and friends attended to watch the pony and horse show.

Mr. and Mrs. J. Lesley left last Saturday with sons Paul and Jimmy to enjoy a week's camping at Orillia.

Home from Hospital
Welcome home to Milton Brown from Brant Hospital, Burlington. Our good wishes for a quick recovery.

Mr. and Mrs. Brad Wright and family moved on Saturday to their new home at Baden, Ontario.

Birthdays Time
Best wishes for a happy day go to Heather Bailey, September 3; Mrs. William Tallon, Ray Archer and Mrs. Ed Robertson, September 7; and Jim Hamilton, September 8, all celebrating birthdays.

TAKES TIME
The Ontario Safety League reminds drivers that cars "just don't stop on a dime". Even at the modest speed of 30 mph an alert driver, with good brakes, needs more than twice the width of the average intersection to stop his car.

Sunday noon at the home of Mr. and Mrs. Charles Austin over 40 relatives including the new grandson, Timothy Austin, gathered to honor Mrs. Swanston on the occasion of her 83rd birthday. A good time was enjoyed by all.

NOT CRICKET
The preacher at the close of his sermon discovered one of his deacons asleep. To teach a little lesson, he announced, "We will now have a few minutes of prayer. Deacon Hack will lead."
"Lead?" said Deacon Hack, suddenly awaking. "I just dealt."

O.K. Dad,
you can call it quits now.

Confederation Is Stamp Theme

A new five cent postage stamp to commemorate the 100th Anniversary of the Quebec Conference that led to Confederation will be issued by the Canada Post Office on September 9, 1964. It was announced today by the Honourable John R. Nicholson, Postmaster General. The stamp will be the seventh special issue in the 1964 program.

In announcing the stamp, Mr. Nicholson recalled that it was at the Quebec Conference of 1864 that delegates from the provinces which are now Ontario, Quebec and the Maritimes hammered out the Seventy-Two Resolutions which eventually formed the core of the British North America Act of 1867, Canada's written constitution. The conference was, therefore, one of the milestones on the road to the creation of the Canadian Nation.

IN SOME WAYS WE'RE STILL A LITTLE BIT

"OLD FASHIONED"

Even Though the Hardware We Sell Reflects Current Trends . . . the Ethics and Principles that Have Guided Us for More Than 50 Years Remain Unchanged!

WE BELIEVE that to deal fairly with our customers is an obligation which we should never forget.

WE DO NOT BELIEVE in a gift as a bribe to get you to buy.

WE DO NOT BELIEVE in pricing some merchandise high enough to permit us to "make deals" on other merchandise. WE BELIEVE that when a customer buys from us he should be able to do so without any misgivings.

THE CONFIDENCE of old customers is one of our most valued assets.

WE BELIEVE our prices meet legitimate competition and strive to keep them so at all times.

TAILGATERS TRESPASS on the protective space behind other cars by following too closely.

They caused over 7,000 accidents in Ontario last year because they didn't leave a safe stopping distance between cars.

Safe stopping distance is at least one car length between your car and the one ahead for every 10 miles of speed. At 60 miles an hour you should be six car lengths behind the car in front of you.

If a tailgater is following you too closely, here's a tip from the Ontario Safety League. Slow down a bit to leave more space between your car and the one ahead. With extra stopping room in front, you're not so likely to have to come to a quick stop . . . and not so likely to be rear-ended by the tailgater.

Are you still shovelling coal, chopping wood, sifting clinkers, hauling ashes, coughing out coal dust and fussing over a furnace? Don't you sometimes want to call it quits?

Then why not consider these facts about modern automatic gas heating.

Fact number one: fuel costs for gas heating are consistently lower than for liquid fuel or so-called "flameless" heating.

Fact number two: The switch to gas is remarkably inexpensive. You can rent a gas conversion burner for as little as \$2.95 a month, installed into your present furnace and payable on your regular gas bill.

You can buy a new gas designed furnace for as little as \$3.80 a month and you can take up to five years to pay if you wish.

Fact number three: no other fuel is so dependable as gas.

You never have to order natural gas—it's always there. Stormy weather can knock out power lines and snarl traffic but it can never keep gas from heating your home.

It's no wonder that over a half a million people in Southwestern Ontario enjoy the advantages of natural gas!

Quit the coal habit and join them. Call your heating contractor, department store or gas company soon.
