

THINK TWICE

about your Christmas Gift Shopping

1 Think about **WHERE** you can find the best selection of gifts (and the best values) in the shortest time with the least effort. Think about the fact that your home-town stores offer a wide, wonderful array of gifts for everyone at prices no higher (and often less) than elsewhere. Lower overhead costs than in larger cities help keep prices **DOWN!** Ask yourself why you should travel far and wide (spend money for gas or fare) for gifts, when your best buys are right here at home!

2 Think about **WHERE** your gift money goes **AFTER** you spend it. Money spent out of town is all gone forever as far as your community is concerned. On the other hand, much of the money you spend at home stays at home, where it stimulates local employment and progress, helps pay the taxes and provide the contributions that maintain better schools, streets, parks, hospitals, churches and other facilities that make this a **BETTER** community for you and your family.
