## Principal speaks to school parents

By Mrs. William Watson  
(Intended for last week)

Parents with children attending schools with no Home and School Association might well be envious of the interesting and informative meeting held Monday evening, Sept. 22, at Kilbride public school when principal Norman Howell addressed the parents on (1) individual differences in each child, (2) making learning more enjoyable and meaningful and (3) total development of the whole individual.

He stressed the fact that the words grade, pass and failure in years 1 to 3 are not to be used by parents. Mr. Howell also stated that the reporting program would be carried out the same as last year using the detailed reporting system along with parent and teacher interviews. He then introduced the teachers, outlining their specific duties, after which he invited the parents to visit the teachers in their classrooms.

James Lonsway, program convener, outlined his plans for an interesting program for the school year 1969-70. Mrs. Gordon Harris, first vice-president presided and announced that Fairview Home and School will go with Kilbride Home and School again this year to form a Children's Own theatre. The tickets from the entire series of 12 movies cost only \$3. per child (which works out to 25c per film shown). The

and leadership during this past season.

Each player autographed a ball for the most outstanding player of the season, which went to Terry Tawse. Ross Sanderson was also presented with an autographed ball for umpiring several of their games during the season.

Miss Peggy Anne Smith, daughter of Mrs. Charlotte Smith and the late Norman Smith, became the bride of William Richard Parchem, son of Mr. and Mrs. Ed Parchem of R.R. 2 Campbellville, on Saturday Sept. 20 at Kilbride United Church.

Reception followed at the Boyne Community Hall. Mr. and Mrs. Parchem will reside in their new home on McNiven Road. To start their season off, the Teen Drop-in members held a corn roast Friday evening Sept. 19 at the home of Mr. and Mrs. Frank Hicks with a good attendance.

## W. Breckon honored by plaque tribute

Many old friends and also many new, young friends saw a plaque unveiled in Burlington Friday to honor a man who was World Wheat King in 1954 and who has served as a trustee on the Nelson Township School board for 14 years. William E. Breckon of Burlington saw the plaque honoring his achievements unveiled by the Minister of Agriculture William Stewart on the front lawn of the W. E. Breckon School.

Grade five and six pupils from the school stretched out on the lawn as their elders sat a bit more sedately to hear speakers outline the career and accomplishments of Mr. Breckon.

J. Gordon Blair was the chairman of the afternoon's proceedings which heard from Burlington's mayor George Harrington, Halton County Board of Education chairman Fred Armitage, Burlington's Reeve Gordon Gallagher and William Stewart, Minister of Agriculture and Food.

Dr. Charles M. Johnston of the Historic and Archaeological Sites Board addressed and gathered and praised another of Mr. Breckon's achievements in setting up his own museum of Canadiana.

Mr. Stewart unveiled the plaque and he was joined by Mr. Breckon and one of his old friends William Watson, general manager of the Royal

Agricultural Winter Fair in Toronto. Commenting on his friend's 1954 achievement, Mr. Watson said it was the first time anyone from eastern Canada had taken the Wheat King title, which was won with Genesee wheat.

## Kitching resigns from planning board position

A member of Nassagaweya Township's planning board submitted his letter of resignation to council Thursday night and it was accepted unanimously by the members.

Dr. Henry Best, a resident of the township, was put forward. Dr. Best, a York University administrator, is a grandson of Dr. Charles H. Best, one of the co-discoverers of insulin, and a brother of former Halton M.P. "Sandy" Best.

Cameron Kitching, of R. R. 2 Rockwood, had recently become involved with a petition asking Nassagaweya Council to stop the proposed new plant of Ontario Plastics. Lawyers for Mr. Kitching and another north Nassagaweya resident had drawn the petition which was presented to council. It was later criticised for being "misleading in its wording", by some members of council. Mr. Kitching had sold the land to Ontario Plastics for the new plant.

The appointment will be finalized with an amendment to the appointments by-law.
