## and

By Arn Coulson

As the poets say, "What is so rare as a day in June?" June to the outdoorsman is like a dream come true. It's that first camping trip with the family after a long winter of planning with the kids and mom. A good camp-out that is successful is planned well in advance.

A trip to your favorite lake or just a few miles from home to the country (with or without mosquitoes) is a thing of joy to kiddies and a place for quiet meditation for man.

A man feels mighty small among trees. Go to a woodland where the trees are tall and stand in awe; trees that have known the blizzards of winter and the heat of summer for a century.

No man need feel lonely if he loves the trees and the bush. In a society in which we are living that is moving all too fast, a quiet walk among the great trees and the creatures of the forest can do an awful lot to ease the tension of modern day living.

The Halton Sportsmen held their regular meeting last week, and in spite of gardening and fishing a large number turned out. Plans were made for some work bees and to finish construction of the electric trap house.

Ron Marshall, Ted Bloom and Ira Murphy and friends from the Club went to Hollow Lake at Dorset last week and returned with 23 nice Lake Trout.

Alex Jack, Ted Dorn and Mike Jordon of the Appleby Line all returned last week from a fishing trip to the White River district. A full catch of Lake Trout, Pickerel and Pike were brought back. These lads are all ardent fishermen and the trip took a lot of planning but paid off for them. They drove to Hearst and then flew in about 150 miles by Cessna aircraft. The Lake Trout brought home averaged 16-19 pounds, the Pickerel 5-11 pounds and one Pike in particular tipped the scales at 31 pounds 4 ounces. The boys tell me this trip cost them about \$125 each but was well worth it. It has been cold up in the north they report and so far up there the mosquitoes and black flies were no problem, but don't forget, this is in the James Bay area.

Bruce Coulson fished Hollow Lake last weekend with Gus Parchem of Kilbride.

Wayne Auckland, Anne Furness and Jim and Linda Coulson caught good Walleyes in Lindsay district last weekend.

Reports from Lands and Forest on fishing the past week are in Kenora and Kapuskasing area, Walleye slow, Lake Trout slow, Pike good; North Bay -Walleye good to excellent, Pike fair, Lake Trout poor; Lake Simcoe—Walleye fair but small catches, Pike good to excellent, Lake Trout poor. From Lindsay district 2-14 pound Lake Trout were taken from Drag Lake, Walleye fair; Tweed District - Lake Trout good to fair, Rainbow Trout poor, Panfish good, Walleye excellent, live bait being used on Walleye and Lake

Anglers can almost take their pick of bait that is proving successful this season. They cover almost everything in the lure box from worms, live minnows, minnow lures, spinners to woblers, june bugs and feathered

For you folks who are going to sleep out this summer at camp or cottage or even at home, comes good news in the form of a new space blanket handed down from the wizards who design the astronauts' clothing. It is 10 times warmer than wool on a pound for pound scale. The blankets come in a survival kit or can be bought as just straight blankets. They don't crack, mildew or rot and you wipe them clean with a damp cloth. They are being distributed by the Norton Co. of Canada. They can be bought at sporting goods stores in Hamilton. We may add that these blankets are also waterproof. Might be worth looking into!

A last word to campers: just remember not to venture too far down that unfamiliar trail through the woods without a guide, a reliable compass and an up-to-date map of the area. Area maps may be bought for as little as 25c and are a good investment, although good area maps will cost you \$1.00

The Lands and Forest motto for the month is "Forest Fires are a Burning Shame".
