**BELL
LINES**
by Arnold Blachford,
your telephone
manager

Canadians today seem to have taken to the open road
to travel and enjoy their own country during vacation time.
Perhaps we are becoming a nation of people on the move;
more than ever people seem to move from one community to
another, or to different homes within a community. To for-
mer generations who seemed to look upon moving as a chore
to be undertaken only when absolutely necessary we must
seem like a nation of Arabs who fold our tents and steal away.

In five times. So I know many of the things that can
make a move go more easily and smoothly. The telephone
just about heads the list. Before a move the telephone seems
in constant use, helping us to speedily check on the hund-
reds of last-minute chores. On arriving at our new home,
the telephone is almost the first thing we need, to again
save time establishing ourselves in a new community. We'd
wear ourselves out running all the errands that the telephone
does so effortlessly and quickly.

We, at Bell Canada, know what a help the telephone
can be at moving time and do our best to install your tele-
phones as quickly as possible. Although it may take our
installer only a few minutes to get your telephone in work-
ing order, the "behind the scenes" details require much
planning. Considerable work must also be done in our switch-
ing units to provide you with this taken-for-granted service.

Please, give our Business Office a call just as soon as
you know when and where you will be moving. That way we
can plan our work, clear up all the details and avoid any
delay in serving you in your new address.

Any time that you have a question concerning your
telephone service I hope that you will call one of our Service
Representatives from your home or office. She is especially
trained to help you with any problem whether it's an ap-
plication for new telephone service, a question about your
telephone bill, changes in your existing telephone arrange-
ment or any other help you might need. All of us at Bell
Canada are interested in your complete satisfaction with
any transaction involving your telephone service. Just let
us know when we can be of help.

On her fourth birthday a little girl came running into
the house calling, "Mommy, did I get a phone call?" Mother,
a little surprised, said, "Why no, were you expecting one?"
"Well no," said Miss Grownpup. "But I'm four years old now,
so I think it's about time somebody called me up!" Isn't it
about time that you called somebody — in town or out of
town? There must be lots of people who would love to hear
the sound of your voice. Now.

DEATHS
LITTLE, Susan Emilly (Emma)—
At Halton Centennial Manor,
on Tuesday, September 13, 1966,
Susan Em
