

Announce New Healing Substance: Shrinks Piles

Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most important of all—results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.

Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores. Satisfaction or your money refunded.

Plan to attend 114th fall fair

Out-of-town visitors to the weekend Steam-Era should be sure they return to Milton on Sept. 23 or 24 to take in Milton Fair, the 114th annual fall fair sponsored by the Halton Agricultural Society.

This year's fair promises to be one of the biggest on record. Halton and neighboring exhibitors are already lining up their cattle, produce and other exhibits for the competitions.

The show features contests for cattle, poultry, fruit and vegetables, horses, goats, sheep,

swine, domestic and preserves, flowers and plants, arts and crafts, junior farmers and school work. A large midway will feature rides to thrill all ages, plus that country - style food that makes a fall fair famous.

Harness horse racing will be featured on the quarter - mile track and Vince Mountford will be along to be master of ceremonies for the show.

—Happiest faces around town on Tuesday morning were those of students heading back to school after a two month holiday.

You could not do as simple a thing as Read this . . .

if someone had not taught you!

A TEACHER IS
SOMEONE

Someone special

Someone who shapes tomorrow.

Someone who guides and kindles and makes grow.

Someone who shares knowledge . . . and dreams.

Someone

whose greatest joy is to watch a child's
mind expand and flower.

Our Teachers

It is a pleasure to honor and have you in our area. We are genuinely interested in serving you well. Come in and get acquainted.

We look forward to seeing you soon.

MILTON DEPARTMENT STORE

A teacher is someone who may very well be doing the most important job in the world. And today, a difficult job, because the world is more complex, knowledge is more complex. How much simpler it must have been one hundred years or so ago to be a teacher, when you taught the same thing in the same way that had been used for centuries . . .

when a slate, a primer, and a dunce cap were the main teaching tools. But how many fewer children went to school, and how much less they learned! Today's teachers, on the other hand, keep up with the changing world. If you are a parent, you are well aware of this. You need a book on the

new math to understand what your children are learning.

364 days a year, we take our teachers for granted. Today, however, the opening day of school, is a good day for us to remember, and by this word, to honor teachers . . . today's, tomorrow's, and yesterday's teachers.

Milton Department Store would like to say thank you to all of the teachers of Milton and District and all of Milton's trade territory. We would like to say thank you for ourselves as a part of this great area of Ontario. Thanks to each of you for the wonderful job you are doing.
