

HALTON COUNTY COUNCIL BRIEFS

During the regular meeting of Halton County Council Tuesday, members:

- Were assured the deer hunt recommended by representatives of the Department of Lands and Forests would not be endorsed unless neighboring counties were also willing to participate. A three-day hunt was proposed to coincide with the opening days of the hunt in Northern Ontario. Discussions are to be held with neighboring counties. A recommendation is to be presented at the next meeting of Halton County Council.

- Were assured meat inspection of slaughter houses in the county would be undertaken by the province as soon as possible. The Health Unit has been conducting the service in the past but does not have sufficient inspectors to continue this work, which is now a responsibility of the province.

- Heard reports the new home for the aged being constructed adjacent to Halton Centennial Manor was proceeding, after delays in the supply of steel had been overcome.

Civil Suit Over

Authority to Submit Proposals for Parking

Members of the Milton Parking Authority, meeting with Milton Council Monday, agreed to submit a proposal on parking to the Council's July 5 meeting. They declined to comment on a recent civil suit in which they had been involved. J. M. Ledwith indicated the Authority had not had time to consider other problems, but the parking problem still existed and "it's not going to get any better".

He noted parking was needed on Mill St. and one lot was already owned. "We have the nucleus of some good parking, but we have to realize parking is not cheap," he told council. Councillor Addison acknowledged the uncertainty of the recent court case had been a cloud, but it was hoped now that was settled, the Authority would come up with some pretty reasonable proposals.

Mr. Ledwith agreed this should be possible and set a date of July 5 for further discussions with council.

Councillor B. Best pointed out the Authority had brought proposals to council before but they should be commended for their continuing effort. "We need more action around the council table, not more reports on which we can take no action," he suggested.

Mr. Ledwith indicated council was not entirely to blame. He did, however, object to continued references in an Oakville paper that town funds were used to pay taxes on property the authority members owned. He maintained this had been clarified but the paper had persisted in printing this misstatement.

The two groups agreed to meet again July 5.

MORE THAN 30 CUBS and Scouts from the First Hornby Cub and Scout Group marched to St. Stephen's Anglican Church on Sunday morning for a flag dedication service. At an 11 a.m. service Canon Maxwell dedicated a Red Maple Leaf flag. Youngsters are shown here as they march to the church.

Four-Week Day Camp

Plans Interesting Programs

Children aged 7 to 14 could spend any or all of four weeks this summer learning and playing under the guidance of four trained leaders at the Kelso Conservation Area.

The Recreation Committee has arranged day camps at Kelso from July 19 to 23, July 26 to 30,

August 9 to 13 and August 16 to 20. Fees are \$5 per week. This includes transportation to Kelso every morning and back to Milton at 4 p.m. Milk will also be provided for the children at lunch hour.

Every public and separate school child has been provided with a registration form for

camp. For more information parents are asked to call recreation director Bob Small at 878-3112 between 9 and 12 a.m. or visit him at the town hall.

Day camp director Paul Foster and his assistants Jean Wilson, Lee Joliffe and Allan Lynde are planning four different programs for the four weeks of camp.

Two examples of the play programs planned for children attending the week-long camps are fort building using shovels, twine and sacks and the children's own initiative; and a pancake baking contest during which the children will be taught to lay and light a fire make a frypan from tin foil and a coat hanger, cook a pancake and clean up the fire area.

The highlight of each week's program will be a sleep-out at the conservation area. Recreation director Small reports that the committee has the permission of the Conservation Authority to hold the camp-outs. The day camp staff will spend the night with the children.

Parents will be invited to attend a prepared program at each of the sleep-outs. This will include a council fire ceremony at which awards will be presented to the top team of the week and to the child who gains the most points for work done during the week. Bars will be presented to winners of all events.

Tents will be provided for the camp-outs and the children participating will enjoy a wiener roast and a sing song before turning in for the night.

The recreation committee has advertised the day camp program on Toronto and Hamilton radio stations. This has brought outside interest from Burlington, Oakville and Hamilton. One Hamilton mother called to find out if her children could register if she brought them to town every day. The day camp can handle 40 children each week and those interested are urged to register immediately.

\$229-422,000 Prices Received On Bids for Mountsberg Dam

Tenders ranging from \$229,069 to \$422,866.20 were received by members of the Halton Region Conservation Authority for construction of a dam at Mountsberg during their regular meeting Thursday.

The six tenders were referred to the Authority's engineer for study and presentation of a recommendation to the executive committee meeting later this month.

The dam planned at Mountsberg will flood approximately 500 acres. It will have an effective storage of 2,150 acre feet. The dam will consist of a concrete overflow spillway of 250 feet in length and about 18 feet deep. It will be located in the Mountsberg Conservation Area about 14 miles west of Milton, south of Highway 401.

The lowest tender was submitted by Mann Construction Ltd. at \$229,069, followed by King Paving at \$269,058.75; Albershot Contractors at \$320,603.55; Swansea Construction Co. at \$321,546.10; E. and E. Seegmiller at \$353,721 and Redfern Construction at \$422,866.20.

Review the Field

Chairman R. Sherwood reported on his attendance at a recent meeting of the Chairmen of Ontario Conservation Authorities at Albion Hills. He reviewed plans for centennial forests in the province, the anticipated introduction of maintenance grants for the salaries of dam operators; the cuts in administrative budgets of authorities across the province; and plans for a select committee to review the entire field of conservation.

Commenting on the plans for a centennial forest, George Atkins proposed the Halton Authority plant a 10 acre tract in white oak for the benefit of future generations.

The Halton Authority was singled out by the deputy minister in his address to the authority chairmen, Mr. Sherwood reported, for the amount of volunteer service that is extended on its behalf in the work of conservation.

The authority instructed the field officer to determine if fish ladders were necessary in two private dams upstream from the Kelso Dam. Mr. Murray noted a fish ladder was already included in the dam at the Campbellville Gravel and Supply and the second dam was not high enough to require one.

Reporting for the public relations advisory board, George Atkins outlined plans for a tour of conservation areas being arranged for the members of municipal councils and municipal officials.

Convention Here

The authority's invitation to hold the Conservation Authorities' Conference in Halton in 1966 was accepted and dates are to be set. The conference includes representation from the province's 34 conservation authorities. It will be held in the fall of 1966.

The authority accepted a recommendation of its Maintenance Advisory Board that an architect be engaged to prepare a design for a permanent gate house at Kelso, and a restaurant. The committee recommended the plans be made this year so cost estimates might be obtained for the 1966 budget.

80 Register to Date For Swimming Lessons

Twelve or thirteen registrations a day are being received for swimming lessons at the Milton Community swimming pool this summer, recreation director Bob Small reports.

There have been 60 registrations for the first course which runs from July 5 to 25, and 20 have registered for the second course which runs August 2 to 22. Children must be six or over to participate in the lessons.

The swimming pool was filled during the week and is being tested for leaks. The dressing rooms have been painted in preparation for the summer rush.

Keep off the Grass

The recreation committee has had 25 loads of top soil dumped around the pool in order to plant grass there. It is expected that this will cut down the heat in the pool area and that less stones will be thrown into the pool. The committee hopes that the public will co-operate and stay off the new grass.

Recreation director Small also notes that the wading pool in Rotary Park will be drained and painted. Plans call for a new fence to be erected around the wading pool. Mr. Small hopes that a pump will be available so that water in the smaller pool can be changed every day in order to make it safe for youngsters to play there.

The recreation director will attend a Red Cross Instructor's Course in Guelph from June 29 to July 2. The course runs from 9 a.m. to 10 p.m. and will enable the director to help out with the swimming lessons if he is needed. He will be awarded a Red Cross Instructor's Certificate on completion of the course.

Visits all Sites

Mr. Small plans to visit all three of the playgrounds every morning and then to be in his office in the town hall in case parents wish to get in touch with him. His secretary, Heather Callaby will be in the office all afternoon. In the afternoons the director plans to visit the swimming pool, the day camp at Kelso and the three playgrounds again.

A new feature has been added to the playground program. Films will be obtained from the National Film Board of Canada and shown at the W. I. Dick and J. M. Denyes playgrounds in the afternoons. Children from the Rotary park playground will be able to go to either of the other playgrounds to see the films, which will be on general topics.

Piano Recital By 17 Children

The Friendship Room of St. Paul's United Church Christian Education Centre in Milton was decorated with baskets of lilies, honeysuckle, spiraea and peonies on Saturday afternoon, June 5, for the annual piano recital by students of Mrs. Marshall McLaughlin, R.R. 3 Milton.

Those taking part in the program were Billy Webb, Bonnie Hunt, Mary Lou Jefferson, Hugh Marshall, Joanne Wilson, Anne Mahon, Dennis McClure, Leo Sosnowski, Douglas Mahon, Elizabeth Fisher, Anne McClure, Barbara Brownridge, Donald McClure, Jim Marshall, Lois McNabb, Thelma Carney and Sandra McLaughlin. Sandra and Robyn Simpson were absent due to examinations.

After the program Jim Marshall in some well chosen words, expressed the thanks of the students to Mrs. McLaughlin. Joanne Wilson presented her a gift of Corning Ware, and Mrs. McLaughlin expressed her thanks to the students for their thoughtfulness.

Denyes School Library Is Considered by Board

Milton Public School Board trustees agreed to study the possibility of establishing a library at the J. M. Denyes Public School for the 1965-66 school year, when they met Monday evening.

Trustees Don Stinson suggested, "We should put a blitz job on the J. M. Denyes school this year, the Martin St. the next year and then the Bruce St., but not at the total exclusion of the other schools." A successful library system has been developed at the W. I. Dick St. school and Board members are anxious

to have a similar system at each of the other schools.

Trustee Douglas Cruickshank suggested a meeting between the principals of the schools and the local librarian could be advantageous. He noted there was bound to be a duplication in the purchasing of some books and if it was possible for representatives of all the libraries available to children to get together, they might figure a way to make more and better books available.

Board members agreed to continue the discussion at another meeting.

Public School Board Briefs

At their regular monthly meeting on Monday evening Milton Public School Board trustees:

- Gave the Milton Recreation Committee permission to use the corridors, the washrooms and one classroom at both the W. I. Dick and J. M. Denyes schools for their recreation program this summer.

- Attached a number of Bruce St. kindergarten pupils for the fall term to the J. M. Denyes school. Parents affected by the change have been notified.

- Hired Len Archer of Port Elgin as caretaker for the W. I. Dick school, effective July 1.

- Agreed to call tenders for the demolition of the office building, garage, warehouse and house located on the Smith Transport property adjacent to the Bruce St. school. The Board just recently purchased the property.

- Received a letter from the Department of Education approving the starting of a senior opportunity class at the Martin St. school in September.

- Agreed to grant accommodations to the Milton Horticultural Society for their monthly meeting at the Martin St. school. While renovations are being made at the Martin St. school, the Board will make available other accommodations.

- Received a report from Milton Area Fire Chief A. E. Clements concerning the inspection of the Bruce St., J. M. Denyes and W.I. Dick schools. The board agreed to make the improvements suggested as soon as possible.

- Authorized E. B. Clements, insurance agent, to carry out the

BLOWOUT ACCIDENT

A small foreign car driven by Sylvio J. Belisle of New Toronto received \$500 damage Wednesday of last week when a blowout caused the car to roll over in the median on Highway 401 just west of the Fifth Line overpass, Nassagaweya. The driver suffered concussion and facial and hand lacerations, Milton O.P.P. report.

Local students are graduating from universities and colleges this month. Remember, The Champion will publish your graduation photo.
