

Legion Notes

BY G. L. DAY

The first Zone B7 meeting of 1970 was held in the Port Credit Legion on Sunday afternoon. Representatives from Acton, Bramalea, Brampton, Bronte, Cooksville, Erin, Georgetown, Milton, Oakville, Port Credit and Streetsville branches were present.

Attendance was rather less than expected due, no doubt, to the fact that quite a few members wanted to watch the "Super-Bowl" football game on TV. Members of the Milton branch at the meeting were Tony Mash, Lawrence Laking, Scotty Bruce, and Dorothy Dingman and Dermot Gildea.

After the principal business of the meeting had been completed, Zone Commander Charlie Heath presented Bill Shields (now Deputy District Commander) with his Past Zone Commander's medal. Later the members enjoyed a really excellent meal put on by the ladies of the Port Credit branch.

Members are reminded the membership fees for 1970 were due on Jan. 1. If you have not already done so you are requested to pay them as soon as possible.

SICK CALL

The only name on the Sick Board at the moment is that of Edward Gooch who is in Milton Hospital. We all wish him a speedy recovery.

SPORTS

In the Legion Euchre League after Tuesday night's play, standings were Bolts and Nuts 104, Mohawks 95, Zimmerman's 95, Lowville 94, Dufferin 89, Brown's 88, Happy Gang 86, and Born Losers 77.

In the Industrial Dart League Disciples have quite a commanding lead. Placings at the moment are Disciples 154, Superiors 132, Bobcats 102 and Trafalgar Motors 94. Ed Blair still holds the individual high score with 140 and Martin Neilson the high finish with a score of 114.

Thursday the Milton team went to Port Credit and beat the home team 7-4 in the Inter-County Dart League. Pool players will be glad to note that the billiard table in the club room is being repaired at the moment. We expect to have it completed very shortly.

ENTERTAINMENT

The weekly social evening on Saturday last was again a very enjoyable affair. Music for dancing was provided by Fred Sargeant with his stereo equipment and songs by Betty and John Irving were appreciated by those present.

I understand that the Milton Minor Soccer Association are

\$162 in cans aids campaign

Cannisters placed in local stores and offices yielded \$162 for the Muscular Dystrophy campaign over the holiday season. The collection was up \$25 over last year, he noted.

having another "Rabbi Burns Night" this year. This will take place in the Legion Banquet hall on Jan. 24. Members who attended this function last year will, no doubt, want to do so again. Tickets are available from quite a few members.

Only 10 per cent gone

Plenty of plates still to be sold

Many Milton motorists will be joining the perennial last-week-of-February licence plate line-ups again this year, if sales to date are any indication.

After over seven weeks of sales, only 649 licence plates for 1970 have been sold, say officials at Milton's licensing agency, Clement Paint and Wallpaper on Main St. That's only 10 per cent of the total expected to be sold before the deadline.

Boyne Clement reports the office here has been issued a total of 6,400 plates for passenger car use which have to go before Feb. 28. This is the final date set by the Department of Transport for purchase of passenger car plates. There are less than seven weeks left before the deadline.

Snowmobiles are gaining in popularity and Mr. Clement says they have sold between 50 and 55 plates for these machines and he has ordered a second lot of plates. When these machines are licensed by the government, owners are able to use them on public roads.

Hydro line or highway

DHO says no plans for now

Department of Highways officials report they have "no plans for now or in the foreseeable future for any road project in this area" but have left the door open for possible utilization of a hydro right-of-way through Nassagaweya Township.

Indications last week following a Nassagaweya Council meeting left the impression the

Department of Highways might be planning a new superhighway through the north-west corner of the township, where Ontario Hydro engineers are planning to cut a 740-foot swath for a new major hydro line.

Township Deputy-Reeve Gordon Agnew felt the hydro line was a camouflage for a highway and suggested 740 feet was too much land for just a hydro line. The proposed route would pass through several valuable farms.

E. A. Ingraham, Director of Information Services for the DHO said "The Department has

no plan for construction of a highway in this area, but is the Department's policy to try to utilize any land owned by Ontario which may lend itself to a right-of-way for proposed highways."

"If, at some future date, the need should arise for building a highway in the township area where Ontario Hydro proposes to locate, our planners would automatically investigate the possible utilization of such land for inclusion in their consideration of all alternatives before selecting a definite route," he concluded.

Probe school sites . . .

(Continued from page 1)

playgrounds and no provision had been made for a community playground which could accommodate ball and football facilities. In comparison the projected population of 6,000 for the area was comparable to the existing town.

The need for an arena site, subject of some discussion between the Parks and Arena Boards, was noted and it was suggested the secondary school site not required by the Board of Education might be adapted if the Arena Board was satisfied.

The combined-uses concept where parks and school grounds are adjacent, was endorsed by the Parks Board.

Drainage problems in the area were reviewed by the town engineer and it was pointed out that as build up developed it would require a 50 to 60 foot

wide channel at the rear of Ontario St. apartments to drain the area. The channel would be gradually improved to increase its flow.

The other alternative would be to divert the water to the main stream but there was virtually no way it could be taken outside the municipality. Councillor C. Johnson questioned taking the flow down through the centre of the town but the engineer noted it would require a massive diversion to take it over to the Bronte St. area north of the Base Line to empty into the stream at that point.

Members of the Planning Board and Council agreed to a further meeting at the end of the month to receive final proposals from the groups affected in discussions and finalize the plan to permit the planner to effect the revisions.

Discussion not closed

Values peace, quiet lawyer opposes track

Another objection to the proposed Indy-type speedway between the Third and Fourth Lines of Esqueping township just north of Highway 401, was voiced as Esqueping Council held its second meeting of the new year Monday night.

Lawyer Dick Howitt, a resident of Ten Sideroad between the Fourth and Fifth Lines voiced his disapproval of the project, telling council he felt the establishment of the speedway would blemish the natural beauty of the countryside.

The project, "Experience Program" will enable students to gain valuable on-the-job experience.

Deputy-reeve Tom Hill was the first member of council to endorse the idea.

Reeve George Currie quickly added his approval. "I have no objection", he commented, "They couldn't pick on a better township!"

Reeve George Currie assured Mr. Howitt that discussion on the speedway is not closed and added that the township's agricultural holding by-law has not yet received final approval from the Ontario Municipal Board.

Mr. Howitt told council his offices are in Toronto, but explained he considers it worthwhile to commute because of the peace and quiet the area near his home offers.

Mr. Howitt said he thinks peace and quiet is sometimes taken for granted by long time residents of a rural area, but pointed out that it is very important to people who have lived in the city.

He went on to praise the natural beauty of the Kelso Conservation Area and Rattlesnake Point.

It was his conclusion that if the township wishes to encourage people to come out from the cities to reside, having a speedway would not help it.

Two thirds, fourth prizes for singers

By Hugh Cook

Halton County Junior Farmers did very well in the competitions held at the Provincial conference Saturday.

In the provincial ladies' trio competition, Halton County's entry of Janet Hunter, Nancy Mahon and Karen Campbell placed third. The Halidmand County entry of Eleanor, Marilyn and Valerie Bradford won the competition.

Barry Mahon represented Halton in the provincial vocal solo competition and came third. Cheryl Sanders from Perth County won.

The Halton County Junior Farmer Choir directed by Mrs. George Newell placed fourth in the provincial choir festival. The Oxford County Choir directed by Mrs. Marion Avey took first place.

Three members join St. Paul's

St. Paul's United Church, as part of its Sunday, Jan. 11 morning service, had a reception for three new members.

Mr. and Mrs. Gary Prevett of Fifth Sideroad and Mrs. E. James Costigan, Fourteenth Sideroad, Milton were received into the church by the Rev. C. A. Hainer, Minister of St. Paul's.
