NEW CENTENNIAL RED BARN PAINT

Manufactured by a leading Canadian manufacturer Canadian Pittsburgh Industries

Spruce up the farm this centennial year with a paint specifically manufactured to meet the most demanding circumstances. In many instances, surface conditions of farm buildings are very poor due to long periods of wear and weather without new paint. These complications were considered when developing Centennial Red Barn Paint and the result is a product that will give satisfaction under adverse conditions. Paint can be applied on other wooden surfaces as well — fences, grain elevators, buildings of all types with exterior wooden finishes. Centennial Red Paint dries uniformly to a smooth even finish on old weathered surfaces. Apply with brush or spray. Collects a minimum of dirt.

ALUMINUM KING SIZE CHAISETTE BY "REYNOLDS"

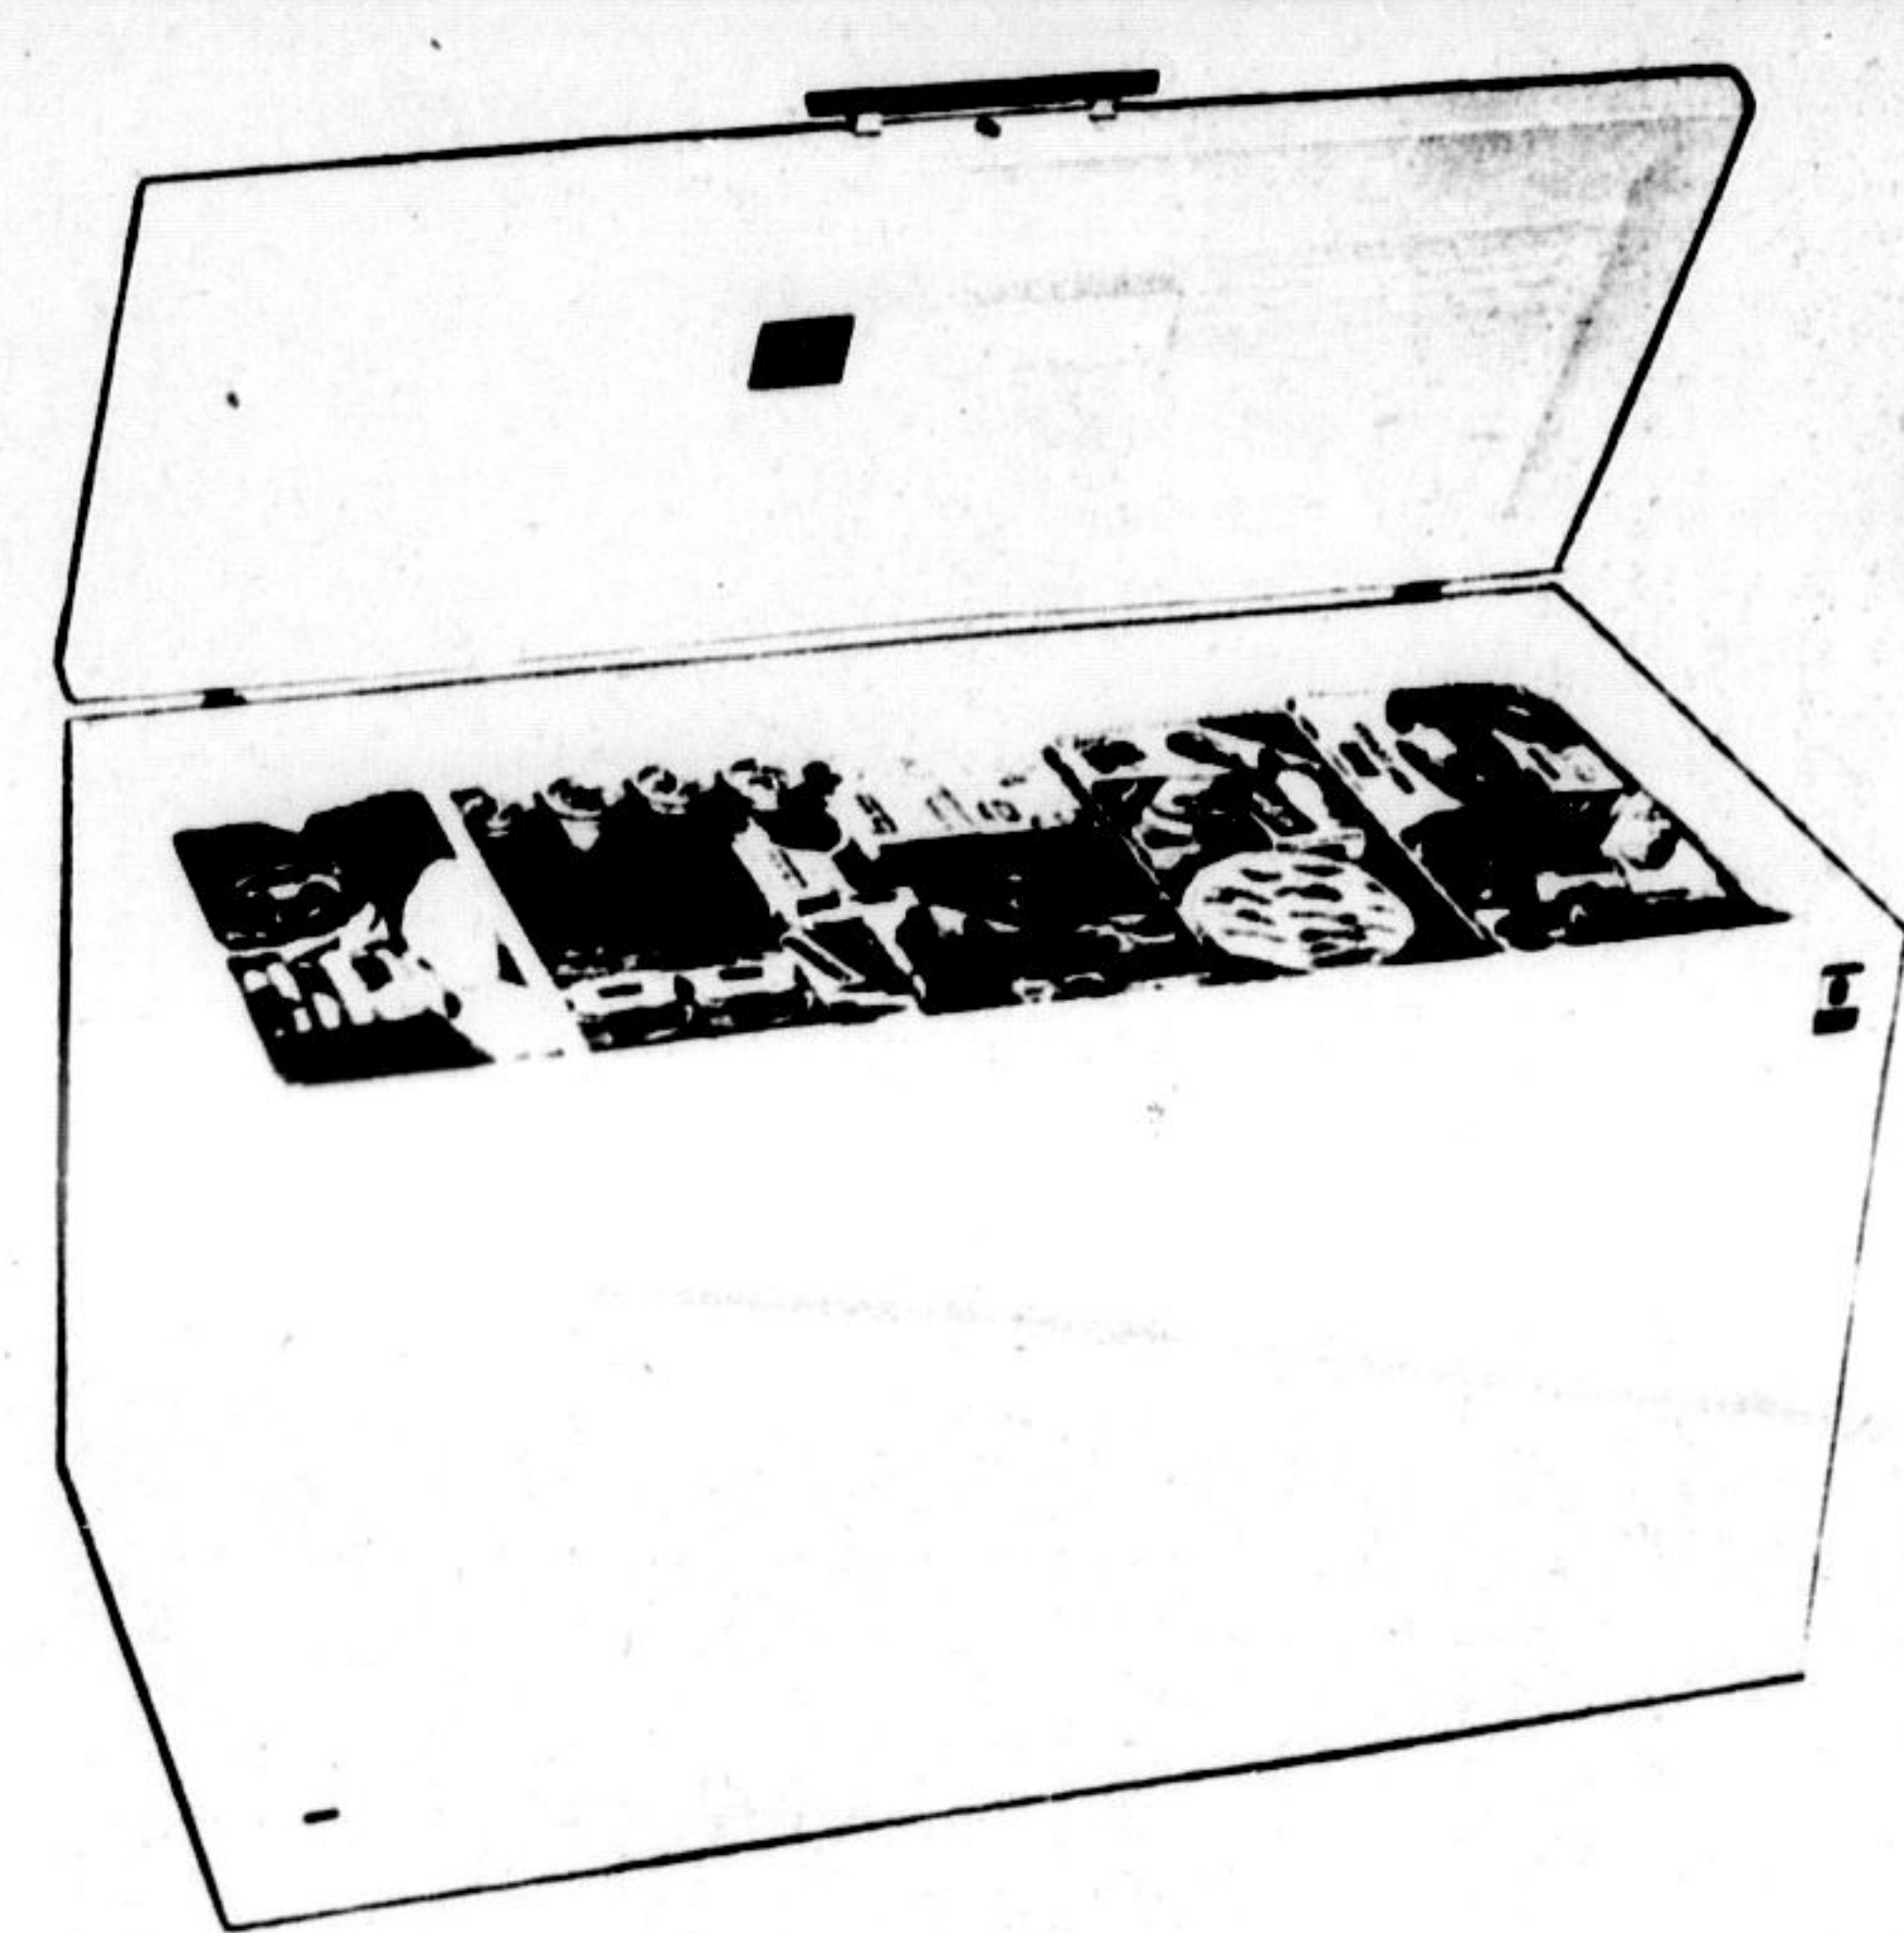

Regular Value \$7.49 each
CO-OP Sale Price \$5.29 each
 Item No. 575-062

Same construction as chair with full 72" long x 26" wide makes this the most comfortable lounge to own. Comfort at the "touch of your finger" — 5 separate settings from upright to almost horizontal — one just right for you. Back rest and back leg are tilted for extra comfort. Relax and enjoy the leisurely days ahead!

ALUMINUM CHAIR

Rust-free, all aluminum construction, designed for comfort and durability. Constructed with extra webbing, both vertical and horizontal to give more comfort and longer wear. Modern, new, 2-tone mylar-polypropylene web with handsome metallic threads throughout. Comfortable, modern plastic arms are coloured to match. Flared front seat with extra wide front legs minimizes tipping.
