### Baptist group rallies here

The annual rally of the Credit Valley Baptist Association was held in Emmanuel Baptist church, Milton on Oct. 6.

Rev. William Hiltz, formerly of Bramalea, presently teaching in Central Baptist Seminary, Toronto, was the speaker of the evening. He based his message on the salutations in Paul's letters to the Christians, pointing out that in each instance Paul affirmed his right to declare God's message because he was "an apostle by the will of God." It is the responsibility of each Christian to discover God's will for himself, and like Paul, be willing to obey it, he said.

Miss Joan Mellor's beautiful solo "God Has Built a Temple Here" was in accord with the theme of the meeting, and uniquely accented the speaker's remarks.

During the short business session, officers for the coming year were elected. The new president is Rev. Stuart Sylvester of Bramalea; the new secretary, Rev. William Hiltz, Toronto.

After the meeting, the ladies of Emmanuel served refreshments and a time of fellowship was enjoyed by all.

## Parents to prevent Hallowe'en hazards

Hallowe'en is the biggest night of the year for many small children. The Canada Safety Council says there are steps parents should take to ensure the safety of young witches, pirates, princesses, ghosts, astronauts and highwaymen.

"First of all, the children should be able to see and be seen by others", Guy McLaren, General Manager of the Council's Public Safety Section said in a pre-Hallowe'en message.

He advised against the wearing of masks with slits so narrow the children can't see properly out of them. Instead, makeup masks over a cold cream base for ease of removal are recommended.

The costumes should be light-colored to make it easier for motorists to see the Trick or Treaters. Much better would be the addition of reflectorized tape or material to the clothing in order to make the children a

great deal more visible, Mr. McLaren said.

Many falls can be prevented by outfitting the youngsters in costumes short enough so that they won't trip over the hems. Parents can further help overcome this hazard by making sure their porch lights are on and the porches cleared of debris, he said.

To prevent fires, the clothing should be made of flame-resistant material or else flame-proofed in a borax-borax solution.

Mr. McLaren said a parent should be delegated to accompany small children, shepherding them carefully as they make their rounds. Parents may also want to check the goodies at home after the door-bell ringing is over before allowing the children to get into them, he said.
