ANOTHER GRAND FAIR was staged in Milton on the weekend and it had everything to interest and entertain everyone, from youngsters to oldsters. While the youngsters concentrated their visit on the midway area, many of them were also busy exhibiting around the grounds. The older folks had fun seeing the displays, watching the livestock shows, and meeting all their old friends. ABOVE LEFT, a view shows the midway before

the peak crowd arrived on Saturday afternoon. In the CENTRE, 4-H Queen Janet Nurse and 4-H Princess Irene Kidd pose in the convertible car prior to the opening ceremonies. RIGHT, Jay Simonsen gets his hearing tested by Doug Wilding, assistant supervising teacher of Ontario School for the Deaf junior school, at the booth OSD set up in the commercial exhibits hall.

THE LIVESTOCK EXHIBITS at Milton Fair this year were up to their usual excellence, and the cattle show drew a big crowd to the show rings at the south end of the fair grounds. Above, a group of 4-H youngsters parade their calves before the watchful eye of the judge who handed out awards based on both the quality of the

calf and the way in which it was handled. At right, "birthday game" booth operator Bob LaMarche declares a winner and Jim Tardiff, already holding one stuffed toy, accepts another prize. Fairgoers had dozens of places to play games and spend their money on the busy midway, which was open Friday night and all day Saturday.

ALL THE FUN OF A FAIR, to the youngsters anyway, can be found on that tented stretch known as the midway. This year's midway at the fall fair was operated by Happyland Shows and it provided patrons with plenty of places to enjoy themselves, play games or buy novelties. There was a ferris wheel and several other rides and

dozens of food booths. David Scott of Milton, left, found a job at the fair working with the balloon seller and is pictured with his product. The photo at right shows what the midway looked like, peering over the grandstand.
