

Boles-Blyth wedding ceremony at Ebenezer church on Mar. 4

In a double-ring ceremony in Ebenezer United church at five o'clock on Saturday, Mar. 4, Sandra Lee Janet Blyth and John David Boles were married.

The bride is the daughter of Mr. and Mrs. Horace Blyth, R.R. 1, Acton, and is employed at Mr. Ben Hair Stylist Shop, Burlington. The groom, son of Mr. and Mrs. Vernon Boles, R.R. 2 Guelph, is employed at Stelco Steel, Hamilton.

Rev. W. A. Leeman officiated at the ceremony, and baskets of white shasta mums and fern decorated the church.

A cousin of the bride, Frank Armstrong of Montreal, played the organ for the service. John Kitching, R.R. 1 Moffat, sang The Lord's Prayer before the service and The Wedding Prayer during the signing of the register.

The bride's floor length gown was of white peau de soie styled in Empire lines with long lily-point sleeves. A chapel train was attached at the waist and edged with daisy embroidery. Her shoulder-length veil with scalloped edge fell from a single pearl necklace and earrings. Her bouquet was a cascade of white shasta mums and yellow roses.

Matron of honor was the bride's older sister, Mrs. Keith Anderson, R.R. 1, Campbellville. Bridesmaids were a friend, Miss Patricia Grant, Burlington, and her younger sister, Miss Peggy Blyth, R.R. 1, Acton. A cousin Miss Janet Mason, R.R. 1, Troy was junior bridesmaid.

They were all dressed alike, in floor length lime green gowns fashioned in Empire style. Their veils matched, and they wore single strands of pearls. Shasta mums comprised their bouquets.

The bride was given in marriage by her father.

Groomsman was Brian Carrill, R.R. 1, Campbellville, and the ushers were Robert Boyd, Guelph, cousin of the groom, Robert Book, Watford, and Robert Blyth, brother of the bride.

In the evening a reception was held in the church hall when guests were welcomed from Montreal, Peterborough, Toronto, Hamilton, Paris, Perth, Waterloo, Troy, Watford, Burlington, Guelph, Georgetown and Acton.

The bride's mother received wearing a taupe brown embossed sheath dress with jacket in peau de soie with matching accessories, flowered hat and a corsage of coral carnations.

The groom's mother chose a turquoise three-piece knitted suit with turquoise and black hat and black accessories and a corsage of coral carnations.

Special guests were the bride's grandparents from Paris, Mr. and Mrs. C. N. Ronald, and the groom's grandparents, Mr. and Mrs. Elmer Boles, R.R. 2, Guelph.

The couple left on a wedding trip to Huntsville and surrounding areas, the bride wearing a two-piece suit of green tweed with white fox collar, black pillbox hat, gloves and shoes. Her corsage was of white gardenias.

They are making their home at 443 Pearl St., Burlington.

Before the marriage, several special events were held.

A surprise miscellaneous shower was held by Mrs. Tom Manes and Mrs. J. Emery, Burlington, held a pantry shower. The Ebenezer church ladies held a miscellaneous shower in the Sunday School room. Miss Janet Mason, of Troy, held a shower at her home.

A trousseau tea was held on February 26 at the bride's home. Those pouring tea were the groom's grandmother, Mrs. E. Boles, two aunts from Watford, Mrs. George Blyth and Mrs. Doreen Boles, aunt Mrs. Fred Mason of Troy and Mrs. James Fisher of Georgetown. The table was decorated with pink carnations, white mums and candles.

Receiving were the groom's mother, Mrs. Boles and the bride's mother, Mrs. H. Blyth with the bride.

Mr. and Mrs. John Boles

Harley to Halton

by harry harley m.p.

The House of Commons has been recessed most of the past week because of the tragic and sudden passing of His Excellency, the Governor-General.

I thought I might review in this column some of the aspects of the drug industry in Canada. The Drug Committee hearings have now been completed. The committee is now faced with many decisions which could significantly alter the drug industry in Canada.

Our report must bring in a program which will maintain a proper balance between the interests of the industry and the interests of the drug consumer and will also have to take into consideration the importance of increased scientific research in Canada.

It should be pointed out that most of the Canadian drug industry is under foreign control. Just recently the last large Canadian firm, Frosst of Montreal, was purchased by an American company.

The question of international patent control, therefore, enters the picture and Canadian subsidiaries pay patent royalties to their parent companies outside of Canada.

Most of the drugs manufactured in Canada are actually imported from outside of Canada in their raw state and very little manufacture of raw material takes place in Canada itself.

Most research of drug companies takes place at their head office and as these head offices are located mostly outside of Canada, therefore most of the research is done outside of Canada. The evidence before the committee shows that the profits of drug companies in Canada appear to be about twice as much as the profits for other manufacturing industries in Canada.

Released by Anthony Adamson, chairman of the multi-community study committee, the report suggested the unit be established to plan fund raising project and welfare services in the area and eliminate discouraging confusion now prevalent.

that the committee studied all aspects of drugs — the manufacturing level, the wholesale level and the retail level.

The recommendation made most frequently to the committee was that the government should remove the 12 per cent Federal Sales Tax on prescription drugs. However, to do this alone and do nothing else would not significantly reduce the cost of drugs to the consumer.

It is my sincere hope that the committee's report will be available in the very near future and at that time, I will go into details of the report itself.

It was fully realized from the beginning that there would be no simple or single recommendation that the committee could make that would automatically lead to a reduction in the cost of drugs to the consumer.

This can be brought about only by a variety of measures and it was for this reason

Seek co-ordination of welfare agencies

ACCESS — the Area wide Council for the Co-ordination and Expansion of Social Services, may be formed in South-eastern Ontario.

The organization, intended to co-ordinate welfare agencies in parts of five counties, was proposed last week by a report sponsored by The Ontario Welfare Council. Halton would be included with all communities between Hamilton and Oshawa.

Released by Anthony Adamson, chairman of the multi-community study committee, the report suggested the unit be established to plan fund raising project and welfare services in the area and eliminate discouraging confusion now prevalent.

G. Kerr is candidate

George Kerr, present M.L.A. for Halton, announced he will be a candidate for the Conservative nomination for the provincial riding of Halton-West, at the annual meeting of Acton and North Esqueving Progressive Conservative Association.

The meeting and social evening drew a modest crowd to Acton music centre.

The nomination meeting will be held at Central high school auditorium, Burlington, on April 7.

In his address to the group, Mr. Kerr announced that 10 miles of Highway 25, between 401 and Acton, will be completely reconstructed this summer. He also referred to improvements planned for Highway 25 from Highway 7 to 24 at Ospringe.

The provincial agricultural museum to be located on 85 acres at Kelso Conservation Area will show a pre-Confederation agricultural community, he said.

Announce New Healing Substance: Shrinks Piles

Exclusive healing substance proves to shrink hemorrhoids and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most important of all—results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.

Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores. Satisfaction or your money refunded.
