60 attend pot luck dinner at Boyne Community centre

By Mrs. Cecil Patterson
Due to the large number of girls taking this unit, it has been decided to have two Achievement Days in Halton County this spring. The clubs in north Halton will meet in Balinafad Hall on Saturday, May 13.

The leaders, Mrs. Patterson and Mrs. Patterson then took charge of the meeting leading a discussion and giving notes, "Canada becoming a nation in 1867." At this time many settlers came to Canada from Germany, Holland and Belgium, bringing with them traditions in food and customs. The girls learned that these had great influence in the new country.

The members were divided in three groups and prepared Dutch chocolate, French style onion soup with croissants, and German tea squares. These were served for lunch and enjoyed. Home assignment is to prepare for the family a Hot Potato Salad or Sausage and Tomato Bake, and record comments, in record book.

The fifth meeting will discuss how newcomers from Italy and eastern Europe brought customs which today are part of our life. Pizzas will be the food demonstrated.

The Ward One Ratepayers meeting held in Boyne Centre on Wednesday, March 15 was well attended despite bad weather. Many questions were discussed in regard to the proposed airport at Omagh.

Three brothers Thomas, Jack and Wilfred Snow predeceased him. Mr. Snow would have been 70 years of age on Wednesday.

Sincere sympathy is extended to his wife and other members of the family in their sorrow.

Here he is shown in the centre, while tour guide Mrs. A. Windmoller explains vestments worn by the priest. On the right is Jim Langedyk, general chairman of the parish committee which sponsored the open house. (Staff Photo)

"The thought for the day was 'Friendship is the only cement that will hold the world together.'"

Miss Gladys Featherston, public relations convener, introduced the guest speaker, Mrs. D. Irving of Milton, who gave a very interesting and informative talk on "Confederation", leading up to Canada today. Dealing with events prior to 1867, she showed the need for union between the scattered parts of British North America. From the small Dominion of Canada of 1867 which was composed of Ontario, Quebec, Nova Scotia and New Brunswick to the vast country that has been formed and is exceeded in area by only one other in the world.

Canada has vast natural resources which make it a land of opportunity for its twenty million inhabitants, a land of which we should be very proud.

Miss Irving concluded by reading a patriotic poem, "I am a Canadian".

The meeting adjourned and lunch was served by the hostesses.

The Institute is planning to hold a copper tooling course in McCurdy's school on April 10 and 11 from 10 a.m. to 4 p.m. Anyone interested contact president Mrs. R. Featherston.

Grade eight students of Percy W. Merry school learned with regret of the fire at Lorne Skuce school on Friday evening. The grade 8 has attended home economics classes for the girls and shop for the boys at this school since last September and it was one class that all eagerly looked forward to.

In shop many had been working for weeks on articles such as electric clocks, radios, lamps, wall plaques and in wood and metal products, and one was working on a boat. These articles would have been completed by Easter and taken home then.

Many students are hoping they can continue their studies at some other location. Students from Palermo and Sniders also attended Lorne Skuce for these classes. Most had purchased supplies for their work, often nearly \$4 or more, and these were left in lockers at the school from week to week until completed. The shop was well equipped and loss there will be quite extensive. Not only will the regular pupils of Lorne Skuce be deprived of their school facilities, but the ones bused in for classes.

Congratulations to local students participating in the White Oaks Variety night on March 18 and March 19. Bob Robson, Gwen Rutledge, R. Cole, Tanya Deming, B. Bradley, M. Mannerow, T. Cole were members of the band. The concert was quite a success and drew large houses of parents and friends.

—It may be psychological, but ever since it was announced that Highway 25 between Acton and Milton would be repaved this year, the road seems to get bumpier with every trip.

—Some early birds are expecting to take their storm windows off this weekend — if they can reach them through the snow.
