BRANDY AND ROCK, two St. Bernards owned by Mrs. G. Scobie of Lower Base Line, R.R. 1 Milton, are real "hams" when it comes to having their pictures taken. Rock, a champion, will be joining the "parade of champions" this Sunday when the St. Bernard Club of Ontario holds a fun match at Claremont. Mrs. Scobie, secretary of the club, is hoping other St. Bernard owners in the Milton area will attend the event. (Staff Photo)

Invites St. Bernard owners to "fun match" this Sunday

Despite having four St. Bernards, a poodle, a monkey and budgie around the house, Mrs. Gerald Scobie of Milton still finds time to act as secretary of the St. Bernard Club

of Ontario. The club secretary asked The Champion to make a mention in this week's paper about a "fun match" the club is holding at Claremont this Sunday afternoon. "There are a lot of St. Bernard owners around the Milton area who are not members of the club, and we would like to see them take their dogs out more often," she explains.

Sunday's event is for fun But the club wants to interest ton.

more owners in the regular dog shows and championships that are available.

The fun match starts at one o'clock Sunday. Included will be a parade of champions just to show visitors some of the best dogs in the province - and one of Mrs. Scobie's dogs will be joining the parade. He is champion Moonlight Havens Great Roger, known as "Rock" around the Scobie household. He finished his championship in May of this year.

She suggests anyone interested in the fun day can obtain directions and further information by calling her at only, and there will not be any 878-3515. Her home is at 2667 judging or points awarded. Lower Base Line, R.R. 1 Mil-

Lions hear publisher tour printing plant

ton plant of Dills Printing and Store on Main St. Publishing Co. Ltd., publishers of The Champion, after their regular meeting Monday evening. Champion publisher Jim Dills spoke at the meeting about the production of a weekly paper, then conducted the tour of the plant where members expressed quite an interest in the press, machinery and composition methods used in producing an offset paper.

Members learned during the business session the eye bank campaign launched Saturday got off to a slow start. Each member was given pledge cards and information and urged to sign up as many donors as possible. Another donor information centre will be set up this Saturday afternoon at Cle-

better light, better sight, better marks

with the "College" Study Lamp

The "College" Study Lamp has been designed and engineered to provide exactly the right amount of light for comfortable studying. It is the only study lamp ever approved by the Illuminating Engineering Society, the world authority for lighting standards.

The "College" Study Lamp completely eliminates glare and shadow and helps prevent eye strain and fatigue. It means better light, for better sight. It could very well mean better marks. Get one for the student in your home. Look for the lamp with the "College" tag.
