"MY BUT THAT IS OLD". Young Julie Kosulick marvels at 1880 model Edison standard phonograph. The phonograph belongs to Mrs. E. Service, has been in her family since 1902 and is still in working condition. It doesn't quite resemble anything that Julie would find in her living room today. The phonograph was one of several antique displays at the Bruce St. School Fun Night Monday that featured antiques, hobbies and crafts, games, a fish pond and hot dogs, donuts and drinks for sale. If you haven't been exercising regularly, don't suddenly turn into an athlete on your summer vacation or weekends. Build up the habit of taking moderate exercise daily.

**THE MARTIN ST. SCHOOL GIRLS' CHOIR**, winners at the recent Halton Music Festival of a special centennial year award for the best choir, have been busy entertaining lately. They sang the Bobby Gimby hit "Canada" at the opening of the mill pond centennial project, and contributed three numbers to the musical program at the opening of their school on June 21. Lloyd Werner directed the 30-voice choir. (Staff Photo)
