Motto "coloring a life" at Mountain Union meeting

The Mountain Union Women's Institute monthly meeting for June was held at the home of Mrs. Maurice Readhead, Lowville. Although the ladies were unable to sit outside they did enjoy seeing the beautiful spacious lawn, flower beds and borders. The president Mrs. Velma Norris opened the meeting by reading a poem, The Institute Ode and Mary Stewart Collect.

Mrs. Allan Clements read the correspondence and it was learned that Mrs. Doreen Hamill, graduate of MacDonald Institute, Guelph and who has served in Durham and Peterborough as Home Economist, replaces Mrs. Katherine Williams in Halton County and will make her home in Brampton.

The financial report given by Mrs. Clements, sec.-treas., showed a worthwhile sum made by catering for a wedding.

Mrs. Fred Harbottle gave the District Director's report that showed the District ladies are busy with plans about which more will be heard in the near future.

The meeting opened for business. Plans were laid for two more weddings. A request from the agriculture Fair Board that we cater for the fall fair was refused because of the few members available and the amount of work required.

Good cheer and birthday cards

were sent to the sick and absent by the convener Mrs. Ella Rocheforte. The topic for the day was District Women's Institute. A study was made on D.A. reports given by Mrs. Fred Harbottle, curator, Mrs. J. Shields, resolutions; and Mrs. L. Coulson agriculture and Canadian industry.

Roll call, name your favorite flower brought forth the name of many of the old favorites; Roses, Daffodils; Lilaes, Carnations, Lilies and Lily of the Valley, Asters, Tulips and Morning Glory.

The motto, "Coloring a life" was given by Mrs. John Robertson, a well prepared and interesting paper telling how you need color in your life. You must have and use imagination and you must create a pattern. All the great inventors such as Alexander Graham Bell did this. You also need it in your everyday life. The poets, painters, sculptors and those who composed the hymns did great and beautiful work because they saw color and used it.

A highlight of the day was music supplied by the hostess, Miss Brenda Gates granddaughter of Mrs. Maurice Readhead, and Miss Helen Peer granddaughter of Mrs. Velma Norris, Miss Gwen Peer, and Miss Janet Knight, who sang a number of songs known to the

ladies. They accompanied themselves on their ukeleles. Mrs. Frank Hadley auctioned off some flowers, plants, pickles, cards, and towels contributed by

members. The result was over \$9 for the treasury.

Mrs. Gordon Farlow, courtesy convener, gave the courtesies for the day.

The lunch committee, Mrs. Warrington, Mrs. Watson, Mrs. Norris and Mrs. Coulson served a plate of delicious date and nut breads, cheese and relishes and cup of tea. The ladies had their pictures taken as a group before they left for home.

Garden insects are magnified by guest speaker

Milton and District Horticultural Society met in the Union Hall, Monday evening June 16, with the president Mrs. S. May presiding. After the singing of 'O Canada' the minutes were read and approved.

A. Woodley announced that Mr. Stone of Simcoe will set the date for the Milton Society to visit his Hadlia gardens.

Mr. Lockie introduced the guest speaker, Jack Mann of Burlington. He gave an illustrated talk on "Insects in the Garden". The picture of the insects were greatly enlarged.

The beautiful coloring of the tiny insects as well as the larger butterfly and dragon fly is magnificent. As he visited with each insect, busy at its particular work in life, you could see the shape of the head, body and color.

The mosquito is very interesting and if you are stung by one, you will know that it is the female as she has to do the work. The male is too lazy. The dragon fly catches the mosquito.

The Bumble Bee looks lovely in his fur coat when he is having his enlargement taken. The Lady Bug is very beneficial. He eats other insects. Mr. Mann had many slides of beetle, crickets, weevil, inch worms, cutting holes, cut worms, wasps and others. Spiders spin the dewy morning web. He hangs upside down. When at work, he eats the grasshopper.

Mrs. Britton thanked Mr. Mann for the beautiful pictures. The lucky door draws were won by Mrs. S. May, Mrs. Clare Ford, Mrs. M. Lawrence, Eartha May and Mrs. J. McMillan.

Prizes for the monthly flower show went to:

Section One, Patio Party, arrangement in a garden hat, Mrs. Coverdale, W. J. Thompson, Mrs. H. McCann.

"Lullaby" arrangement for a new baby, W. J. Thompson, Mrs. L. Tasker, Mrs. S. May.

"Quilting Bee" using flowers to simulate a quilt design, Mrs. H. McCann, Mrs. L. Tasker, Mrs. Thompson.

Sweet and Low for a coffee table, Miss G. Featherstone, Mrs. L. Tasker, Mrs. E. Harbottle.

Section Two, Children, Father's Day arrangement in an ash tray, Brian Drew.

"Tin Can Alley" dish arrangement in a tin or aluminum pan, Brian Drew.

Section Three, Horticulture, collection of three house plants,

small and different varieties pot not to exceed four inches, Mrs. M. Readhead, Mrs. Geo. Bailey, W. J. Thompson.

"House plant for decorative foliage," Miss Gladys Featherstone, W. J. Thompson, Mrs. S. May.

"Iris", five spikes mixed varieties, Mrs. Lockie, Mrs. S. May, Mrs. Coverdale.

"Iris", one spike any color, Mrs. Lockie, Mr. Lockie, tie with Mrs. S. May and Mrs. Britton.

Roses, five bloom hybrid tea, Mrs. Harbottle, Mrs. L. Tasker.

Basket mixed flowers and shrubs, W. J. Thompson, Mrs. S. May, Mrs. L. Tasker.
