(Continued from Page B4)
 proceeding westbound on the highway. Mr. Nesbitt said he passed the Cadillac a couple of times. As he approached the Highway 25 cutoff near Milton he saw a "dark, older model car" proceeding east in the westbound lanes. Saverio Brancatti of Toronto, who works at White Oak Trailers in Milton, was also westbound and his car was quite close when the collision occurred. Mr. Brancatti said he was in the driving lane when the accident happened in the passing lane, and he had to pull onto the shoulder of the road to avoid a collision. He and a passenger William David Forbes of Oakville saw the eastbound car approaching moments before the collision. Another witness, Erwin Faruzel of New Hamburg, also testified that the Cadillac driven by Rockel was westbound. Mr. Faruzel said he was driving westbound and when the Cadillac passed him his wife remarked it looked like a neighbor's car. "Ten car lengths after it passed me, there was a crash," he reported. Mr. Rockel, whose car was involved in the collision with the one driven by Jess, said he was in Toronto all day and left the Seaway Towers Hotel around 11 p.m. "I looked up and saw two headlights in front of me," he told the inquest. Mr. Rockel estimated his speed between 60 and 70. He was seriously injured and spent three weeks in hospital, and appeared at the inquest walking with the aid of crutches. "You were very fortunate", Mr. McWilliams said.

Two Signs on Ramp
 Const. Ormsby testified the Jess vehicle was not equipped with seat belts, no liquor was found in either vehicle, and no skidmarks were left by either car. Mr. Jess' driving record showed three accidents in the past three years one of which caused him to lose three points. The exit ramp from Highway 401 where Jess is believed to have entered the wrong lane of the highway, is signed by two signs, one reading "One Way, Do Not Enter" and the other "Keep Right" with an arrow, he testified. The Constable said he had made several inquiries trying to learn where the deceased was between 10.45 when he left the Steele home, and 11.30 when the accident happened, but was unable to explain the time lapse. He noted Mr. Rockel had volunteered a blood sample with no hesitation whatsoever. The laboratory worker earlier testified there was no alcohol content in the Rockel sample.

High School Board

In a routine meeting last Wednesday evening members of the Milton District High School Board:

- Approved payment of the \$2,000 holdback on construction to Colt Contracting Ltd.
- Noted enrolment to the end of March was 631.
- Instructed the property committee to investigate the relocation of the football field to the proper size.
- Approved the application from the Halton Junior Farmers for use of the gymnasium for sports activities one night weekly during May and June.
- Approved a capital budget projection of \$1,000,000 over the next five years.
- Approved payment of accounts totalling \$29,392.46.
