

LETTERS TO THE EDITOR

MORE STAMPS HONORING CENTENNIAL

Dear Sir:
The writer was quite interested in your reference to Expo 67 stamps mentioned in your Jottings. Should you care to enlarge on this at another date, here is a complete list of all such stamps issued in honor of our centennial up to two weeks ago:

On May 30, Togo issued seven denominations and also a souvenir sheet. Rwanda republic issued a souvenir sheet of stamps. Ireland has stated that it is also participating (number not known). Yugoslavia has issued six stamps (denominations not known). The United Nations has issued the following denominations - 4c, 5c, 6c, 8c, 10c and 15c. United Nations stamps can be purchased at Expo and may be used on letters that visitors wish to write to any country while they are visiting Expo.

And of course, there are also the two that you mentioned. You might also state that all the above stamps may be purchased from the pavilion representing each country mentioned above, but the only ones that can be used on letters and accepted by the post office department are those of the United Nations.

Rwanda, Togo and the United Nations are all noted for the beautiful stamps they issue and I am looking forward to receiving some of them.

Kindest regards,
Herb Marshall,
Hamilton.

SEEK INFORMATION ON EARLY M.P.

Dear Sir:
While studying a number of Ontario politicians of the Confederation period, I have encountered Mr. John White (born 1811) of Milton, Liberal M.P. for Halton, 1851-54 and 1858-74. I am anxious to obtain material which will enable me to complete a study of John White for inclusion in a study of parliamentary representation. I am especially anxious to learn his date of death and interest in business and economic development.

Any information will be very gratefully received and will help record the career of an important Confederation politician from Halton County.

Yours sincerely,
Donald Swainson,
Assistant Professor,
Dept. of History,

ERIN

A majority of Wellington South voters believe the government is playing too large a role in the lives of Canadians and that individual initiative should be allowed to earn its own rewards. This appears to be the trend of opinion as expressed by constituents who have been returning the questionnaire distributed last month by their member of parliament, A. D. Hales. Questionnaires continue to be returned to Mr. Hales' Ottawa office and his staff has been snowed under and is running behind in compiling the opinions.
