

## 350 senior citizens enjoy Zone 13 picnic

Senior Citizens from the club in town were among 350 who enjoyed a wonderful day at the Zone 13, United Senior Citizens of Ontario picnic held in Lowville Park, north Burlington, on Tuesday of last week.

The guests represented two clubs in Aldershot and one each in Acton, Milton, Georgetown, Oakville, Burlington, Bronte, Streetsville and Brampton.

After the noon picnic lunch Burlington club president Mr. Marsh, Zone 13 president Tom Bradley of Milton, Burlington Mayor Lloyd Berryman, Halton M.P.P. George A. Kerr, Burlington recreation committee member Mr. Wright, and Dr. Dutton of the government's Community Programs Branch spoke and welcomed the visitors.

Games were conducted during the afternoon, with participants winning 45 prizes in the 13 events. Burlington recreation director Robert Sones and his assistants helped organize and run off the contests. Highlight of the fun was a "dream dress" competition in which women dressed men. Bob Laking and Mrs. W. Service of Milton were prize winners.

There were also prizes for the oldest lady and gentleman present. Mrs. Mabel Crozier of Streetsville won the ladies' prize. She is 88 and attributes her longevity to being raised on a farm, hard work and having a large family. The oldest man was 93-year-old Harry Claridge of Brampton, who owes his long life to being born on a farm,

working hard and "marrying a good cook".

Zone president Bradley summed up that it was "a very successful event, and we were certainly favored with a beautiful day for our outing." The next zone event is the annual fall rally which may be staged in Milton.

## Surprise party for C. Bridgman's 44th anniversary

Mr. and Mrs. Clarence Bridgman were treated to a surprise party on Sunday, on their return home after a three week holiday at their summer cottage on Lake Francis. All of the children and grandchildren were gathered at the couple's new home on the Walker's Line to celebrate their parents' 44th wedding anniversary.

After a smorgasbord dinner on the lawn, the couple were presented with gifts and flowers, and served wedding cake and ice cream. The Bridgmans were married June 3, 1922, and have 10 children and 17 grandchildren, and still reside on the farm where Mr. Bridgman was born.

—Plan to give blood at the next Red Cross blood donor clinic Wednesday, June 6.

—Children are busy these days, drawing posters for the Red Cross water safety poster contest. Entries must be in by June 24.

### MOST NEARLY PERFECT

The cow has been called the foster mother of mankind. Three to four glasses of milk each day for teenagers and children (or the equivalent in such dairy foods as cheese and ice cream) supplies about 25 per cent of daily protein needs and 71 per cent of the calcium requirement. At the same time, the recommended milk intake will furnish approximately 15 per cent of the vitamin A needs, 46 per cent of the riboflavin and 10-12 per cent of the thiamine. The nutritive values were recognized long before the scientific details of "why" became known.

### DAIRY RESEARCH

The Food Products Branch of the Department of Industry has issued a report on Dairy Research in Canada. Last year, 46 professional staff, including 36 Ph.D.'s, 17 supporting staff and 38 post-graduate students, were engaged in Dairy Research at Canadian Industries. Of the more than 60 research projects in hand, nearly one half were related in one way and another to dietetic and nutritional aspects of the components of dairy foods.

Commentary by Historian Arnold Toynbee and James Beveridge.

The Faith of one people is a mystery to another, an unknown road to a destination all men seek. Examined by the film, the strangeness of other religions lessens; with the help of commentators you see more clearly where these four religions differ, and where they agree.

## "Inadequate"

### Grand jury raps jail

Recommendations for improvements at Halton County Jail in Milton and also for investigation of the condition of one road at R.R. 1 Terra Cotta, were submitted last week by the Grand Jury to his Honor Judge Alan B. Sprague.

strongly recommend construction of new jail facilities immediately."

The last several grand jury reports have practically all carried similar recommendations.

Regarding the R.R. 1 Terra Cotta road the jury said "this

is an important county road as it leads to the Terra Cotta Conservation Park. We wish to report that most of the year it is necessary to drive in first and second gear. There are 22 homes including the conservation park along a two-mile stretch of the road, yet it is one of the worst roads in the Township. There is literally no gravel left on this road, which consists of clay, stones and mud."

After touring the jail, the jury consisting of foreman Edwin Gunby, E. Dinah Edwards, William Harris, Chris Vandervoort, William Black, Donald B. Hart, and Thomas Gordon indicated, "It is the unanimous feeling of this Grand Jury that the facilities in the County Jail are totally inadequate for the segregation of first offenders, prisoners sentenced and waiting transportation to other institutions, and prisoners awaiting trial.
