

# Corn Harvest Best in Years

**By Mrs. Cecil Patterson**  
Despite unfavourable weather conditions and a very late seeding, harvest in this district is now under way and is turning out very well. The corn crop is the best in years, and many farmers are reporting a good yield of seed from alfalfa.

Mr. and Mrs. Kerry Montgomery of Brockville are enjoying a visit with their parents, Mr. and Mrs. Jack Trischler and other relatives and families. Mr. and Mrs. Montgomery moved to Brockville in July from Toronto where Mr. Montgomery will be on the staff of the High School as science teacher and his wife is a nurse at the local hospital. We wish them success in their new positions.

Friends are sorry to learn that Mrs. Jim Biss of Port Credit is a patient in Oakville Trafalgar Hospital. We extend get well wishes.

Peter Trischler holidayed last week in Brockville with his sister Hertha and brother-in-law Kerry Montgomery.

Mrs. Will Devlin has returned to Milton Hospital for further treatment. Friends wish her a speedy recovery.

We extend sincere sympathy to Mrs. James Walker on the passing of her husband in a Toronto Hospital on Monday, Aug. 30, suddenly from a heart attack. Mrs. Walker is the former Lexy Campbell of this district. They had no family. Funeral service and interment were in Toronto on Wednesday, August 1.

## Two X-Ray Technicians Now on Hospital Staff

Two new X-Ray technicians joined the staff of Milton District Hospital last week.

Alan Odenbach, who will head the X-Ray department, comes to Milton from the Canadian Armed Forces Hospital at Kingston, where he served as a Corporal. He was trained in medical radiology at Sunnybrook Hospital, Toronto, and has experience in several hospitals across Canada. His home is Rimbey, Alta.

His assistant is Miss Nancy Bonner of Galt, who graduated this year as a registered medical radiology technician following a course at South Waterloo Memorial Hospital, Galt.

Hospital administrator Dalton McQuaig said the X-Ray department was formerly staffed by one technician but the increase in the volume of work in the past few years has necessitated the increase in staff.
