LET US

Rustproof Your Car Now! THE GOODYEAR WAY

CARS RUST FROM THE INSIDE OUT

No matter how beautiful your car's finish, it is backed up by raw metal surfaces that are constantly exposed to the corrosive action of road salt and water. Costly body damage usually starts here... inside quarter panels... under fenders and rocker panels... around headlights... in cracks and crevices and metal joints you cannot see until too late.
A new kind of underframe coating - GOODYEAR Underframe Coating - applied in a new way by our carefully-trained specialists - gives you the protection you need at these vital spots to avoid costly replacement later.
GOODYEAR Underframe Coating is NOT a messy asphalt or goeey grease, but a free-flowing plastic coating which is applied in a thin spray to penetrate deep into the tiniest

cracks. That old, bulky coatings simply cannot reach. It seals out moisture and remains tough and pliable long after many old-style coatings would have chipped, cracked, peeled or washed away.
Most important, every ounce of Goodyear Underframe Coating is loaded with powerful rust inhibitors which fight back and neutralize the corrosive effects of water, salt, calcium and other harmful agents - to give your car complete protection the year 'round.
Getting this new kind of protection is the easiest ever. There is no long delay... no need to lay your car up. THIS coating can't drip or rub off. Your car is ready for use within the hour!

Our Undercoating Department is completely equipped, manned and trained to give you real quality rust protection in the quickest time.
Your car is thoroughly sprayed underneath and inside panels for positive protection.

Drive in for an estimate on your car. Takes but a minute, and you will be surprised to learn that you have the finest type of rust protection for as low as \$35.00 on our introductory special. You may pay as much as \$65 regularly.

Two give testimony concerning their faith

At the evening services Sunday, Oct. 19, following Rev. C. Coles' concise yet inclusive explanation of Believer's Baptism, two young members of the congregation, Miss Donna Lee Devlin and Warren Charlton gave testimonies to their faith in Christ Jesus, and to the impact He has had on their lives. Then, in obedience to His command they followed their Lord through the Baptismal waters, symbolizing their death and burial to the "old" life and their resurrection to the "new" life with Christ.

Mr. Coles' message to the congregation was that contained in the fourth beatitude,—

"Blessed are those that seek after righteousness..." A Christian can only find true happiness if he makes holiness the chief aim of his life, — pursuing the things of God, through worship, study, prayer, service and self-discipline. In Donna Lee, now a student at the Ontario Bible College, Toronto, preparing herself for more efficient Christian service, and in Warren, daily meeting his challenges in the business world and actively participating in many of the programs offered at the local church, are two outstanding examples of those who are promised the blessings of the fourth beatitude.

OUR READERS WRITE:

ACTION SPEAKS LOUDER THAN WORDS

Dear Sir,
It's very sad indeed that everything takes such a long time to get done in Milton. Like for instance, the traffic lights at the Main and Ontario St. intersection. I remember reading (away back when) that they were going to be put in right away, but so far nothing has been done on it. Maybe we're waiting for another poor soul to lose his life or maybe someone's child???

Then there was the warning to the people on Ontario St. to clean up the mess on their property, so far it's still a mess. I'm sure the residents who have to look out their windows on such a light feel like paying their taxes for that view?

And what about all the talk about re-routing the trucks off Main St. to the Base Line Road? Still nothing done on that issue either. I suppose they're waiting for one of them to lose control of their trucks and see it go crashing through one of the stores and kill someone before that is done, what do you think?

Well I feel (and I'm sure many more feel the same) if the elected people who are supposed to be striving to keep Milton would quit their arguing and tongue-lashing each other all the time, they'd get something going for Milton. They know as well as I do that Milton is so far behind in everything it's getting to be sad. Look at our streets, half of them aren't fit to walk on and the lighting on some of the streets is just disgusting.

In one issue of The Champion you read the council news where someone suggest an improvement, and next issue somebody else opposes it or we don't need it. I believe if the councillors and mayor had their way we'd not have any progress here at all. Last week I read about wanting to fix up Pine St. (which I must say is in a heck of a mess) but no, they aren't in accord with that either.

I wonder if it wouldn't be to the town's advantage to put an ad in the paper, "Fight night at

the council Chambers." Charge admission and with the proceeds, do some of these local improvements. There's so much to be done in Milton to make it a town to be proud of, that I'm afraid I'll never live to see it done at the rate they are moving.

Not content fighting each other, they are now picking on Mrs. Anna MacArthur, a woman who is a well educated, highly respected person in her community and also has many friends all over. Just because she has the gumption to stick up for her own opinions and what she feels is right, she is being belittled by certain members of the Milton council including Mayor Best. I say look after Milton and its needs before picking on our neighbors. Let's practice the "Good Neighbor Policy".

I remember writing last year at this time to The Champion, hoping we would be well away in 1970 soon and so far I see very little change in our town. All I can say is, if these people can't do their jobs let's elect someone who can, let's put Milton at the top of the list for being "The town with the most".

Yours truly,
Edith Sharpe.

Mrs. H. Coulson vice-president of St. Paul's U.C.W. opened the general meeting with the singing of hymn 577, "Come Ye Thankful People Come".

Ambulance does 10 trips in week

Milton's ambulance service handled a total of 10 calls this week. Tuesday, October 28, they handled an accident case on Highway 401, bringing the victim to the hospital in Milton, and they also did a transfer from Milton Hospital to Joseph Brant Hospital in Burlington. Wednesday, they brought a patient from Campbellville to the Milton Hospital. Thursday they handled three calls which were transfers from private homes to Milton Hospital. Saturday, Nov. 1, they brought an accident victim to Milton Hospital and later took a person from Mohawk Raceway to St. Michael's Hospital in Toronto. On Sunday they brought an accident victim from his home to Milton Hospital and on Monday, did a transfer from a home to Milton Hospital.

Mrs. Coulson welcomed all members and the guest speaker, Mrs. Bernard Warren.

Mrs. W. Mahon, secretary, read the minutes. Reports were given by Mrs. Harbottle, literature convener and Mrs. Edgar Foster, stewardship convener.

During the devotional conducted by Mrs. S. Line on "Thanksgiving and Autumn," Mrs. Warren sang a solo, "Ask and You Shall Receive"

Mrs. D. Lawrence introduced the guest speaker who spoke on her life as a minister's wife. Rev. and Mrs. Bernard Warren, now living in Milton were formerly of Alderwood United Church in West Toronto. She told of their new venture of buying land near Campbellville to build a Retreat. It will be begun as soon as possible. It is hoped that the retreat will prove beneficial to those requiring its advantages.

Mrs. Charles Thomson thanked the speaker and presented a gift as a token of appreciation.

Lunch and a social time were enjoyed by all.
