First Kilbride Cubs and Scouts met last Monday evening in the Sunday school room with 10 members present. Out of the 42 questionnaires that were sent out, 23 replies were received. The majority wanted the meetings held in the evenings and held every other month.

Eighty dollars was donated to the Men's Group Committee, to help pay for the two tents that were purchased recently. A nominating committee, Mrs. Jack Inglis, Mrs. Stella Campbell and Mrs. Gordon Harris were selected and are to bring in a new slate of officers in the fall when the next meeting will be held.

A new Halton-Peel athletic association will be formed by 1970, according to a brief presented to the Ontario Federation of School Athletic Associations annual meeting held in Toronto last weekend.

The brief was presented by Nick Volpe, co-ordinator of physical and health education for Halton, and calls for the setting up of a new athletic association to include 14 high schools in Halton County and 18 in Peel.

Previously, these schools were in the Southern Ontario Association and teams from this area had travelled to such places as Port Colborne or Kitchener to play games in their league.

The Halton schools will remain in SOSSA and CWOSSA for the 1969-1970 season but will play the '70-'71 and future season games in the more centrally located league.

awarded Bell Canada Centennial Fellowships.

Receiving fellowships for the first time are: Miss Paige Holland of Preston, Ontario, working towards a Master of French Literature degree at the University of Toronto; Sister Beverley Mitchell, Vancouver, studying towards a Master Degree in Canadian Literature at the University of Calgary; Jean-Marc Rousseau, Montreal, working for a Master in Mathematics at the University of Montreal; Miss Helene Asselin, Montreal, studying at the University of Montreal for her Master of Psychology; David Black, Saskatoon, working towards a Master of Economics at the University of Toronto; and Ronald Wolff, Toronto, for his studies at the University of Toronto towards a Master of Science degree.

Bell Canada's Centennial Fellowship program was established in 1967 and is administered by the Association of Universities and Colleges of Canada in Ottawa, to foster university education at the graduate level. The program provides for up to eight fellowships of \$5,000 each, \$3,500 to the graduate and \$1,500 to the university.

Did you know that of the total number of telephone calls made by Canadians-and we are the world's greatest telephone talkers-only two and a half per cent require a long distance charge. In the United States, the figure is four per cent, in the United Kingdom, 13 per cent, and in France 34 per cent.

Some homes have a "collision corner". That's an intersection where speeding bodies collide as they dash to answer the family's only telephone. Why not enjoy the step-saving quality of extension phones conveniently placed where people are.

Ameld Albachford.
