### WHIRLWIND by TORO.

As your grass grows, it lies flat. It's hard to cut. But Toro's Whirlwind with "Wind-Tunnel" action has so much pulling force . . . it actually pulls the grass up for a more even cut. Then it discharges clippings swiftly, smoothly. Bags beautifully. Leaves your lawn spotless.

Come in . . . see both 19" and 21" Whirlwinds by Toro.

Open 7 a.m. - 10 p.m. Mon. Thru Sat. Sunday from 10 to 10

Cooking can be fun

when you get the features you want.

You get highest trade-in values on your old stove.

You get low prices and easy terms.

Why else would you move up to a new gas range

before June 12th?

. BURNER-WITH-A-BRAIN. This tiny thermostat in the centre maintains the exact temperature you select, making all your utensils automatic.

8. CENTRE SIMMER BURNERS. Each is two burners in one: a large double ring for superspeed heat and a tiny "keep warm" pinpoint ring in the centre. You can actually "fine tune" to any heat -level you need.

9. FLUORESCENT LIGHT. Additional illumination on the cooking surface when you need it.

10. COOK-AND-HOLD CLOCK CONTROL gives you complete control over your range. When cooking is completed, oven temperature is automatically turned down to keep the food at serving temperature till you wish to serve it.

1. EXTRA BOILER. Separate broiler located beneath the baking oven gives you exclusive "closed door" broiling for the flame-kissed flavour that only gas can give.

(Moffat Gourmet model No. 60K275W)

Because you get this FREE Dupont TEFLON heavy duty 10" skillet (including lid and spatula.)

the oven is free for casseroles and

other "clean cooking" dishes.

Watch your cooking! No more

losing heat control. And the door

opening the door, peering in,

lifts off for easy cleaning!

6. OVEN PICTURE WINDOW.

See your gas appliance dealer, department store, or United Gas Limited before June 12th. See how gas makes the big difference.
