Mother

The Story Behind Mother's Day

World Wide observance of Mother's Day had a modest beginning. The first Mother's Day celebration resulted from the inspiration of Anna Jarvis of Philadelphia, who felt one day a year should be set aside as a tribute to her mother.

She incorporated this idea into the church she attended . . . plans were made to hold special services dedicated to mothers, on the second Sunday of May, 1907 . . . and everyone was asked to wear a white carnation in honor of his or her mother.

It is unlikely that Anna Jarvis, herself, dared dream of the far-reaching influence of Mother's Day. The idea caught on and spread like wild-fire. By 1911, every state in the union, Canada, South America, China and other countries had adopted the custom. In 1912, an International Mother's Day Council was formed . . . the custom of wearing a white carnation was modified. In 1914, Congress asked the President to issue a proclamation designating the second Sunday in May as National Mother's Day.

We all join today in the observance and celebration of that day.
