When Mr. and Mrs. Harry Newton and son Earl of Oakland, California returned home to Canada for New Year's weekend, their first trip home in five years, there was a centennial surprise awaiting them. They were greeted at Toronto Airport Friday by a host of relatives bearing a centennial cake and the inscription "Welcome Home Harry, Helen and Earl." They spent the weekend at the home of his parents, Mr. and Mrs. Harry Newton Sr., Hornby, and returned to California Monday.

Asked about the first day of school, a kindergartner offered his considered judgment: "I learn a lot of stuff there, but it sure cuts into my day."

He was worried about his little daughter getting up ill in the middle of the night. So he consulted one of his know-all friends.

"Does she drink milk before she goes to sleep?"

"Yes."

"That's the trouble," said the wise guy. "If you feed the child milk before bedtime she goes to sleep and tosses from side to side. Milk turns to cheese, cheese turns to butter, butter turns to fat, fat turns to sugar, sugar turns to alcohol -- and the first thing you know, the kid wakes up with a hangover."
