

Nassagaweya Centennial celebrations

A GIANT celebration took over Nassagaweya Township in June, when residents marked Canada's 100th birthday with the true rural community spirit and bang-up '67 celebration. Pictorial highlights include the Campbellville School's float, an antique baby carriage and costumes of a by-gone era, and the unveiling of one of three cairns at parks the township opened or renovated as centennial projects, above. At the left is the centennial queen, Miss Susan Commons, being crowned by Reeve William Coulter while princesses Faye Mathies and Mary Dennis look on. Below, one of the parade floats depicted everything from the Indians right up to the modern go-go dancer as residents unfolded the historic tale of the past. A community church service, programs for young and old at Mohawk Raceway, parades and more whoop-de-do made it a memorable celebration that could be matched by no other communities in Halton County. "GIVE THE GIFT OF LIFE . . .
THAT ONLY YOU CAN GIVE"

GIVE BLOOD

AT THE

MILTON RED CROSS

BLOOD DONOR CLINIC

●
CIRCLE THE DATE ON YOUR 1968 CALENDAR
●

Giving Blood is Easy and Painless . . . it Takes Just a Half an Hour.
Anyone in Good Health, Between the Ages of 18 and 65 Can Give Blood.

NEXT MILTON CLINIC:

THURSDAY JANUARY 4

Milton Legion Hall

FROM 2 TO 4.30 AND 6.30 TO 9 P.M.

THE TIME IS NOW

Blood banks at all the area hospitals are especially low at this time of year, despite special holiday clinics held in neighboring cities.

We need your support, to reach the town's quota of 200 pints and to keep the blood banks filled.

Milton and district residents are assured of a free supply of Red Cross blood, because of the semi-annual clinics held in Milton.

It's easy to give — a half hour of your time and a pint of your blood could save a human's life. It may be your best friend or neighbor who needs it first.

PLEASE COME TO THE JAN. 4 CLINIC AND BRING A FRIEND

All regular donors are urged to attend and new donors are needed to meet the quota.
