

Congratulations, Knight's, on 34 Years of Service to The Community

C. B. "Bus" Knight, owner of Knight's Men's Wear at 202 Main St., Milton, today extended an invitation to everyone to drop in and see his recently redecorated and modernized store.

This weekend, visitors can leave their name to qualify for one of 22 free gifts provided by the suppliers who serve Knight's. The merchandise gifts are valued at nearly \$500.

"Bus" Knight got his start in the clothing business in Milton in 1931 when he went to work at a clothing store in what is now the Syer's and Campbell's Store on Main St. He eventually purchased the business and in 1939 moved to his present location where he has been expanding and modernizing frequently to meet the needs of the growing community.

Seventeen years ago Art Melanson, a native of Nova Scotia,

came to Milton to play with the hockey team and he began working with "Bus". A few years later they went into partnership to open a second store, Knight's Ladies' Wear on Martin St. This store was sold to Henry and Flora Sloski about 10 years ago and is known as The Flora Shoppe. The Flora Shoppe remained on Martin St. until last year when it moved to the former Dominion Stores site on Main St.

When they sold the Ladies' Wear business, a limited company was formed and Knight's Dry Cleaners was founded at 300 Main St. Mr. Knight and Mr. Melanson still operate the cleaning plant and this business had also expanded with the growth of the community.

Others on the staff at Knight's Men's Wear today include Fred Verstraete, the tailor and sales clerk, who arrived here from Belgium seven years ago. Paul Martin has also been on the staff on a part time basis for the past two years.

Knight's has a reputation for handling only the finest quality merchandise, at prices comparable to any better men's wear store. For years they have been agents for the well-known Warren K. Cooke, House of Hobberlin and Saville Row tailored-to-measure suits. Knight's also carries a large stock of ready-made suits plus a full range of other men's furnishings.

The remodelling, besides brightening up the interior of the store and allowing for more display cabinets and shelving, has turned the former storage room at the rear of the store into a "Custom Shop" for displays of suits and coats and tailored-to-measure wear.

Congratulations, Knight's, on 34 years of service to the community and the foresight shown in your modernization and expansion program.
