

B2 The Canadian Champion, Wednesday, April 16, 1969

A DRIVER EDUCATION COURSE is underway for the second year in a row at Ontario School for the Deaf, Milton, where 13 senior graduating class students are taking the course with two instructors. Ivan Slessor, president of Milton Motor Sales Ltd., is pictured presenting the keys to a 1969 Acadian his firm provided, to O.S.D.'s

assistant superintendent Gary Bunch. Looking on are two of the course students Marvin Ferris and Lois Stahl, and instructors Tom Anderson and George Baird. Students in the course receive both classroom and practical in-car training. Last year all 16 students graduated from the course.—(Staff Photo)

M.M. Rob. resource centre groovy for project workers

By Marsha Zuest

Since there is not an over-abundance of news at school this week, I will take this opportunity to write about our new resource centre.

It used to be a library was a place to read. Through reading various books, you were supposed to learn everything there was to learn. The resource centre knocks all the life out of this theory.

Also, it used to be when you had a project, you usually headed for the nearest set of encyclopedias and delved in. This gave your project a rather narrow minded look and as a result you got a poor mark for it.

With the help of the resource centre, it is not possible to hand in a really crummy project anymore. You have so many outside interest items you can use, the teachers will get turned right on by your brilliance.

In the centre, there are several tape recorders you can sign out. Using these you can tape discussions, background music for a seminar, or you can hand in a talking project. There is also a good collection of records to suit each individual's needs and tastes. There are four record players to use and each one has a plug-in unit for using earphones.

There is a great variety of magazines on hand so you may get the most current news on any item. Also, there is a machine on which you can play

Jenny Charlton O.B.C. graduate

A former Milton District High School graduate, Jennifer Ann Charlton will graduate from the Ontario Bible College Saturday, April 26, it was announced by OBC development director D. C. Percy recently.

Miss Charlton of 28 John St., Milton, will then have a degree of Bachelor of Religious Education.

A graduation service featuring special music by the college chorale, student choir and other musical groups will precede the colorful hooding ceremony at Varsity Arena, Bloor Street.

For a dime some lucky buck gets chance to see Supremes

By Marnie Hare

Soccer season is here! Track and field teams have begun practicing OUTSIDE for the track meet at McMaster University May 13 and 14.

April 10, Students Council's revised constitution was passed (at long last). The council discussed a house league for athletics and would like to do something this year for our soccer team. The soccer team has been doing some hard practicing for their games. In the past they have done exceptionally well and we look forward to them using all their soccer skills to win the championship this year.

The girls' Midget basketball team defeated Martin Street Senior Public school last week. Francis Jagt was the top scorer with six points.

Ten hours or bust! That was the French Club's goal. Saturday, six members of the French Club bounced a basketball for 10 hours with the Milton Merchants' help. There was also a bake sale.

Would you like to see Diana Ross and the "Supremes" for 10 cents? The French Club is sponsoring a raffle for one ticket - 10 cents to see and hear the "Supremes", April 21 at O'Keefe Centre!

The Grade 12 students sponsored the marvellous ...

Wonderful ... funny ... hilarious ... beautiful ... cheap ... challenging ... gruelling ... all-round-fantastic Ice Follies Monday April 14.

Teachers versus Students: first it was the men teachers against the boys in an exciting game of non-cheat, pro-hockey. Next it was the men teachers against the boys in an adventurous, back-breaking feat of barrel jumping (10 barrels). Then it was the ladies' turn.

Teachers against girls in a nail-scratching, biting, broombatting, but again, fairly fair game of broomball. During intermission all were entertained by M.D.H.S.'s experienced figure skaters. The ones in the short

skirts lent beauty and grace to the performance. The ones in the other "outfits" ... well ... they made it back to the rink door! Don't forget the car wash - Saturdays until May 1.
