## Bell Customers Suggest Acton In Expanded Free Calling Area

Commenting on reactions to Bell's plan to eliminate long distance charges between Milton and Burlington, Georgetown and Oakville, H. A. Blachford, manager of the Oakville area, today noted there was some indication that Milton customers would like to see Acton included in the proposal.

"The addition of Acton would present a different situation than the addition of Georgetown, Burlington or Oakville," he said. "The number of telephones which would be added to the local calling areas of these three exchanges under our current plan would not be enough to increase their rates, Acton would gain enough additional phones on a local calling basis that a rate increase in the Acton exchange would be mandatory."

Bell rates, which are governed by the Board of Transport Commissioners for Canada, are determined by the number of telephones which can be reached without paying long distance.

On this basis, Milton customers will pay a rate increase if the current plan receives approval. They would have more than 47,000 telephones added to their toll-free calling area, enough to warrant a rate increase of \$1.05 a month for an individual residence line, 80 cents a month for a two-party line and 50 cents more for multi-party service.

"Decisions concerning a calling plan between Acton and Milton must be determined by our Acton customers," Mr. Blachford said. "They are the ones who will have to pay for it."

## Manor W.A. Bus Trip To See Fall Colors

Halton Manor Auxiliary met on Wednesday September 1. Mrs. S. Allen opened the meeting, and welcomed everyone back after summer holidays. The auxiliary prayer was said in unison.

The president reported on handicrafts and it was decided hobby craft would be held every morning from 9:30 to 11 a.m. As volunteers are badly needed, anyone would be welcome any morning.

A new sewing machine will be purchased and Mesdames Allen, Hull and Randall will do the buying. A beautiful rug, hand made and donated by a staff worker was on display and after some discussion, it was decided to keep it until the annual bazaar.

### Bus Trip

Mrs. Lockie is to arrange for a bus trip, later in the month, so the residents could view the fall leaves. After the meeting adjourned, Mrs. Allen and Mrs. Hill served coffee, tea, and a delicious lunch.

### BLAME PORKY

When fire destroyed a prospectors' camp and two acres of bush in Middle Sampson Island in McGregor Bay, investigation revealed that the blaze had been started by porcupines chewing and igniting wooden matches in a cardboard box stored in a larger carton containing a number of loaves of bread; the centres of all the loaves had been chewed out. Lesson: Store matches in a solid container.

THERE WERE PLENTY OF HIGHLIGHTS at the Steam-Era reunion in Milton over the weekend. At left, Hamilton and Toronto visitors John and Jim Ramsey, Malcolm Valentine and John Edwards look over a corn cutting box that was displayed in the "Barn of Yesteryear" hall full of agricultural antiques. In the next photo Mark and Stephen Ketchen of Brampton are awed by a three-quarter inch scale model of a New York Central railroad engine displayed by P. C. Gelsthorpe of Belleville. The

two "giants" in the next photo are Michael Merritt of Milton and S. B. Edmonson of South Porcupine, who look over two model steam engines Mr. Edmonson made. At right, Halton Junior Farmers Joy Hayward, Verna Thompson and Linda Warner are shown with the Junior Farmer float from which they sold aluminum canes, fire extinguishers and Slow Moving Vehicle signs at the reunion.
